Entered at the Post Office at Oakley, Idaho, for transmission through the mails as second class matter.

## BREVITIES

For Sale—A number one work horse. L. W. Robbins.

Cash paid for hides, pelts and wool at W. Levin's. 11-11

17 jewel Hampden watch 20 year case for \$12.50 at Mills the Jeweler.

Dr. Meacham announces that he will leave Oakley the 1st of Oct. to be gone two or three weeks.

You, that want good fruit, come to headquarters; come early.—Ether Durfee.

Hyrum J. Wells is out with some very nice card announcing special courtesies to his friends.

Another face and a very sweet one, too, is seen behind the counters at the Union store this week.

Household goods for sale cheap. Must be sold within two weeks. Am going away.—H. E. Booth.

Gibson Condie expects to move from Carey to Oakley as soon as convenient.

Mr. Stephenson, state organizer of W. O. W. visited the local camp this week.

The Co-op clerks are getting conference fever. Another will go to Salt Lake but not alone, and thus the good work goes on.

To Rent—A good room unfurnished for boy students, who want to batch or take board out.

John W. Owen our genial traveling man from Pocatello blew in on Tuesday evening's stage.

Mr. Harry E. Quist and Miss Flossie McMurray of Oakley, were married at Albion on Friday last.

Born to Mr. and Mrs. Portie Dayley of Basin a brown-haired baby girl, on Sept. 10.

A fine baby girl was born to Mrs. I. G. Hale on Monday morning last.

Carey, Elba, Grouse creek and other distant wards of Cassia Stake are well represented at the stake academy.

Threshing will be about over at the end of the present week. The harvest about Oakley is exceedingly short this year on account of drouth and also less acreage than heretofore.

It develops that the great Insurance companies are very heavy contributors to campaign funds. One of the greatest companies has averaged about \$48000 at each of the last three general elections. Quite liberal, eh?

Less than four weeks remain in which to take advantage of the low railroad rates to go and see the Clark and Lewis Exposition and the wonderful Northwest country.

Little Blanch Bell the three year old daughter of Mr. P. H. Bell of Basin was badly scalded last week by boiling water. She is getting along as well as could be expected.

Mrs. N. R. Lewis of Oxford, Idaho has been visiting her daughter Mrs. A. M. Merrill during the week. The lady is very strongly impressed with our big country.

Mr. Wm. Read came in from the Harris Ranch on Saturday. We only wish he could have brought along a wagon load of peaches somewhat like the samples he left at this office. They were about as delicious as we ever tasted.

Mr. Read is quite enthusiastic over the possibilities of his ranch and the country about there in the fruit growing line. The early and late frosts are not nearly so much in evidence in those quarters as about Oakley and consequently the fruit crop is reasonably sure. We sincerely hope that some of our good people will get into the fruit business and supply at least our local market.

## School Notes.

There is an enrollment of over 200 in the Sixth District School.

The teaching force consists this season of Henry W. Tucker, principal; and Emily K. Tucker, Lulu Bates and Lucy Read, as assistants.

We are handicapped in our work by the lack of books, but this will be overcome as the trustees have ordered a liberal supply of them.

We notice a number of new faces among our students. We have Children from Grouse creek and Ibapah, Utah; and from a number of neighboring settlements.

The district boys are spending their spare play-time on the "diamond."

We are sorry to record the illness of Miss Clara Matthews, a last year's student.

Miss Emma Worthington, a student of our school last year is registered at the C. S. A. We wish her success in her studies.

Miss Pearl McMurray is registered at the Academy, we learn. We wish her every success in her education.

The beginners come to school 1:00 p. m. and first grade at 9:30 a. m., because of the congestion in the primary department.

The teachers and students are grateful to the trustees for the improved conditions at the district school.

## "Under a Spell"

The Metropolitans are rehearsing "Under a Spell" a Temperance play which they expect to present about Sept. 30.

## Utah Agricultural College.

The Mechanical Arts Department of the Agricultural College of Utah located at Logan was burned to the ground last week. The loss is estimated as being somewhere near \$50,000. The impression seems to have gained ground that the entire college was destroyed, but this is a great mistake. This department is only a small part of the college, and the fire will not interfere seriously with the work of the college, which resumed its labors on Tuesday. Arrangements are now being made to replace the structure and in a very short time every trace of the fire will have been effaced.

## Locust Items.

We don't see any idlers in our ward. Every one seems to be busy.

We now have the brick for our new meeting house. Mr. Dummer of Marion will start to lay them at once.

Orson McBride is at Albion as one of the jurors; of the 4th district court.

Ted Severe is very sick with typhoid, also his little five year old son is very sick with the same disease.

Mrs. Aaron McBride has returned from Wyoming. The many friends of Mrs. Jessie will be pleased to know she likes her new home.

A number of our young folks enjoyed the party at Burley at the new Jenkins Hall, but they didn't enjoy the dust so well.

Bish Matthews has a daughter down with typhoid. We hope every one will let plenty of fresh air in their homes and keep their places as free from that dreaded disease as it is possible to do.

## Carey Items.

W. F. Rawson and Parker Richards came in from Carey last Saturday; the former to bring his daughter to attend the academy and the latter to begin his labors at the head of the Mechanical Department of the Academy. They report the sad burial of Willard Chedister whose interment took place there last Wednesday. It will be remembered that young Chidister met his death in connection with a companion from asphyxiation some three weeks ago at Chicago. The good people of Carey subscribed money sufficient (some \$250) to bring his remains home to his sorrowing parents and friends. He was regarded as an exceptionally bright and promising young man, and of good habits. He would have now been attending the academy had his life been spared.

Mr. Richards gives the first satisfactory explanation of the cause of the death of these young men that we have heard. In the room in which the boys stayed at Chicago there was both gas and electricity. It is supposed that the boys entered the room in the dark, and attempted to turn on the electric light. By some chance they first turned the gas jet, and then the electric. When they retired they turned off the electric light with no thought of having liberated the fumes that were to cause their death.

A profound gloom was cast over the entire community at the seemingly premature departure of this sterling young man.

Administrator.

## Timber Land, Act June 3, 1878

Notice for Publication.  
United States Land Office  
Hailey, Idaho, July 3, 1905  
Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Noah Bartholomew of Basin, County of Cassia, State of Idaho, has filed in this office his sworn statement No. 14,814 of section No. 24 in Township No. 14 S., Range No. 25 E., T. 14 N., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Jos. Y. Haight, clerk district court at his office at Albion, Idaho, on Monday, the 30th day of October, 1905. He names as witnesses: James Martindale, John Peterson, Joseph E. Bennis, Erastus S. Tadlock, all of Basin, Cassia county, Idaho. Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 30th day of October, 1905.
