SEWER WORK BEGINS MONDAY

Contractor J. A. Clarke, of the Lewiston down-town sewer system, arrived in the city this afternoon and stated he expected to resume work on the sewer as early as next Monday.

All of the equipment necessary to the construction work is now on the ground and all that remains before work is inaugurated is the gathering of a crew of men.

Mr. Clarke is now in the city for the purpose of securing men and expects to have the work under way by the first of the week.

OMAHA LINE REDUCES RATES

LINCOLN, Neb., July 5.—In accordance with the requirements of the new maximum freight rate law, the Minneapolis and Omaha railroad today put into effect its new schedule of freight rates for Nebraska, reducing all tariffs 15 per cent.

The rates are also made to apply to and from Sioux City, Council Bluffs and the Missouri valley in Iowa.

FAVORITE SUMMER RESORT.

State House at Payette Lakes Still Open for Business Despite Reports.

LARDO, Idaho, July 5.—Editor Evening Teller: Notwithstanding the article copied from the Lardo Advocate and published in the Lewiston Morning Tribune of June 20 in regard to the State House and its financial condition we wish it known that we are still doing business at the same place and will be pleased at any time to meet any of our friends and patrons from the Lewiston country. The article in question is a total misrepresentation and does an injustice to the present managers of the hotel in question.

The letter was received from Louis Baird, who, with his father, is the lessee of the State House and owners and managers of the stage route from the Meadows in Washington county to Warren. The hotel is on Payette lakes and is one of the best known summer resorts in Idaho. Many south Idaho people spend their summers at the lakes and the resort is attracting tourists from out the state.

Clarkston Citizens Report Pleasant Outing at Several Celebrations

Clarkston Bureau Evening Teller.

CLARKSTON, Wash., July 5.—Most of the population of Clarkston has returned from the various towns where they spent the Fourth. The majority of the Clarkston people went to Asotin, and they were well represented in the sporting events that took place yesterday, as several Clarkston boys captured first and second prize money in a majority of the events.

Others returned late last night and early this morning from Waha, where they spent the day. They report the weather to be very cool at that place, and if it had been a few degrees colder last night ice would have frozen on the lake.

W. P. Cope, who was injured recently at Asotin by falling from a scaffolding 16 feet high, is able to be around, but is still very weak. He had no bones broken, but his injuries seem to be of an internal nature. Mr. Cope was working on the Christian church, now under construction at that place, at the time of the accident.

Clarkston News Notes.

Miss Mary Leonard came in from Milleville, Minn., this morning to visit Mrs. John McAssey for a short time.

C. Murdock and wife and Ira Rooker and wife, spent yesterday at Anatone. They report a fine time, and that the celebration was well attended. The automobile, which was hoped to be in readiness to run for the Fourth, for some reason was not able to run, and the people drove up in buggies. Mr. Murdock says that a large delegation from Clarkston celebrated at Anatone.

Professor Morley and wife, who have been visiting Rev. Hood for the past three days, departed this morning for Moscow.

Mrs. C. O. Butts, of Motor, Mont., arrived in the city to visit W. M. Van-nest.

A. E. Ransom arrived yesterday from Sumpter, Oregon, where he has been most of the winter.

Mrs. L. E. Bryant will leave tonight for Elgin, Minnesota, where she expects to visit for the next two months. Miss Ione Anderson will leave to-

night on the Owl train. She is book-keeper at the J. W. Billups' store.
