For the past ten years I have carried them constantly with me, getting instant relief by using one or two on the approach of headache. They are also effective for neuralgia, giving immediate relief."

A PIANO FOR YOUR PROMISE

That is what it amounts to. We require only a little money and you give us your written promise to pay what you and as you can. We do not take a series of notes as many piano dealers do. You simply sign a contract, which is not a mortgage on all you own or ever expect to own.

In buying through us you are dealing with the FACTORY that made the piano. We never sell, trade or discount the paper you give us. Your dealings with us are confidential.
Any salesman can tell you many nice things about the piano he wants to sell you, but how many of them know any more about the inside of the piano than you do, and he cannot sell you a better instrument than the factory manufactures, so after all it all rests with the FACTORY just what kind of a piano you get.
We do not hold so called SPECIAL SALES, but our prices are lower at all times, insuring a saving of from \$100 to \$200 in the purchase of a piano and this amount applied on the purchase price, makes it within the reach of all.

Another car of new, high-grade pianos in all the latest styles and woods has just been received. Come in and let a factory man show you what good piano construction is. Make your selection for that Christmas gift now while the line is complete. Pay a small payment down and we will deliver the Piano Christmas morning. Straight forward business methods at all times and THE BEST PIANO IN THE WORLD.
