O. A. KJOS

Acknowledged the superior of all makes. The easiest handled, lightest draft, most durable and turn the soil perfectly. Can be adjusted to work on side hills, where others fail. Have dust proof hub bands and many points of superiority over all others. Made in all sizes with STEEL or CHILLED bottoms and Riding Attachment. Compare them with others and see them work and you will buy a Canton. Manufactured by PARLIN & ORENDORFF CO., CANTON, ILLINOIS

A Car Load Just Arrived

CANTON DISC HARROW.

Is all steel, which makes it very strong and durable. It is simple in construction and has few parts to wear than any Disc made. The chilled journal bearings are entirely dust-proof and can be easily oiled. There is absolutely no end thrust to wear on the bearings. The gangs are so arranged that they cannot raise out of the ground in the center, but easily adjust themselves to dead furrows or low places in rough ground. A trial will convince you that the Canton is without an equal. Manufactured by PARLIN & ORENDORFF CO., CANTON, ILLINOIS.

NO FUSION AT BOISE

But Prospects are Brighter than thist ime Yesterday.

AMERICANS HANDICAPPED

In Their March to Pekin without Proper Equipment—Slept in Rain Without Cover.

BOISE, Idaho, Aug. 31.—The executive committee of the silver parties are still at work, without having accomplished any tangible results. It is said, however, that prospects of reaching a fusion have improved since last night.

PEKIN, Aug. 31.—(By post via Tien Tsin)—One disadvantage Americans had during the hard march to relief of Pekin was that their transportation wagons were late in arriving. The Ninth infantry possessed the only one which had arrived at Tien Tsin in time for starting.

The supplies were divided among the soldiers of the Ninth and the Fourteenth and a battery. The Americans, with haversacks, blankets, and tent rolls, started under the heaviest loads, but they were soon stripped to fighting trim, preferring to forego their blankets rather than sweat under them. During the last two nights of the march they slept in the rain without any shelter or cover. One night the wagon train lost the road and passed the American camp. The drivers plodded along in the darkness and rain for four miles. They might have driven into the Chinese camp; but, fortunately, the Russians stopped them just in time.

Preparing for War.

NEW YORK, Aug. 31.—The increased interest in military affairs resulting from the Spanish-American war and the armed conflicts now in progress in South Africa, China and elsewhere is manifested by the unusually large number of participants in the annual rifle competitions which commenced today at Sea Girt, N. J. More states are represented in the list of entries than ever before. In the Hilton trophy match the contestants include national guardsmen from New York, New Jersey, Massachusetts and the District of Columbia. Illinois and Minnesota have also expressed intentions of entering the contest. In the revolver team matches will be seen representatives of the militia of Massachusetts, Georgia, New Jersey and Maryland. The competitions will continue for ten days.

Sensational China News.

NEW YORK, Aug. 29.—A dispatch to the Tribune from London says:

No information can be obtained here of various sensational stories telegraphed from foreign capitals in reference to the Chinese question. There is a report from St. Petersburg that a battle has taken place within the walls of Pekin and that the allies were compelled to fall back, losing 1800 men. This alarming story produced no effect on the stock exchange or elsewhere, because it was not believed or is there anything to support the statement cabled by a Washington correspondent to a London newspaper that Russia has informed the United States government that she propose to annex Manchuria.

But whether any such declaration has actually been made to any power, not much doubt is felt that it embodies Russia's intentions, subject only to her ability to meet the opposition which the annexation of Manchuria would be sure to encounter from Japan. In fact, the process has already begun since Russia is quietly assimilating Chinese territory south of the Amoy river.

In some quarters it is thought that the landing of Japanese troops at Amoy is the Japanese answer to these Muscovite

moves. The British consul at Shanghai has been appealed to by the viceroy of Foo-ken to prevent this aggression. The Tokio government may reply that if the integrity of the government of China is inoculated by Russia that Japan is also entitled to seek acquisitions in the Celestial kingdom.

Some outspoken critics here are beginning to recognize that the outcome of the present crisis will eventually be that slices of Chinese territory will certainly pass into possession of Russia, Germany and Japan. The first named will seize Manchuria on the plea that China declared war and invaded Siberia, Germany will claim Shan Tung as indemnity for Baron Von Ketteler and Japan will take Corea if she can get it, or, if not, Amoy. What the British policy will be in this event is not known.

END OF HORTON LAW.

Legal Prize Fighting no Longer Permissible in New York—A Rich Harvest Reaped for Many Months Past.

NEW YORK, Aug. 31.—At midnight tonight the Horton law, which has made prize fighting permissible in the metropolis and throughout the state of New York, ceases to exist, and simultaneously the Lewis bill prohibiting pugilistic contests becomes a law. For many months past the fight promoters and the fighters have reaped a golden harvest in this vicinity. In fact, the field for money making in this direction was the richest ever known in the annals of prize fighting in this or any other country. In New York City prize fights have been pulled off at the rate of a dozen a week, and within a period of six or eight months every big fighter of prominence in the country has been seen in the ring of one or another of the so-called clubs that have flourished like green bay trees under the protection of the Horton law. The new condition of things is a serious blow to those financially interested in the sport. No new field promising satisfactory financial returns is offered to them. There has been some talk of migrating to Connecticut, where twenty-round contests are still permitted, but the citizens of the Nutmeg State have not taken kindly to the suggestion, and furthermore the chances of getting together a paying crowd for a big fight in Hartford or Bridgeport are not particularly bright. Chicago, Boston, Philadelphia and other large cities limit the fights to six rounds, while New Orleans, once the paradise of the fighters, continues to frown upon the sport. Altogether San Francisco seems to offer the best inducements and it is probable that a number of the fighters and their managers will turn their faces westward next week.

To Release Paul Corcoran.

BOISE, Idaho, Aug. 29.—Today A. A. Fraser made application to Chief Justice Huston of the supreme court for a writ of error in the case of Paul Corcoran, the north Idaho dynamiter, who is serving a term in the state penitentiary. A constitutional question was raised, it being claimed that Corcoran had been denied compulsory process of the lower court. The chief justice denied the application, Attorney Fraser will leave shortly for Washington to lay the matter before the United States supreme court.

Suits have been commenced in the United States court to recover the value of a large amount of timber cut from government land in Fremont county. The United States is the plaintiff in each case and the defendants are the St. Anthony Railroad company and the Thompson Mercantile company. In each case judgment for \$21,640.70 is asked. Nearly 2,000,000 feet are alleged to have been illegally cut in each case.

Abundant Apple Crop.

COLFAX, Wash., Aug. 29.—The fall apple crop is now being gathered in the Palouse country and an abundant harvest is assured. The apples are unusually large and of excellent quality and the yield is as large as was ever known. The price is also good, and growers are assured a good profit from the industry which is becoming a matter of no small importance in the Palouse country, the total receipts from apples grown in Whitman county this year is estimated at from \$150,000 to \$200,000. This, of course, includes all varieties, of which the winter apple crop far exceeds the crop of fall apples. The fruit finds ready sale in the Coeur d'Alenes and British Columbia mining districts and Montana. Many carloads will be shipped daily from different points in the Palouse country from now on until the season closes.

HAS NO DESIGNS

Russia Wants No Territorial Acquisitions in China.

STANDS ONLY TO RELIEVE LEGATIONS

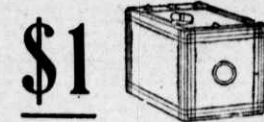

Acted with the Other Powers to Relieve Legations and Help China.

WASHINGTON, Aug. 31.—The state department has just made public the text of the Russian proposal and its own response. The substance of the Russian proposal is as follows:

Russia has no designs on territorial acquisition in China. Equally with other powers now operating there Russia has sought safety for her legation at Pekin and help for the Chinese government to repress trouble; that, incidentally to necessary defensive measures on the Russian border, Russia has occupied New Chawang for military purposes, and as soon as order is re-established will retire her troops from it, action of the powers be no obstacle thereto; that the purpose for which the various governments have co-operated for the relief of the legations at Pekin is accomplished; that taking the position that as the Chinese government left Pekin there is no need for her representatives to remain. Russia has directed the Russian minister to retire with his official personnel from China. That the Russian troops will likewise be withdrawn. That when the government of China shall regain the reins of government and afford authority with which the other powers can deal and will express a desire to enter into negotiations. The Russian government will also name its representatives. Holding these views and purposes Russia expresses a hope that the United States shall share some opinion. The government of the United States received the news with much satisfaction, reiterated the statement that Russia has no design for territorial acquisition in China, that equally with the other powers now operating in China, Russia has sought safety for her legations in Pekin, to help the Chinese government to repress the existing trouble.

Celebrating Queen's Birthday.

THE HAGUE, Aug. 31.—All Holland made merry today in celebration of the twentieth birthday of Queen Wilhelmina. In every city, town and village of the Netherlands there were public rejoicings and special festivities in observance of the day. In the capital and that Scheveningen, the fashionable summer resort

BUYS ONE OF EASTMAN'S BROWNIE CAMERAS

ONE ROLL OF FILMS INCLUDED... SEND US ONE DOLLAR IN STAMPS AND WE WILL MAIL IT TO YOU, POSTAGE PAID

Owl Drug Store

WHOLESALE AND RETAIL

and Amsterdam, the celebrations were especially notable. It was recently stated on what appeared to be good authority that Wilhelmina was to wed Prince Adolph Frederick of Mecklenburg, and it was thought she might signalize the day by making a public announcement of her betrothal. No such announcement was forthcoming, however, and apparently the young queen is not yet ready to embark upon the matrimonial seas, despite the fact that rumor has had her engaged to no less than ten princes since she reached her majority and ascended the throne two years ago.

Germany to Investigate It.

BERLIN, Aug. 30.—The delegation of Germans who recently arrived here from the Transvaal to lodge complaint with the German foreign office regarding the treatment of Germans there by the British has already been received by the foreign office. After investigating the grounds of the complaint the foreign office will bring the matter to the attention of Great Britain.

Cyclone Struck Making.

MAKING, Aug. 30.—A cyclone that visited Making last evening did more damage than seven months' bombardment. It blew down or unroofed numerous buildings and leveled the military camp hospital, causing much suffering among the sick and wounded. One person was killed and two were injured, and there were many narrow escapes.

Sons of Veterans Found a College.

CHICAGO, Aug. 31.—With an asset pledge amounting to upwards of \$50,000 the sons of veterans are making active preparations to begin on a national college which is to be dedicated to the Grand Army of the Republic in commemoration of the men and women of the civil war.

Six Day Bicycle Race.

SPRINGFIELD, Mass., Aug. 29.—The second hour's race in the six-day contest at the Coliseum tonight was marred by two accidents to Burns W. Pierce's wheel, necessitating stopping the race and restarting it. The standing to date: Walthour, 67 miles, 190 yards; Pierce, 66 miles 5 laps; Caldwell, 65 miles 270 yards.

Suits Against the Paul Mohr Road.

PORTLAND, Aug. 31.—Five attachment suits have been filed against the steamboat now being constructed here for the Central Navigation & Construction Co. Suits which aggregate \$9,500 have been instituted to collect bills for material used in the construction of the boat.

Great Panic in Amoy.

LONDON, Aug. 31.—There is a great panic in Amoy, according to a Hong Kong correspondent of the daily mail, wiring yesterday, owing to the landing of the Japanese. The Chinese are leaving and thieves are looting indiscriminately.

ANNOUNCEMENT.

The undersigned hereby announces himself as a candidate for state senator for the seventeenth senatorial district comprising the county of Nez Perce subject, however, to the action of the republican county nominating convention, which convenes in the city of Lewiston, Idaho, on the 6th day of September 1900.
