

WAR WORK

American women nurses are installed eight miles in the rear of the fighting lines "over there." Right here at home many women should learn nursing to take care of the sick or, in emergencies, the wounded. You can learn a great deal by obtaining the "Medical Adviser" a book of 1,000 pages, bound in cloth, containing chapters on First Aid, Bandaging, Anatomy, Hygiene, Sex Problems, Mother and Babe, 200 prescriptions for acute and chronic diseases; profusely illustrated with wood cuts and colored plates. Ask your druggist or send 50c. to Publisher, 663 Main Street, Buffalo, N. Y.

If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription, which can be procured at any drug store, in either liquid or tablet form. If you wish to obtain a ten-cent trial package, send to Dr. Pierce's Invalids' Hotel Buffalo, N. Y.

The restorative power of Doctor Pierce's Favorite Prescription speedily causes womanly troubles to disappear—assists the organs to properly perform their natural functions, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets.

The Chief Interest.

At an official reception a congressman talked in a windy and grandiloquent way about our war aims, appealing every minute or two to Secretary Baker.

Secretary Baker nodded good-humoredly until the sixth or seventh appeal, when he lost patience.

"Congressman," he said, "it's not our aims that interest me. It's our hits."

Unemployment in Scotland has disappeared, due to the demand for labor.

It's Acid-Stomach That Makes Millions Sick and Suffer

Life is dark—not worth much to the man or woman with an acid-stomach. Acid stomach kills. Hope, Ambition, Energy, Courage, it saps the strength of the strongest body—impoverishes the blood—causes untold suffering—makes millions weak, unwell and brings on premature old age. You know what acid stomach does to teeth and gums—how the acid literally eats through the hard enamel, causing the teeth to decay. Just imagine, then, what have an acid stomach must do to the delicate organization of the stomach. Millions of people are weak and unwell, suffering all the time, in one way or another, from acidity or acid-stomach. They don't seem dangerously sick. Just ailing. Going through life weak, listless, dragging one foot after another. They're nervous and irritable, lack energy and power, frequently have severe attacks of indigestion, splitting headaches; subject to fits of melancholia and morbid depression. And nearly always their stomachs are out of order, even though they experience no actual stomach pain—digestion poor—never getting anywhere near the full strength from their food. So, you see, it's just this acid-stomach—that is holding so many people back—sapping the strength they should get from their food—taking away their vigor and vitality—leaving them weak and listless.

LIFT OFF CORNS!

With fingers! Corns and calluses lift off. No pain!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

Wanted—More Geese.

Geese hold a sector in the line of the poultry army that makes war against waste. When the facts are taken into consideration that the demand for geese is strong, steady, and extends over practically the whole year, that geese excel all other kinds of poultry as producers of fat, a thing of which the world stands at present in dire need, and that their value as egg producers is considerable, the importance of an adequate number of geese in the poultry scheme becomes apparent. Geese take their living in large part from grasses of the pasture and from otherwise helpless refuse.

ARMISTICE TERMS BEING WORKED OUT

CONFERENCE AT VERSAILLES AGREES UPON MAIN POINTS; COMMANDERS MUST O. K.

Expected That Allies Will Insist Upon Surrender of German Fleet and Occupation by Allied Forces of Towns on the Rhine.

London.—The Versailles conference, according to the report current in London, has agreed on the main points of the armistice terms, which will now be considered by the military commanders.

The final peace terms, it is said, will be submitted to Germany simultaneously with the armistice terms.

As part of the terms of an armistice the Evening News says it understands the allied nations will insist upon the surrender of the German fleet, including all the German submarines, and upon the occupation by allied forces of all the fortified towns on the Rhine.

Sir George Cave, the British home secretary, gave a long account in the house of commons of Germany's ill treatment of British war prisoners and her continued violation of agreements concerning prisoners of war. The home secretary declared that Germany ought to be made to pay for these violations.

Battle Against Profiteering.

San Francisco.—Formation of a proposed \$3,000,000 state-wide organization to stop profiteering in foodstuffs and reduce prevailing food prices was effected here Tuesday. Representatives of the State Federation of Labor, Federated Women's clubs, the State Council of Defense and other organizations were present at the conference.

Rumania May Re-enter War.

London.—Accumulating indications point to an early re-entry of Rumania into the war. Private advices from Bucharest state that ex-Premier Bratianu, who was virtually forced out of office by the Germans, is about to return to power. The keynote of his platform will be renewal of Rumania's war on the central powers.

Guatemala Hit by Yellow Fever.

San Diego, Cal.—Champerico and San Juan de Guatemala, Central American ports, have been placed under a strict quarantine on account of yellow fever, according to word brought here by shipping men. Salvador, Honduras and Nicaragua have put restrictions on the traffic from the two ports.

Australia Does Her Bit.

Melbourne, Australia.—Some conception of what Australia has done in the war and of the losses sustained by the commonwealth can be gained from figures which have just been issued officially. Out of a population of 5,000,000, Australia has sent abroad 336,000 men.

Rumanians Will Fight in Siberia.

Washington.—A brigade of Rumanian infantry has been organized in Siberia to fight with entente troops, according to a cablegram received Tuesday by Prof. T. G. Masaryk, president of the Czech-Slovak national council.

Becomes Linguist in Prison.

Terre Haute, Ind.—Having learned Russian, Spanish, German and French while in prison, former Mayor Don Roberts, back from Fort Leavenworth, where he was sent for election frauds, declared he will offer his services to the government.

Kaiser Abdication Rumored.

Copenhagen.—Following a meeting at Berlin of the leaders of the German federated states, the kaiser considers his position hopeless and is prepared to abdicate, according to a late dispatch received here.

Bombing German Positions.

London.—The British independent air force again has been busily engaged in bombing German positions far behind the battle line and has met with good results, according to an official communication.

Ban Put on Club Sandwiches.

New York.—Club sandwiches containing chicken or bacon, or any dishes containing more than one kind of meat, must disappear from hotel menus, according to an interpretation by the federal food board.

Cut Off From Supplies by Flood.

Asheville, N. C.—Two thousand negro soldiers and a number of white officers, employed in the Pisgah forest, have been cut off from all supplies by floods caused by heavy rains.

Turks Attack Germans.

Athens.—Rioting has broken out at Constantinople and Smyrna, according to a dispatch from Mytilene, Island of Lesbos, to the Patria. At both cities, the dispatch adds, Germans were attacked.

Excess Profits Taxes Imposed.

Washington.—Individuals engaged in business separately or in partnership will be required to pay a war excess profits tax, in addition to their income tax, under a new provision in the revenue bill.

DANDRUFF MAKES HAIR FALL OUT

A small bottle of "Danderine" keeps hair thick, strong, beautiful.

Girls! Try this! Doubles beauty of your hair in a few moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine for a few cents at any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

Lizards May Save Crops.

Lizards are used in Trinidad to combat millions of froghoppers that are now infesting the sugar-cane fields. These insects, which work devastation by sucking sap from the roots and leaves, have been known in the island for some time, but of late they have increased so rapidly that scientists have undertaken to find a means of exterminating them. One planter has established a special breeding place for lizards, which feed freely on the froghoppers. Special precautions are taken to prevent the destruction of the reptiles by birds or other creatures that might feed on them.

Get New Kidneys!

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even stone in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure.

Do not delay a minute. At the first indication of trouble in the kidney, liver, bladder or urinary organs start taking Gold Medal HAZLEM Oil Capsules, and save yourself before it is too late. Instant treatment is necessary in kidney and bladder troubles. A delay is often fatal.

You can almost certainly find immediate relief in Gold Medal HAZLEM Oil Capsules. For more than 200 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles.

It is the pure, original HAZLEM Oil your great-grandmother used. About two capsules each day will keep you toned up and feeling fine. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.—Adv.

A Close Estimate.

The Boss—Oh, yes; I suppose you're honest as the day is long. The Job Hunter—I used to be, but I haven't figured it out since the daylight saving law went into force.
