

# The Difference in Cost

between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cause doctors' bills many times this.

## Dr. PRICE'S cream Baking Powder

is the most economical in the end, because it goes further in leavening and insures perfect, wholesome food.

When ordering of the grocer always call for Dr. Price's Cream Baking Powder by name for good health and good food. It makes the finest cake, puddings, flapjacks, biscuits and bread.

**NOTE.**—There are many imitation baking powders which are sold from five cents to twenty-five cents a pound. They should be carefully avoided as they are made from alum and are unhealthful.

## GOVERNOR AND GOOD ROADS

Idaho's Chief Executive Has Been Invited to Become Member of National Executive Board.

BOISE, March 23.—Governor Gooding has been invited by the president of the National Good Roads association to become an advisory member of the board for Idaho. The governor, who is deeply interested in good roads, has accepted the position and will endeavor to do all he can to bring about an inauguration of a system which will have for its object the building of better roads in Idaho. The letter which the governor received and his reply follows:

St. Louis, Mo., March 13, 1905. His Excellency, Frank R. Gooding, Governor, Boise, Idaho.

Dear Governor: We most cordially and respectfully invite you to serve on the advisory committee of the National Good Roads association for the ensuing year as we are now deciding who shall constitute the advisory committee in the several states and territories. As you know we have carried on an extensive campaign for 15 years, and since 1900, when the National Good Roads association was organized in Chicago by delegates representing 38 states and two territories, we have circulated millions of literature and operated good roads special trains over several of the leading railway systems, which has aroused a deep interest in all sections of the nation "for a betterment of public roads."

We have been instrumental in enacting practical good roads measures and creating the office of state highway commissioner in many states. Some of the great railway systems are now offering us the service of good roads special trains in order that we may carry experts and engineers, hold conven-

tions and educate the people how to build roads scientifically and economically. You know that no subject is of more vital importance to the American people than the improvement of public roads.

As chief executive the people expect you to advise with them in all great public measures. The National Good Roads association was organized for the purpose of carrying on an extensive campaign of education, thus teaching the people of each state and locality the best methods of road improvement. We now have many of the most influential men including governors and ex-governors of 32 states in the association. Its influence and progressive plans of organization are becoming more potential each year.

We trust you will consent to serve on the advisory committee and notify us at your earliest convenience as we are now planning to hold the National convention sometime in June of the present year. We will ask you to appoint delegates later when the official announcement has been made. Awaiting your favor, I am, respectfully,

W. H. MOORE, Pres. Boise, Idaho, March 21, 1905. Mr. W. H. Moore, President Good Roads Association, St. Louis, Mo.

Dear Sir: I am in receipt of your esteemed favor of the 13th and I accept with thanks the position tendered on your advisory board.

As a member of the Idaho Inter-mountain Wagon Road commission, I am very much interested in the work that you are doing, and I fully realize its importance in the development of the country. I will gladly co-operate with you in the appointing of delegates to your convention when the date is fixed, and I would suggest that this next meeting should be in Portland, Ore., and I hope that you will be able to arrange for an exhibition in Idaho, to be given by one of your good roads special trains. Yours truly,

FRANK R. GOODING, Governor.

## KOOTENAI DIVISION CASE

Petition of Sheriff McDonald of Clark County Argued in Supreme Court.

KOOTENAI . . . . . ASINntao  
The spring term of the Idaho supreme court opened here Monday. Chief Justice Stockslager and Associate Justices Allshie and Sullivan are in attendance as well as Clerk Sol. Hasbrouck. The session will probably last about two weeks.

The first case on the calendar was the case of C. A. McDonald, as sheriff vs. Edward Doust which is a suit brought to test the constitutionality of the act creating Lewis and Clark counties from old Kootenai. Doust was the sheriff of old Kootenai county and McDonald was his deputy. With the passing of the act creating the new counties Doust was appointed sheriff of Lewis county and McDonald sheriff of Clark county. The act compelled the turning over to Clark county all property, money, records, etc., and in compliance with the act McDonald demanded from Doust the county jail building and its prisoners together with all other property which is located at Rathdrum together with all other property on the grounds that he is still sheriff of old Kootenai county and the plaintiff in the case is asking a writ of mandate from the courts compelling to comply with the act of the legislature. The suit is a test case and was originally opened up by Attorney Edwin McBee of Rathdrum. Both Lewis and Clark counties have joined hands in the suit as against the old county of the suit as against the old county of

Arguments in the case were made Monday and concluded Monday evening. The case was opened by Attorneys Fremont Wood, Edgar Wilson and C. L. Heitman for Sheriff Doust. Edwin McBee, E. R. Whitla, prosecuting attorney for Clark county, Herman H. Taylor, prosecuting attorney for Lewis county and C. W. Beale who is employed by the county boards of both counties appeared for McDonald. The arguments on both sides were strong and brilliant and many visitors were at the supreme court building to hear the arguments.

Tuesday arguments were heard in the case of the California Consolidated Mining company, respondent, vs. Charles Manley. The case involves alleged fraudulent transfer of mining property in Shoshone county. A. H. Featherston and C. P. Lund argued for respondents and J. P. Gray argued for Manley.

The legality of a tax title in the case of L. H. Hole vs. Daniel Van Duzer et al. was also argued Tuesday and taken under advisement. Horace Kimball argued for Hole and A. E. Gallagher for Van Duzer.

Two cases were heard by the court Wednesday. Caleb Brinton vs. Lewiston National bank. G. W. Tannahill argued for Brinton and I. N. Smith argued for the bank.

Harry Grice vs. Jay Woodworth is the title of a case from Latah county involving a transfer of real estate. Grice was represented by S. S. Denning and Woodworth by J. H. Forney.

Thursday a motion to dismiss the appeal of C. A. Foresman vs. Board of County Commissioners of Nez Perce county was argued. The contention of the county was based on a technical question as to the right for the appeal without having placed a bond for costs. Bender & Lingenfelter appeared for Foresman and County Attorney Crow and Miles S. Johnson represented the county. The case was taken under advisement.

The case of H. E. House vs. A. L. Barmon et ux., in an action concerning the boarding up of a stairway, was argued by Dunn and Woods for House and Stearns & Jones for Garmon.

During the session Monday E. A. Rowley was appointed crier for the court.

Justin H. Wixon of Lewiston and A. A. Alvord of Cullendale were admitted to practice before the supreme court of Idaho.

Suitable resolutions of respect in memory of the late Robert V. Cozler were presented, read and ordered made a permanent record, on the minutes of the court.

Tuesday C. P. Lund of Spokane, Chas. O. Lyon of Lewiston and A. H. Overschmidt of Troy were admitted to practice before the supreme court. Ben Oppenheim of Moscow was appointed court stenographer.

Thursday J. B. West, register of the local land office, and John C. Murray of Lewiston and Sam I. Stearns of Spokane were admitted to practice in the supreme court.
