To the voters and taxpayers of  
Latah County!

One of the most important duties  
of the citizens of Latah County hav-  
ing just been performed in raising  
its quota of the Fourth Liberty  
Loan, we are certainly all grate-  
ful.

But there are other duties which  
must be met by the people of the  
county.

As Chairman of the Republican  
organization of Latah county, I ap-  
peal to you one and all before cast-  
ing your ballot on November 5th,  
1918, that you study the Republican  
ticket carefully and give it due con-  
sideration.

I point with pride to the conduct  
of Latah County, its economical  
handling by our county officials,  
and call your attention to the fact  
that it is the best governed county  
in the state. The following from  
Byron Defenbach and Sons, Public  
Accountants, who have audited  
practically every county in North-  
ern Idaho, stands as a strong testi-  
monial to the officials now directly  
responsible for handling the finan-  
ces of Latah County, and which  
statement appears in the Pocatello  
Tribune under date of Oct. 3, 1918.

"Comparing the various counties  
of the State by sections from an ac-  
countants standpoint, the broad  
general statement is made that the  
Northern Counties of Idaho are far  
superior to those of the south, and  
Latah County is pronounced to be  
the best governed county in the  
state of Idaho.

The governing power of Latah  
County has been in the hands of  
Republican Officials for several  
years, and our candidates nominated  
at the primary are known by all to  
be loyal citizens and thoroughly  
capable of handling the affairs of  
this county if elected.

Again asking your loyal support  
and favorable consideration, I am,  
Respectfully yours,  
C. A. Hagan, Chairman.

ing to the serious illness of Mrs.  
May and six children.

Here are some  
popular uses for  
Mapleine---

for desserts and puddings  
—it gives them that tempt-  
ing "mapley taste."  
to make soups richer,  
meats better and give a  
brownish tang to gravies,  
baked beans, sweet pota-  
toes, etc.

Corn syrup diluted with warm  
water and flavored to taste  
with Mapleine makes a fine  
spread for hot cakes.

**Catarrhal Deafness Cannot Be Cured**

by local applications, as they cannot reach  
the diseased portion of the ear. There  
is only one way to cure catarrhal deafness,  
and that is by a constitutional remedy.  
Catarrhal Deafness is caused by an in-  
flammation of the mucous lining of  
the Eustachian Tube. When this tube is  
inflamed you have a rumbling sound or  
imperfect hearing, and when it is entirely  
closed, Deafness is the result. Unless the  
inflammation can be reduced and this tube  
restored to its normal condition, hearing  
will be destroyed forever. Many cases of  
deafness are caused by catarrh, which is  
an inflamed condition of the mucous sur-  
face. Hall's Catarrh Cure acts thru the  
blood on the mucous surfaces of the ear.  
We will give One Hundred Dollars for  
any case of Catarrhal Deafness that cannot  
be cured by Hall's Catarrh Cure. Circulars  
free. All Druggists, etc.

That good  
Gravelly taste!

Real Gravelly is the  
common-sense chew for  
men. It is economical. A  
man gets his tobacco sat-  
isfaction out of a smaller  
chew and fewer of them.  
The good Gravelly taste  
lasts a long while. Two or  
three small squares of Real  
Gravelly stays with you

longer than a big hunk of  
ordinary plug. Each piece  
is packed in a pouch.  
These are the plain facts  
about Gravelly Plug To-  
bacco.

It goes further—that's why you  
can get the good taste of this class  
of tobacco without extra cost.
