A large new stock of wall paper at T. T. Danilson & Co.'s this week.

A. E. Callaway has been circulating a petition during the week praying for the formation of a new school district out of the present one. The new district will be two miles square, with Caldwell in the center.

The funniest thing in this part of Idaho is to see Hon. Homer Stull come down from Boise in a brown flannel shirt and his pants in his boots. Those who knew him when he was the Lord Chesterfield of the Omaha Herald years ago are shocked, to say the least.

Abel Howard, aged 81 years, 1 month and 11 days, died at his residence near Caldwell February 5th, 1884. The funeral took place Wednesday, the remains being interred in Canyon Hill cemetery. Mr. Howard was for thirty-five years a member of the Christian church.

Within a few days there will be an important change in the trains on the Oregon Short Line. The trains from Granger will run to Weiser direct, and only a branch train will run between Shoshone and Hailey. This is only "talk," as yet, but a few days will tell the tale.—Hailey Times.

Shoshone is to have a newspaper, to be run by Mr. W. C. B. Allen, late of Omaha. Shoshone will find him the right sort of a man. Of all the boomers on the earth, he is the greatest. But for all that, he is a good man for Idaho and we give him welcome to the territory. He already owns two or three papers in Nebraska, and what he does not know about the business isn't worth knowing.

Fred Hoffer, who has resided in this place since it was a hole in the ground, took a trip to the country a couple of weeks ago and returned on Sunday last. During his absence he visited Sucker Creek, where he has a band of sheep, and subsequently went to Caldwell. He likes that place and thinks it will be a good town in a short time. He is much improved in health and feels much better than when he left.—Avalanche.

## AN UNFORTUNATE AFFAIR.

A very unfortunate affair happened in Caldwell last Saturday that came near having a fatal termination. Joe Cuthbert and W. P. Jones each owned an interest in a pool table that stood in the Senate saloon, closed a few days before. One desired to move it to another place and the other objected. Hot words ensued and Jones drew a knife and cut Cuthbert on both arms, as well as giving him a thrust between the fourth and fifth ribs, the knife touching one lung. Deputy Sheriff Wells happened along and arrested both parties, taking them to his office, where an examination revealed the dangerous nature of Cuthbert's wounds. Dr. Lee took him to the Haskell house and gave him such attention as the case needed.

Jones was taken before Justice Danforth on Monday. He waived preliminary examination and was taken to Boise the next day. He will be tried at the April term.

Cuthbert's condition on Sunday was rather bad and his sister, Mrs. White, of Warm Springs, Deer Lodge county, Montana, was sent for. She arrived Wednesday. Cuthbert is not in any danger now and will soon be about.

## A MILL AT CALDWELL.

EDITOR CALDWELL TRIBUNE: I have met with a report in circulation to the effect that the merchants of Caldwell were importing flour from Utah and refusing to patronize the industry of the country. If this is correct every farmer in the valley should in justice to himself withhold his trade from the merchant until he reforms. I have met the charge by saying that the merchants of Caldwell had tried to purchase their flour from the millmen of this valley but could not do so without paying at the mill all they could sell it for at retail, thereby losing the freight. If flour retails at the mill for seven dollars, the merchant cannot sell it for more. If this statement is correct, it would seem that an effort had been made to choke the merchants of Caldwell out of the flour trade, or force them into collision with the farmers.

Again, I have been told that farmers in the valley came to Caldwell and engaged their flour; then went to the millmen and tried to make arrangements for grinding their wheat, and the best the millmen would do was to give one dollar per bushel for wheat, payment to be made in flour at seven dollars per barrel. This the farmer could not do without placing himself in the same position the Caldwell merchant would have occupied—the loss of freight. If the above statement is correct, is it not time the farmers of this valley were taking some steps toward the erection of a mill at Caldwell? The money can be had; the machinery can be had; the man can be found to put it in motion. Farmers, will you go to work, incorporate, and start it?  
T. H. CALLAWAY.

## THE RAILROAD MEETING.

The business men and citizens generally did not turn out as well as was expected. Messrs. J. H. Bush and J. Brumback, the Boise City committee, and Hon. Homer Stull, the right of way attorney of the Oregon Short Line, were present, Tuesday night, but the cold snap froze up all the railroad enthusiasm in Caldwell. About a dozen citizens were present, but as no more appeared likely to come, the Boise gentlemen returned to their hotel and the meeting was declared off.

The next afternoon, Messrs. Bush and Brumback went among the business men with a subscription paper, stating the amount raised would be applied to the purchase of the right of way from Caldwell. It was still a pretty cold day and the result of their work was a guarantee of only \$155. The list was left with Charles H. Reed for future effort.

## A METHODIST CHURCH.

Presiding Elder Grannis, of the Methodist church, held a business meeting on Sunday night, when steps were taken towards building a house of worship. The Church Extension fund will give \$500 and the Chaplain McCabe fund \$250 if the society will raise \$750. To do this Messrs. Greer, Conning and McConnell were appointed to solicit aid and will soon begin work.

There will be little difficulty in raising the amount and it will not be long before the Methodists of Caldwell will possess a handsome church building.

HARRIS' SEED CATALOGUE FOR 1884.—We are in receipt of a handsomely illustrated Catalogue of Farm, Garden and Flower seeds, from Joseph Harris, Moreton Farm, Rochester, N. Y. It will be sent free to any reader of THE CALDWELL TRIBUNE who sends his or her name to Mr. Harris as above. Mr. Harris is a large farmer and seed grower and a well-known agricultural writer. He gives very full directions for cultivation that are well worth reading. Send for his catalogue. We have used his seeds for several years and can confidently recommend them. They are warranted fresh, pure and good, or money refunded.

## PERSONAL.

Mr. R. P. Waddell went to Weiser on Monday.

Messrs. Bush, Brumback and Stull, of Boise City, were in the city on Wednesday.

Mr. B. G. Riggs, son of Col. H. C. Riggs, and a fine young man, too, was in the city Wednesday, and called on THE TRIBUNE. Hope he'll come again.

Mr. W. C. Carpenter, local agent at Ogden for McNamara & Duncan, importers and wholesale dealers in wines, liquors, cigars, etc., Omaha, was in the city on Thursday. This was Mr. Carpenter's second visit to Caldwell. His first was during October. Since then both have made great progress; he has got married and Caldwell has become the best town in Idaho.

## BOISE CITY ITEMS.

Homer Stull has been admitted to practice by the supreme court.

The ice crop has been stored and the dealers are happy, says the Democrat. Jacob Clemens, the incestuous brute, was held in \$2,000 bail, and is in jail in default.

Judge Kelly leaves home this morning for the East; having been designated by President Arthur as one of the committee to visit the United States Mint at Philadelphia and be present at the annual assay to take place on the 13th inst. Mrs. Kelly and Miss Annie Kelly will accompany the Judge on the trip.—Statesman, 5th.

AN OLD FRIEND.—Who of us does not enjoy greening an old friend, especially when we can congratulate him on looking well! It is with some such feeling that we welcome to our table VICK'S FLORAL GUIDE, which comes to us dressed in the neatest and most elegant cover that enterprising house has ever issued. To every lover of garden work we commend, in the heartiest possible manner, this beautiful and exceedingly practical publication. There is not a flower or a vegetable grown that is not illustrated in it, and some valuable advice given as to how to raise and care for them. Besides all this, the book contains a charming colored plate of flowers, one containing a collection of vegetables, and a third shows a specimen of Vick's Extra Early Potato. Vick presented this Floral Guide (how appropriate the title!) to all his last year's customers as a Christmas present, and to all others at the low of 10 cents, and tells such that they can deduct the cost of it from their first order for seeds. To our farmer friends, to every market gardener, and those who merely garden for pleasure, we say—Get Vick's Floral Guide, of James Vick, Rochester, N. Y.
