To Protect the Public Against Dishonest Advertising and False Pretenses in Merchandising

The Stephens-Ashurst Bill

In order to buy efficiently it is essential that the buyer should know what she is buying. We are able to describe the quality, the standard, the value, the price, and the profit of what we sell. In the same way, the consumer wants to know what he is buying. The present law is not designed to protect the consumer. It is not designed to protect the merchant. It is designed to protect the manufacturer. It is designed to protect the seller of goods. It is designed to protect the buyer of goods.

In the case of the mouse and the cat, the mouse is the consumer and the cat is the merchant. The mouse wants to know what he is buying. The cat wants to be sure that the mouse is buying what he wants. The mouse wants to be sure that the cat is telling the truth. The cat wants to be sure that the mouse is paying the right price.
