Beware of Ointments for Catarrh that Contain Mercury,

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Many people miss it greatly, in Oakley, by not being satisfied to let well enough alone; but, on the other hand, the inability to concede mediocrity that particular distinction is rather complimentary than otherwise to a man's power of judgment. The Oakley-Burley stage was well enough, for its time, the railroad is better; the creeks were once well enough as water conservators for irrigation purposes; our splendid reservoir is better; the express companies were once well enough as common carriers, the parcels post will be better.

You are probably aware that pneumonia always results from a cold, but you never heard of a cold resulting in pneumonia when Chamberlain's Cough Remedy was used. Why take the risk when this remedy may be had for a trifle? For sale by Oakley Pharmacy.

Read the article from the Boise Statesman in another part of this paper showing up the bare-faced robbery of the express system of this country. Every newspaper in this country, city or country, should devote space of each issue to this matter until public opinion has driven these robbers out of business and the express business of the country into the hands and ownership of the United States government. It is time railroad and express ownership of the U. S. government should be changed to the U. S. government's ownership of railroads and express.

Birthday Party.

A birthday party in honor of the fiftieth birthday of Mrs. C. L. Jenkins was given at Locust Feb. 14. The lady's daughters, Mrs. Agnes and Nettie, who were the primes movers in the affair, prepared a fine dinner for the guests and the intervening time till near midnight was spent in games, music and social diversion, and felicitation of the hostess.

My fiftieth birthday has come at last just half a hundred years have past Since my own dear mother first held me in her clasp, I was a wee little thing so helpless and lean.

The people were poor as poor as ever could be, but a happier lot you never could see; They had little to eat and little to wear But with one another they ever would share.

Grantsville is the home of my birth, The little old place where I first came to earth, It was close to the great Salt Lake, the breezes blew, And the pleasures of childhood I always knew.

The grasshopper come and took all our grain But dear father planted and planted again, It was corn that he planted and that was our grain, That give us bread till seed time come again.

My parents were those of the Pioneer stock And more noble could never be got, They were honest and true in that way that they knew, So they imported to others all the way through.

My hair is unprinkled with silvery grey, And the days of my youth are passing away, And may the dear master never let me stray, When I am helpless and can't earn my way.

A pleasure it is for me to work; To do all I can and never to shirk; The cares of life, altho, they are many, The clouds we pass thro' some time may be shiny.

My family and relatives both old and small, A good feeling I have in my heart for you all; May you live long and do what is right, And if you do, in the end you will come out all right.

To die will be the last thing that I'll do, But to dread death I can't say that I do; For one thing I know my Master will do, He may not judge me as harshly as others might do.

But a mission on earth I was sent for to do, And I know many times I have failed, so have you; So I want to live to do good unto you, For I know I will get rewarded for just what I do. —Mrs. C. L. Jenkins.
