A country editor's idea of paradise, is a place where the merchants would walk into the print shop regularly every Tuesday morning with their ad copy, legibly written, hand it to the "devil" without further ceremony, thank the editor for his kindness in allowing him the privilege of securing valuable space in the advertising columns of his paper and than as an after thought order his printing done a week or so before he needs it so that the printer might avoid the rush. If this ideal condition ever comes to pass the printshop devil will shed his horns and be a human just like anyone else. Under present conditions a country newspaper office is a fitting place for the devil—it sure is —!

The Potlatch Lumber company has installed a loading crew at the Anderson crossing on Bear Creek—Harsh's upper camp. The company has also built a slide at this point to bring the logs supplied by the ranchers of that vicinity. Fifteen or twenty men will be employed here and their gastronomic needs will be taken care of by John Collins, who is a flap-jack carpenter of no mean ability.

Harsh's lower camp is now running full blast. The donkey started this week and the camp will have a busy winter. It has a fine body of timber to work out.

Camp 6 at Helmer is one of the busiest camps in this section. A hundred men are said to be working at this camp, which is cleaning out an immense body of timber north of Helmer. Its operations will extend around Cherry Butte and Potato Hill and will continue for several years. Camp 11 has moved to a point some three miles north of camp 6.

The company is bringing logging operations to normal as rapidly as possible. The returning soldiers are relieving the labor stringency to a considerable degree, five or six hundred of whom will be employed by the company.—Latah County Press.

Linden Items

Emery Jenks of Lewiston, was on the ridge the first of the week.

There have been 34 cases of influenza reported on this ridge up to this writing.

Mrs. DeNyor of Moscow is nursing at the Foster home. Mr. and Mrs. Foster have been sick for a week and their condition is considered serious yet. The four children are getting along nicely.

Mrs. Edgar Bohn is gradually growing weaker. Mrs. Bohn from Elk River came Tuesday to help care for her.

Mrs. M. E. Newhall is nursing at the Fry home. There are eight influenza patients there.

Martin Sten who spent the holidays at the B. I. Smith home returned to Moscow Wednesday.

Juliaetta Items

Everybody is cutting and hauling ice, which is about eight inches thick and of excellent quality.

E. W. Porter left for Boise January 2 to take his place in the Senate. We think he will fill it with credit to himself and the people of this part of the state.

Columbus Clark will go to Moscow January 13 to take his place as county commissioner for this district. He will no doubt make a good commissioner for the county. If he uses the same judgement in the affairs of his office as he does for his own business we may feel pretty safe.

J. L. Woody will be our next Sheriff and a good one. We are satisfied that John will bring them in if they have to come.

There are 35 cases of flu on Fix ridge and some of them pretty bad ones.

At Juliaetta the morning of January 7, 1919, at 9 a. m., B. N. Trout passed away after a long and patient illness. He was a charter member of the I. O. O. F. Lodge at Juliaetta and the funeral will be

conducted by the Lodge from the lodge rooms.

Mr. Trout was born in Centralia, Ill., Feb. 28, 1847. He leaves to mourn his loss a wife and son, Harry of Sandpoint, Idaho, and Mrs. Daisy Frang, a daughter of Spokane, Wash.

Leland News

Myron Baack and Walter McGhee left last Friday for Milton where they have entered college for the remainder of the school year.

A daughter was born to the home of Angus Fry on Jan. 2.

Ralph Smith returned last week from "somewhere" in California where he had been in the army service. He and Howard have entered school in Moscow.

Miss Norma Coyle of Milton, Ore., visited friends at Leland New Year's day.

A watch meeting was held at the parsonage to observe the passing of the old year into the new.

Hugh Parks visited relatives at Peck during the holiday season.

Leo Graw has returned to Leland after an absence of more than a year. While away he visited with his people in Penn. We won't tell all he may have done, but just the same we assure him he is heartily welcomed back by a host of friends.

Miss Stella Shelby of Southwick is visiting at the M. Woodward home. She intends, within a few days, to go to Moscow for a while.

George Flesman of Camp Lewis was here for a few days during the holidays.

A. W. Hile visited his sister and her family at Dayton, Wash., for a couple of weeks during the Christmas season.

School is in session again, and it is to be hoped will be able to continue till the end of the school year without interruption.

James Hamilton and his sister, Marie, were visitors on Big Bear ridge the past week.

Claud Craig and Mr. Felberth are making use of the cold weather, to fill their ice-houses with a goodly supply of the frozen stuff.

The flu and smallpox have subsided very materially, in fact at present there is no flu in or about Leland, and only one smallpox patient, and she has almost entirely recovered.

Death has once more entered our community. This time, claiming the eldest daughter of Mr. and Mrs. Henry Peters, who was stricken with influenza on Christmas day, lingering between hope and fear for the past two weeks when pneumonia set in in a very grave form. At a little before 10 o'clock on Wednesday, January 8th death relieved her of her suffering and her sweet spirit took its flight from the body to enter upon that life immortal within the Heavenly City of God.

Yes, Annie was a good girl. Her chief ambition was to be a Christian, and live for that eternal world. Anna Elvina Peters was born in a November day in 1904. She was of a kindly disposition and loved by a host of friends. She is gone from us. But we mourn not as they who

have no hope, for the word assures us that "They who deny will have eternal life."

The family have the profound sympathy of the community.

CARD OF THANKS

We wish to thank our friends and neighbors for their kindness and help during the sickness and death of our dear boy, and also for the beautiful flowers.

Mr. and Mrs. Wm. Gentry.

American Ridge

Of late we have missed the jottings of your weekly correspondent on the ridge. There is, therefore, a slight possibility for a self-appointed service of a correspondent in this field to supply the temporary lack of news from the ridge.

Frank Bencoter had official business on Little Bear ridge where the finest residence on the ridge, the Hupp place, has had a small fire. He is president of the Mutual Farmer's Fire Insurance Co., and it is his duty to assess the damage and levy the amount necessary to cover the loss.

Mrs. William Cain had a unique Christmas present from one of her Rhode Island Red hens. She presented her with 13 brand new little chicks, from a nest she had stolen away.

Now as to the New Year. Don't swear off but make up your mind to try your hardest to do better every day of the new year than you have been doing. Stick to this aim, make yourself happy not only on the first day of 1919, but every day as they come along and pass. Always make today the best you have ever had—better than yesterday.

Now for some of the best lines from Oliver Wendell Holmes, apropos the season:

"Build thee more stately mansions, Oh my soul,
As the swift seasons roll!
Leave thy low vaulted past!
Let each new temple nobler than the last,
Shut thee from Heaven with a dome more vast,

Till thou at last art free,
Leaving thine outgrown shell by life's unresting sea."

Walter Bigham writes from France that he is in some country and there are lots of deer and wild boars. He probably is in eastern France.

Pete Bencoter wrote home from France, where he is stationed six miles from Bordeaux, that he is O. K., and that every day thousands of troops are shipped from Bordeaux to the States. He does not know when he will be sent home. Where he is now stationed they had no frost up to December 11.

Last Sunday they had it on the program for a modest bachelor dinner at the Bob Cain place, while Bob was away at Nampa. The partakers of the feast were Paul Manley, Walter Bencoter, Clyde Coon, Mike Keneely and "Billy" Hoffmann. Following was the bill of fare:

Appetizer: Pimento cheese and crackers. Main drive: Roast pork with gravy, baked Irish and sweet potatoes, stewed onions, raspberry jelly, biscuits and butter. Drinks: coffee, chocolate and cold water. Dessert: Fruit cake and then cigars.

What About 1919?

Time is preparing to ring down the curtain on 1918:- the most momentous year in the world's history:- momentous because of the fight made for an ideal.

That fight was won as largely by well marshalled financial power as by our embattled manhood.

If, through lack of preparation during previous years you were unable to do your share, you can at least remedy the condition in the future.

To a large extent our actions govern our destinies.

1919 can be made safer, surer and less a guess by proper financial methods.

A Savings account with this institution is a long step toward the solution of problems of the future; a sheet anchor against sudden storm.

We welcome conference at all times.
