As a test of the patriotism of the  
League, and in corroboration of their  
apparent attitude of opposition to the  
general war program, in the recent  
Red Cross drive, North Dakota was  
asked for \$200,000, but gave only  
\$87,000, or 43 per cent of its quota.  
Similarly South Dakota, which is also  
a Nonpartisan hot-bed, gave but 34  
per cent. At the same time Idaho  
gave 204 per cent; Washington, about  
the same; Oregon, 141 per cent; Mas-  
sachusetts, 136 per cent; Michigan,  
144 per cent; and nearly every other  
state, more than was asked.

The banks were closed yesterday  
afternoon as a token of respect to

Bank.

Joseph Lambert, the oil burner

The condition of Dr. Noth was so se-  
rious Wednesday night that hopes for  
his life were abandoned, and his  
brother at Arbon was sent for. He  
rallied yesterday and it is believed  
the crisis has passed. He is a very  
sick man, however.

A nephew of Dr. Schlitz died at Po-  
catello today. He was en route with  
nine other young men to an army  
cantonment, and three of the number  
were taken from the train at Pocatel-  
lo to a hospital. It is understood the  
young man had a wife and small child.

The Rockland Chapter sent a big  
lot of feathers to the Red Cross chap-  
ter Wednesday. That many people  
aided in gathering them is shown by  
the fact that they were enclosed in  
sacks ranging from table salt sacks  
to four sacks, and some in paper bags.

George S. Butler, Republican candi-  
date for Auditor and Recorder.—Adv't.

I located in Power County in 1908,  
on a homestead near Arbon. I im-  
proved the homestead, sold it, and  
purchased another piece of land, near  
American Falls, which I am farming.  
I came here to make a permanent  
home, and to do my part in develop-  
ing the country.  
I am above the draft age.  
I have a High School education and  
completed a business course in the  
Kansas State Normal.  
For two years I was in the treas-  
urer's office of Logan County, Kan-  
sas, where much of the work done by  
the assessor and auditor in Idaho, was  
combined with the treasurer's duties.  
The work in the auditor's office will  
not be new to me.  
I submit my candidacy to the voters  
of the county upon my qualifications  
for the office, my standing as a citi-  
zen in the communities where I am  
known and have lived, and upon my  
permanency. I will appreciate the  
support of the people of the county,  
and if elected will render the most  
efficient and impartial service of  
which I am capable.  
Respectfully,  
GEORGE S. BUTLER.

**CANDIDATE FOR AUDITOR.**

I solicit the votes of the people of  
Power county on my experience and  
qualifications to fill the office of au-  
ditor and recorder. I have for nearly  
fourteen years been engaged in bank-  
ing and bookkeeping, either keeping or  
supervising the keeping of books and  
accounts, and feel that I am qual-  
ified in every way to fill the office for  
which I am a candidate. I was for  
seven years with the First National  
Bank of Rexburg, four years clerk in  
the State Pure Food department, one  
and a half years assistant cashier of  
the First National Bank of American  
Falls, and for two years have been  
with the Evans State Bank in the same  
position. I solicit the support of the  
people on my qualifications to give  
them satisfactory service.  
Adv't. C. LEE FRENCH.

**YANKS MANUEVER TO STRIKE  
ENEMY'S SEDAN-METZ FLANK**

Further indications of an impending  
major attack by the American  
armies on the Verdun front came  
Wednesday in reports of fierce fight-  
ing around Vouziers, where the  
French are hammering at the flank  
of the forest position that appears to  
have been holding up the general  
American movement. Official Ger-  
man reports show the intensity of  
fighting and admit advances. There is  
little doubt that the enemy views the  
action as of great importance.

The line here forms almost a right  
angle with the French forces which  
have crossed the Aisne heading east-  
ward through the hilly and wooded  
region north of Grand Pre. The  
Americans stand along the base of  
some difficult territory and the fight-  
ing Wednesday indicated a pincer  
movement to force the enemy out of  
the angle completely, into the open  
ground beyond.

If this is accomplished, the left  
flank of General Liggett's American  
First army will be released and ob-  
servers here feel confident that an  
American drive possibly covering the  
whole American front on both sides  
of the Meuse will shortly follow. The  
objective of such a thrust would be  
primarily, it is said, the smashing of  
the German left flank between Metz  
and Sedan.

**GERMAN GOVERNOR GENERAL  
PARDONS BELGIAN PRISONERS**

Baron von Falkenhausen, the gov-  
ernor general of Belgium, according  
to an official telegram from Brussels,  
has pardoned all Belgians and neutral  
residents condemned by military tri-  
bunals or military commanders under  
his jurisdiction except those convict-  
ed of common crime. The governor  
general also ordered the release of  
all Belgians and neutral citizens in-  
terrued in Belgium or Germany.

**INFLEENZA MANIAC SLAYS WIFE  
AND BABES AS 'CURE'**

Mrs. Peter Marrazzo and her four  
babies are dead, at Chicago, their  
throats cut and Marrazzo was held at  
the house of detention with his own  
throat slashed, following a delirium  
of influenza.  
Marrazzo, a laborer, had quit work  
a week ago to nurse his wife and  
children, who had contracted the  
malady. He became infected himself  
Sunday.  
Tired of medicine, he told a neigh-  
bor he would "cure them his own  
way" and, according to the police, he  
cut their throats and then tried to kill  
himself.

**SHIPYARDS LOSE WORK  
THROUGH INEFFICIENCY**

Contractors of Wooden Ships Failed  
to Reach Standard; Building Pro-  
gram Not Curtailed.  
Because of their inefficiency, from  
15 to 20 shipyards now building wood-  
en ships for the emergency fleet cor-  
poration will not receive any addi-  
tional contracts. In making this an-  
nouncement Tuesday night, Chairman  
Hurley of the shipping board said  
there would be no curtailment of the  
shipbuilding program, the step being  
taken to save material labor and  
money.

As fast of the yards complete the  
ships now under construction, the  
workmen will be sent to other plants,  
which constantly are in need of addi-  
tional labor. Mr. Hurley would not  
make public the names of the yards,  
nor did he indicate when the closing  
of them would begin.

The yards held to be inefficient  
have failed to deliver contract ships  
within the time or at the price spec-  
ified in the contracts, Mr. Hurley said.

**POPE PLEADS FOR BELGIUM.**

Prince Max "Promies" That Work of  
Devastation Is to Be Stopped.  
An appeal was made to Prince Max-  
imilian, the imperial German chancel-  
lor by the holy see, asking that the  
Germans refrain from devastating  
portions of Belgium through which  
they are retreating, according to the  
Osservatore Romano, the semi-official  
vatican organ.

A reply was received October 13  
giving assurances that categorical in-  
structions have been issued by the  
German general staff that localities  
should be preserved and respected in  
every way possible.

FOR PROBATE JUDGE**

The Probate Court and its records  
is the foundation for all lands titles  
and property rights—where it has  
passed through estates as yours may  
any time.

Just what will be the condition of  
your property—who is and who is not  
an heir—what can be done to avoid  
complications when you are gone—  
and not here to explain and help are  
matters that should be handled by the  
best Probate talent available and save  
expense of the widow and children.—
