BLACKFOOT, IDAHO, SATURDAY, SEPTEMBER 1, 1894.

NO. 13

**WEEK'S NEWS IN BRIEF.**

Harrington, of Fremont county, is preparing to start a beaver ranch. Inspectors in the Teton country returned with fisherman's luck. Accident Cleveland has returned by Gables for the summer. H. Biethan is excavating for a brick store. An asylum force is putting up a kiln of brick. Mrs. Rogers will return to St. Joseph's school, Boise City. The Indian school at Fort Hall will be opened on September 1st. Mayor Dubois is expected to visit Blackfoot next week. A scandal in robbery, the report is always as bad as the thief. A big crop in Idaho may be counted on the farmers' speeches in behalf of immigration. Gagon requests us to announce there will be regular services at Baptist Church next Sabbath. The Hillsboro, Texas, congressional convention 3336 ballots were cast without reaching a nomination. Biethan will be the new post office between Blackfoot and Boise Falls and St. Anthony will be "contending" as one another by November election day. The Populists of Bannock county will hold their county convention at Blackfoot, September 15th. An infant son of Mr. and Mrs. Perry died at their home in Potato last Thursday evening. Attend the "white and gold" social at the opera house, Tuesday evening. Somebody has said, and truthfully, that men's sins are before our eyes and our own behind our back. A letter is quoted to-day at 66. Still read and upward. The new Indian agent is expected to reach Ross Fork in a few days. Mrs. Root Beer, 25 cent package 15 cents. Pioneer drug store. Senator Shoup is on his way home to Washington. He will take an active part in the coming campaign. September has come and with it the season for the oyster, the hunt for the teacher. Dr. Woodburn and wife, of Marysville, Wyoming, are visiting friends at Blackfoot. George Wintle, of the West Side, came as a Mormon missionary to the Southern States. A whole block of unoccupied buildings was burned in the town of Shoshone a few days ago. Deputy U. S. Marshal Exum of Blackfoot, was in Blackfoot, Thursday, in business with the land office touching his entry at Bancroft. Five hundred fishing poles, your choice for 25c. at Pioneer drug store. C. E. Hamilton, elocutionist, entertained an audience of our people at the Opera House Monday evening several well rendered selections. A large Wheeler of the Idaho Falls store came down Wednesday and looked the cool refreshing shades of Shrove City. It seems to be conceded by Republicans that Geo. F. Gagon will have the right of way to the nomination of county auditor and recorder. O. R. Hale, editor of the Cassia county Times, has been appointed postmaster at Albion. Congratulations to you, brother of the quill. Price's Cream Baking Powder won a Fair Highest Medal and Diploma. The young men of town will give a social dance at the Opera House, this Friday evening. A cordial invitation is extended to all to attend.

Jack Hayball, through the assistance of Mr. Beane, has gotten the appointment of harness maker at Fort Hall Indian school. The members of the Baptist Sunday School gave a picnic at Downing's ranch, on Blackfoot river, last Thursday which was well attended by the young people of town. St. Teresa's Academy, Boise City, will reopen Tuesday, September 4th. This is an excellent school and pupils are given every advantage of a thorough education. Capt. James Gunn has resigned the editorship of the Boise Sentinel that he may take the stump in the campaign. The county campaign in Bingham will be made short and sweet by the three parties. Neither one of the parties will place a ticket in the field until late in September. Value the friendship of him who stands by you in the storm; swarms of insects will surround you in the sunshine. Dr. W. A. Dodge will leave to-morrow morning for the Grand Army Encampment at Pittsburg, Pennsylvania. He will return by way of Kentucky and will be absent about six weeks. Mr. Hinkle, Sr. will, we understand, leave in a short time for Menan, Fremont county, to take charge of the new flouring mills just being completed at that place. The young ladies social society of the M. E. Church will give a "white and gold" social at the opera house on Tuesday evening, Sept. 4th. Refreshments will be served. Everybody invited. Smoking Tobacco, Granulated Duke's Mixture 2 ounce Package and Package Cigarettes only 5 cents at Bunting's. Shiloh's Vitalizer 75c. bottles for 50c. at Pioneer drug store. Charlie Berryman will leave tomorrow for Logan, Utah, to resume his studies in the Agricultural college. When he returns next June he will bring with him his honors and his parchment of completed studies. Governor Waite, of Colorado, does not wait long to keep himself before the public. He is now under arrest on the charge of opening a letter addressed to the police matron of Denver. Diamond Wall Finish and Alabastine 50c. package, Pioneer drug store. J. C. Elder, Democratic nominee for the supreme bench, is comparatively a stranger in southern Idaho. To know him will be to appreciate him. THE NEWS publishes a brief sketch of his life in Idaho on another page of to-day's issue. School begins next Monday. It is important for all the pupils who can to be present the opening day. Pupils will be assigned their desks, classes will be formed and the general work of the term begun. Once behind it will be hard for a pupil to catch up with the morning column. CARD OF THANKS—Dr. Dodge desires us to express to his friends and acquaintances his sincere thanks for their kindness and sympathy to him in the illness and death of his mother, and to say that he will ever cherish the same in memory. The story given out from Denver in press dispatches to the effect that Rev. J. M. Wilder, pastor of the M. E. church, of this town, had indulged in a poker game while resting in that city and had lost all his ready money is totally wanting in truth. THE NEWS is in possession of the fact that the reverend gentleman was boldly robbed of his money and did not lose it at cards as was given out to his injury as a minister and a christian gentleman. In the near future THE NEWS will give the truth of the whole affair as it occurred at the time.

**With the Great Majority.**

Mrs. Dodge, mother of Dr. W. A. Dodge, died Monday morning at 7 o'clock, August 27th, 1894. The deceased was sick but a short time. Her funeral took place from the family residence, and her remains were followed by a long procession of sorrowing friends to their last resting place in the Odd Fellows' cemetery.  
Supposed to be Drowned  
Early Monday morning of this week Henry Briley, a young man, living with his brother-in-law, Bert Pierce, on the West side of Snake river, attempted to ride across the river to an island for the purpose of driving some cows home. In a short time after leaving the house, his horse returned greatly excited and wet as if he had been in deep water. Mr. Bert Pierce became alarmed and at once went to the river and began search and was joined by others but up to to-day, Friday, no clue has been found of the missing young man. All the neighbors have turned out from day to day and the search has been continued along the banks of the river for miles below but in vain. Snake river is a treacherous stream and the young man knew it. He was warned by his sister, Mrs. Pierce, not to attempt to swim the main channel to the island, but having confidence in himself and his horse he heeded not the warnings and appeals of his sister but ventured forth and it is now feared with fatal results.
