Saving Is Easy, Once You Start

It's largely a habit, like many another proceeding. Save at least some of your earnings. The future ought to be looked out for—your old age, when earnings will probably lessen.

Something should be laid aside for emergencies, for "it's the unexpected which always happens."

Hank pinned the bee on Ed for fair

Ed never could see any show but a big hunk of sweetest tobacco. "You take the plug of Real Gravely," explained. "I take a small chew—two or three square. See how long it holds its pure, rich taste. If you don't admit that Gravely gives you tobacco satisfaction without extra cost, I'll buy your plug for a month." Hanged if Ed didn't walk in next day, grab off a plug of Gravely and throw down his money just like a little man!
