 Treasurer.—Margaret Cavanaugh.  
 School Supt.—Jennie Farrer Avery.  
 Prosecuting Attorney.—Wm. Healy.  
 Coroner.—Dr. T. D. Farrer.  
 Surveyor.—F. W. Hulett.

.....It seems to the writer that as a matter of convenience some standard time should be established in Silver. As things are now, there seems to be one standard for the schools and another for rest of us. With the telephone facilities it would be an easy matter to obtain correct time and have all clocks in public places regulated thereby and the school bells sounded by that standard.

.....The Yakima country carried off the apple honors at the American Land and Irrigation Exposition held in New York. By virtue of the award of the judges, Mrs. Ella D. Rowland of Zillah is the Apple Queen, for she won the \$500 in gold offered by Howard Elliott, president of the Northern Pacific Railroad and a \$1,000 silver trophy. Second honors went to Robert Johnson of North Yakima. Mrs. Rowland has been living on her orchard for eighteen years. It cost her \$40 an acre. She has refused \$1600 for it. Many other awards were made to exhibits from the Pacific Northwest.

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

 Toledo, O.  
 Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 25 cents per bottle. Sold by all Druggists.  
 Take Hall's Family Pills for constipation.

.....During October six areas were designated by the Secretary of the Interior as suitable for entry under the enlarged-homestead act. These include 32,110 acres of land in Idaho and Oregon and make a total of 190,426,957 acres which has been designated by the Secretary of the Interior as enterable 320-acre homestead units.

.....When you get into a tight place and everything goes against you until it seems you cannot hold on a minute longer, never give up then, for that is just the place and time when the tide will turn.—Harriet Beecher Stowe.

.....How often do we hear people say: "Where in the world do all the flies come from?" It is simple enough. The toper makes the blue-bottle fly, the stern father makes the gad fly, the cyclone makes the house fly, the blacksmith makes the fire fly, the driver makes the horse fly, and the boarder makes the butter fly.

### HIGHEST POINT IN IDAHO

In connection with its topographic mapping the U. S. Gov-

ernment survey establishes several thousand permanent bronze aluminum bench marks every year, and the bulletins of this series give the exact altitudes of these points. A recent issue is Bulletin 487, "Results of Spirit Leveling in Idaho," under the direction of R. B. Marshall, chief geographer. The lowest altitude noted in this bulletin is at Bonners Ferry, which is given as 1766 feet above sea level. The highest point in Idaho thus far marked by the survey is at the crest of the Sawtooth Mountains, on the boundary line between Blaine and Custer Counties. At this point, between the Wood and Salmon Rivers, an iron post has been placed by the Survey, and the altitude marked is 8,795½ ft.

**FERRY'S SEEDS**  
 Good gardeners are those who raise good flowers and vegetables. Good flowers and vegetables come from good seeds. We produce good seeds—the inference is obvious. For sale everywhere.
