Memorial Day.

Blackfoot was true to the observance of Decoration Day. May it ever be true to the day as long as gratitude endures and flowers bloom. The touching service in commemoration of dead soldiers had its birth at Richmond Virginia. It was taken up by the North, the East and the West and to day, everywhere in our broad land it is a day of like observance to all.

The dead who sleep in the National cemeteries at Gettysburg, Arlington, Winchester, Fredricksburg and Hollywood Richmond, where a monument built after the style of the pyramids of Egypt, from whose heights centuries look down on the valley of the Nile and dedicated to the "Unknown Dead" are all remembered and their graves are strewn with roses, lilies and heliotropes.

The Grand Army post of Blackfoot held appropriate services in the opera house and after patriotic speeches and songs a procession led by a band of veterans visited the cemetery and strewed the graves with flowers. Every year the graves grow more numerous, every year the number of old soldiers grows less and less, but may the last one, the last survivor, have the satisfaction of seeing the day as patriotically observed as when the ranks were full and hosts fell into line at beat of drum.

An Ugly Kick.

Tuesday morning when Ed Watson was hitching up his wagon team, a team that he had been driving for years and years, and which he considered as gentle as old dog Tray, one of the horses began kicking him most viciously and before Mr. Watson could get out of danger he was kicked on the leg fracturing the bone, and also on the head, causing an ugly wound over the eye. No reason can be assigned for the kicking, the horse has always been considered one of the gentlest in town.

Big Failure at Pocatello.

The Pocatello Furniture and Hardware Co., L. A. West, manager, was attached for about \$14,000 Monday afternoon. The liabilities of the firm are placed at over \$20,000; assets about \$25,000. The friends of the company regret that after so many years business at Pocatello, they should have been forced to the wall under the squeeze of tight money matters.

Returned With Victorious Eagles.

Blackfoot's base ball boys returned from Idaho Falls Tuesday evening with victorious eagles. They met the Idaho Falls nine upon their own grounds and conquered them. They went, they played, they won. The Saturday before, the Pocatello nine came up to Blackfoot and played our boys. They returned home as messengers of the tidings: "We were not in it."

The two victories make the Blackfoot boys the champions in the great Snake river valley. Hurrah for our victorious nine! Long may they wear the honors won; long may they be the champions of the field!

Deputy Sheriff Devinney captured three freight car robbers Saturday and landed them safe in jail. They had entered the car at Ogden and during their ride to Blackfoot had opened boxes and selected such goods as their fancy led them to take. On reaching Blackfoot they began peddling teas. Sheriff Woodin placed his deputy on their track and they were soon captured and taken in. Monday they had a preliminary hearing before Judge Stevens and pleaded guilty to the charges made. They will remain in jail until the fall term of the district court and then go over the road to the pen.

All next week a big reduction in ladies satin and calico waists, both black and colored. Mrs. HOLBROOK.

Excitement in Boise.

Special to BLACKFOOT NEWS. BOISE CITY, June 1.—There was great excitement here this afternoon. A fistcuff between General Pride and Cobb of the Statesman, and later between Pride and Balderston of same paper. Pride was victor. Public sentiment seems to be with Pride. Difficulty grew out of an article in Statesman reflecting on Pride as orator Decoration Day.

The Election of School Trustees.

The election for school trustees for the Blackfoot district next Monday is a most important one. There are several reasons which make it so. The first duty of the board to be elected will be to superintend the building of the new brick school house now under contract. This building if constructed in accordance with the plans and specifications, will be the pride of every citizen of the district. Great care should then be taken in the building and if possible, it should be made ready for the opening of the fall term of school September 1st.

Upon the new board will devolve the election of teachers for the next scholastic year. An extra good corps should be employed for this term. Blackfoot has some apt sprightly children, quick to learn and eager to learn. With the advantages and comforts of the new building and with a good corps of teachers the advanced pupils particularly can accomplish much in the next year or two of the school life allotted to them.

Blackfoot must be made an educational center. It must be made the best educational point in the great Snake river valley and along the line of railroad from Ogden to Montana. Let our people then who are voters, freeholders and heads of families have an eye to this and turn out next Monday and vote for a number one board of trustees.

Personal Paragraphs.

Rev. J. M. Wilder and family visited Ross Fork Monday.

W. A. Davidson, formerly of Cassia County Times, will begin publication of Fremont County Democrat at St. Anthony about 15th of June.

Mrs. Wm. Kirkpatrick has been quite sick for the past week but has symptoms of improvement and recovery.

Mrs. Mart Patrie is improving nicely and will soon be well again.

Dr. Miller, of Ross Fork, was called to render surgical aid to Mr. Watson when hurt by his horse.

Contractor Quantrell will push the work on the new school house.

A Big Contract.

Fred W. Vogler, of Blackfoot, has just been awarded the contract for supplying Fort Hall Indian agency and Fort Hall Indian school with beef for the next year. The contract calls for 378,000 pounds. We congratulate Mr. Vogler and hope he may realize a handsome little pile of golden shekels for his trouble.

Want of money with which to enforce the Geary Chinese exclusion law has left that act in a state of suspended animation. At the same time an effort will be made by the Treasury Department to enforce some of the provisions of the law. This is indicated in a letter addressed to the Collector of Customs at New York by Secretary Carlisle this week. In this letter the Secretary recalling the provisions of his late circular instructing officers of the department to refrain from making arrests under the provisions of the exclusion law until otherwise directed, declares that that order remains in force as far as it applies to Chinese persons who have failed to obtain certificates of residence under the provisions of the sixth section of the act, but who otherwise would have a right to remain in the United States.—Bradstreet's.

The success of some farmers is made up by avoiding the mistakes of others, and one advantage in reading good farm papers is in seeing the mistakes of them and avoiding them.

Advice to Young Men.

President Porter, of Yale, gave the following advice to the students of that institution:

"Young men, you are the architects of your own fortunes. Rely upon your own strength of body and soul. Take for your stars self-defence faith, honesty and industry. Inscribe on your banner, 'Luck is a fool, Pluck is a hero.' Don't take too much advice—keep at your helm and steer your own ship, and remember that the great art of commanding is to take a fair share of the work. Don't practice too much humanity. Think well of yourself. Strike out. Assume your own position. Put potatoes in a cart, over a rough road, and the small ones go to the bottom. Rise above the envious and jealous. Fire above the mark you intend to hit. Energy, invincible determination with a motive, are the levers that move the world. Don't drink. Don't chew. Don't smoke. Don't swear. Don't deceive. Don't read novels. Don't marry until you can support a wife. Be earnest. Be self-reliant. Be generous. Be civil. Read the papers. Advertise your business. Make money and do good with it. Love your God and fellow men. Love your country and obey its laws."

Silk mitts and gloves a specialty. Mrs. Holbrook.

Here is one of the biggest old fools we have yet heard of. We are told, however, that his children have interfered to prevent him from carrying out his idiotic whim. Jonathan Stanhope, a wealthy and eccentric, widower 84 years old in Wayne county, applied to the postmaster at Richmond last week, for \$3,800 worth of one, two and five cent Columbian postage stamps, to paper his parlor with. He was determined to have them and deposited the money for their purchase.

Mrs. F.—was a happy mother, who had been blest with a half-dozen boys, more or less, of whom she was justly, very proud; but there was no daughter in the house. On one occasion, when the minister called to see her, he praised her thriving family, but added: "It's a pity, Mrs. F., that one of them wasn't a girl." Little Lute, one of the younger ones, sitting by in his little rocking-chair, looked up with a frown, and surprised the clergyman by saying: "I don't know who'd 'a' been her. Frank wouldn't 'a' been her, and George wouldn't 'a' been her, and I wouldn't 'a' been her, and I don't know who would 'a' been her."

Just received a new line of black lawns and black satens.

Mrs. HOLBROOK.

Mamma, may we play at keeping a store here?

Yes, but you must be very, very quiet.

Well, said wise Tommy, we'll pretend we don't advertise, and you know people that don't advertise don't do any business.
