

Proposed Constitutional Amendments.

The following proposed Amendments to the Constitution of the State of Idaho were duly authorized by the Legislative Session of 1905 to be submitted to the electors of the State at the General Election to be held on Tuesday the Sixth day of November, 1906.

The same are six in number and as follows, to-wit:

1. That section 3 of article 8 of the constitution of the state of Idaho be amended to read as follows:

No county, city, town, village or other subdivision of the State shall incur any indebtedness or liability in any manner or for any purpose, exceeding in that year the revenue and income provided for it for such year, without the assent of a majority of the qualified electors thereof, voting at an election to be held for that purpose, nor unless, before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof, within twenty years from the time of contracting the same. Any indebtedness or liability incurred contrary to this provision shall be void. Provided, That this section shall not be construed to apply to the ordinary and necessary expenses authorized by the general laws of the State.

2. That section 4 of article 8 of the constitution of the State of Idaho be amended to read as follows:

No county, city, town, village, municipality or other subdivision of the State shall ever make donations to any railroad or other works of internal improvement, unless propositions so to do shall have been first submitted to the qualified electors thereof at an election by authority of law. Provided, That such donations of a county with the donations of such subdivisions in the aggregate shall not exceed ten per cent of the assessed valuation of such county. Provided, further, That any city or county may, by a two thirds vote, increase such indebtedness five per cent in addition to such ten per cent; and no bonds or other evidence of indebtedness so issued shall be valid unless the same shall have indorsed thereon a certificate signed by the Secretary and Auditor of State, showing that the same is issued pursuant to law.

3. That section 10 of article 18 of the constitution of the State of Idaho be amended to read as follows:

The board of county commissioners shall consist of three members, whose term of office shall be four years; the commissioners for commissioner district No. 1 and No. 2 in each county shall be elected at the regular election in 1908 for a term of four years; and the commissioner for the commissioner district No. 3 in each county shall be elected at the same election for a term of two years; and their successors shall be elected for a term of four years at regular elections thereafter.

4. That section 6 of article 18 of the constitution of the State of Idaho be amended to read as follows:

The Legislature by general and uniform laws shall provide for the election biennially in each of the several counties of the State, of such county, township and precinct officers as may be provided by law and shall prescribe their duties. For the purpose of determining what officers shall be provided in the different counties of the State, the Legislature is empowered to classify the different counties in the State in proportion to the population in each if necessary.

5. That section 8 of article 7 of the constitution of the State of Idaho be amended to read as follows:

The power to tax corporations or corporate property, both real and personal, shall never be relinquished or suspended, and all corporations in this State or doing business therein shall be subject to taxation for State, county, school, municipal and other purposes, on real or personal property owned or used by them, and not by this constitution exempted from taxation within the territorial limits of the authority levying the tax.

Provided, That the Legislature may by law exempt the right of way, station and other necessary grounds, and structures upon such right of way, station and other necessary grounds, and all other immovable property pertaining thereto, and used in connection therewith, of any steam or electric railroad and branches thereof, hereafter to be constructed in this State, from any and all charge or tax whatsoever for a period not exceeding ten years after the construction of such railroad or of such branch railroad shall have begun.

Provided, further, that no such exemption shall extend beyond the year 1925.

6. That section 9 of article 7 of the constitution of the State of Idaho be amended to read as follows:

The rate of taxation of real and personal property for State purposes shall never exceed ten (10) mills on each dollar of assessed valuation, unless a proposition to increase such rate, specifying the rate proposed and the time during which the same shall be levied, shall have been submitted to the people at a general election, and shall have received a majority of all the votes cast for and against it at such election.

Exclusive Local Representative of
Ed. V. Price & Company
Merchant Tailors, Chicago

Ever stop to compare your local tailor's facilities with those of our tailors?

He doesn't buy his woolens direct from the mill nor his trimmings from the manufacturer, does he?

Our tailors do—besides having a modern equipment a thousand times larger.

Such facilities mean buying material lower—saving all middlemen's profits—and the production of better garments at a great deal less cost.

And you derive the benefit.

Step in and see samples of woolens for fall and winter—the finest assortment we've ever displayed.

Up-To-The-Minute

During the last six months our banking-room has been increased to twice its former size. A new vault has been built. New safety deposit boxes have been added. New fixtures, new methods, and up-to-the-minute service have been installed in every department.

To our depositors in Silver City, DeLamar and Owyhee County, who have helped to make these things possible, we send this word of appreciation.

We believe they will join us in extending to their friends—to the new arrival in our midst—to the man who has no bank account—a personal invitation to become a depositor in the
