IN THE SUPREME COURT, CITY OF MOSCOW, STATE OF IDAHO, G R E E T I N G:

DECREE OF DIVORCE

When age smothers the beauty of wives something is bound to happen. "Old Wives for New," at the Orpheum Theatre Friday and Saturday will teach all women salutary truths.

When a married woman becomes fat, lazy and slovenly, is divorce justifiable? This problem is answered in "Old Wives for New," which will be shown at this theatre Friday and Saturday.

SPOKANE CLAMPS LID DOWN TIGHT

FORBIDS DANCING, CONVENTIONS AND PUBLIC GATHERINGS WHILE FLU IS BAD

With a new outbreak of the influenza worse than at any time since the epidemic began several weeks ago, Spokane has again clamped down the lid which was lifted in order to hold the big three days' peace celebration of Thursday, Friday and Saturday, last week. With new cases developing at the rate of 300 per day and many deaths occurring, the metropolis of the Inland Empire has been forced to cancel invitations to Inland Empire towns to send delegates to the fruit convention and the Farmers' Union convention, both of which were to have started next Tuesday. The rigid rules now being enforced in Spokane are just what the Moscow health officers have been trying to avoid in Moscow by asking the co-operation of the people in enforcing a voluntary quarantine here. The following report published in last night's Spokane Chronicle shows the seriousness of conditions there and what steps are being taken to prevent a spread of the disease. The Chronicle says:

"In an order issued this morning by Health Officer J. B. Anderson and taking effect immediately, an indefinite quarantine is placed on public dances, on account of the influenza situation.

"Included in the ban order are all mass assemblages, community singing, conventions, where delegates come from outside the city and crowding in the lobbies of the theaters.

"The order also calls upon parents to keep all children of school age at home, away from theaters and off the streets.

Hope to Curb Epidemic.

"The quarantine order was issued after a consultation among Dr. Anderson, Commissioner Charles Fleming and other members of the board of health. They hope that by the provisions of the order the influenza epidemic can be greatly abated, the public protected from the disease and at the same time business not interfered with.

Cut Down Classes.

"The ban on dancing includes only public dances in halls and restaurants where the crowding of people is great and dangerous," said Dr. Anderson. "I do not wish to interfere with dancing schools where instruction is given by teachers, but the limit must be six couples at a time at such a school.

"All children of school age are barred from theaters, must keep off the streets and remain at home. Parents are cautioned to make children observe the provisions of this order, the health department believing that parents should have better control over the children than the health department can be expected to.

"Theater managers are prohibited from selling a ticket to any person when there is not a seat in the theater for that person. This order means just what it says and must be strictly obeyed.

"No persons will be allowed to stand or crowd in the lobby of any motion picture, vaudeville or other theater. There shall be no such thing as 'standing room only.'

"All community sings, massmeetings, conventions where delegates from outside the city and large assemblages are prohibited. We want no outsiders to bring the disease into the city.

"Lodges and society meetings and the luncheons of the different civic and social organizations do not come within

the provisions of the order. Neither has the ban been placed on private or denominational schools."

New Cases Are 134.

"With 134 cases of influenza and four cases of pneumonia reported at the health office at noon, the situation is considered much improved. Of the 134 cases reported 43 were reported by a physician through the mail, the letter being dated December 2 and the report covering a period of several days. Another physician reported 21 cases for an entire week, his report being also added to today's total. The total for the epidemic now stands at 5,864 cases of influenza, 621 cases of pneumonia and 226 deaths.

"The public can be assured that the health officer will think of only the greatest good to the greatest number in any action taken," said Dr. Anderson. "This thought has governed my actions in the past and will continue to do so in the future."

"The situation is serious but no further ban will be ordered unless, in the opinion of the health officer and the board of health, such a ban is absolutely necessary, and then only as a last resort.

"Individual common sense and care will do more to abate the 'flu' than any other agency. This I have stated many times, and it is as true now as it ever was. If each person will take care of his or her own health and, if afflicted with the influenza, use the treatment and precautions that have been many times published, there will be an astonishing falling off in the epidemic.

Need Mattresses.

"Single mattresses are needed at the influenza hospital, according to Dr. Anderson, and are wanted at once. All persons who have mattresses of that type and can donate their use are requested to let the health department know. An oxygen breathing apparatus with a supply of oxygen has been installed at the hospital for use when necessary."

SHOW TWO-HEADED CALF FOR RED CROSS

WILL BE ON EXHIBITION AT RED CROSS SHOP BEGINNING NEXT SATURDAY

Cheer up, boys. Perhaps you don't care whether school keeps or not, but you will surely care about something that's going to happen Saturday. Just think! The circus is coming to town. "Who ever heard of a circus coming to town at Christmas time?" Well, Moscow is going to set the style and have one as sure as you are a boy or a girl with a ten-cent piece

Nights of Sleep vs. Nights of Agony

Verdict Favors D. D. D.

It is foolish to lie awake all the long night through with that intolerable itching caused by Eczema and await the coming of the day. D. D. D. Prescription is made for you if you are a sufferer. It will cool that hot, inflamed and itching skin, you will be able to rest at night, awake in the morning refreshed and life will be worth living. We know it will do all these things, as we have testimonials from many sufferers right among your neighbors. Try a bottle and you will not regret it. Come in today.

D. D. D. For 15 Years the Standard Skin Remedy

Corner Drug Store

burning a hole in the bottom of your pocket.

On Saturday, beginning at nine o'clock, the Red Cross Liberty Shop on Third street is going to open the most amazing, the most marvelous, the most thrilling side-show that has ever lured the coins away from the great American public.

Ten cents—only a dime—ten cents—that's all it is going to cost you to behold the famous, unique, awe-inspiring two-headed calf. Come early and avoid the rush. There will be throngs and hordes of people anxious to witness this perplexing freak of nature. If you don't visit the Liberty Shop on Saturday, you are making the one big mistake of your young life. One day only. One dime only. Everybody's going to see this unheard of monstrosity.

And remember that every dime you pay to the show will be spent for the benefit of the soldiers and sailors on land and sea, who are doing something for your benefit every day of the year. The name of the great Red Cross is beloved and honored all over the universe. Everything you pay out for the benefit of the Red Cross—yes, even that dime you are going to spend to see the two-headed calf—is helping the biggest and the grandest and the most unselfish and the most noble welfare work in the world.

Brown horse, about 8 years old, sell same. with knot on left front leg. Owner shall call within three days or I shall 58-59

JOHN C. STILLINGER, Chief of Police.

Mike laughed at the Judge

for chewing Gravely.

The Judge came right back at Mike with a friendly chew—just a couple of little squares off his plug of Real Gravely.

Mike found that the chew stayed with him for a long while, and the more he chewed the better it tasted.

"There's the real tobacco satisfaction," says the Judge: "and it costs nothing extra to chew this class of plug."

It goes further—that's why you can get the good taste of this class of tobacco without extra cost.
