A Tragedy for a Society Drama.

Louisville Courier-Journal.

The musical world at New York was recently shocked to learn of the tragical death of Mrs. Annie J. Curtis. She was a Californian by birth, and her second husband, now living in San Francisco, rose there to prominence and wealth. Her voice had exceptional beauty and compass, and the slender means of her father were freely used in its cultivation. Her first marriage was unhappy. For a time her life with Mr. Curtis was more fortunate. They went to Europe, but meeting with reverses of fortune they returned, and, leaving his wife in New York, Mr. Curtis went on to the Pacific coast. After a time remittances ceased, and she was thrown for support upon her own resources. Max Strakosch, the impressario, recognized her voice as one that further cultivation might make profitable. He secured her a teacher, and intended to take her to Europe, where he was confident she would make a successful debut, and then return to this country. This hope cheered her through extreme poverty. She was only twenty-four, and in her intercourse with the musical people she met the son of a millionaire, who became interested in her securing a place in a city-church choir. This interest developed into an intimacy which her gratitude for his kindness allowed to work out her ruin. An attempt at abortion culminated in her death. The "son of a millionaire" lives on, and every Sabbath leads a congregation in praise at a fashionable church. Her funeral was attended by many of the prominent musical people of New York.

NEW STOCK AT

DR. JOHN BULL'S,

Great Remedies.

DR. JOHN BULL

Manufacturer and Vendor of the Celebrated

SMITH TONIC SYRUP!

FOR THE CURE OF

AGUE AND FEVER OR CHILLS AND FEVER.

THE proprietor of this celebrated medicine justly claims for it unquestionably over all remedies ever offered the public for the sure, speedy and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure if the directions are strictly followed out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is however, prudent, and in every case more certain cure, if its use is continued in smaller doses for a week or two after the disease has been broken or checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the bowels in good order, should the patient, however, require a cathartic medicine after having taken three or four doses of the Tonic a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S SARSAPARILLA!

Read the following extract of a letter from Mrs. Rivers, wife of Reverend Dr. Rivers, one of the most learned, eloquent, and popular Ministers of the Methodist Episcopal Church, and who is at present stationed at Broadway Church, Louisville, Ky.

LOUISVILLE, KY., Oct. 3, 1873.

DR. JOHN BULL—DEAR SIR: Many thanks to you for the Medicine you have so kindly given me. I have been a great sufferer for years, and had the advice of various physicians. Some pronounced my spine, some my tunes, and some my heart to be the seat of my disease. I have been nursed, blistered and cupped until I had become disheartened. Several very eminent physicians who examined my spine informed me that I was threatened with paralysis or appoplexy any day, and that neither but a potion would relieve me. I had a perfect horror of that, and was hesitating about having one wrought, when you kindly sent me your Sarsaparilla which I immediately began to take three times a day. That suffered terribly with a most acute pain in the right side of my head, especially when I would rest or retire for any length of time, and rising to my feet would be perfectly blind for several minutes, and would have to hold to something to prevent falling.

I am most happy to inform you that the pain in my head is entirely relieved; I suffer but seldom with my spine and then not so acutely. My appetite is good. I ate for the first time in my life I enjoy my dinner more than any meal during the day.

You kindly sent me four bottles again last night, and I began again this morning, and I hope to be entirely relieved. Please accept my heartfelt thanks and best wishes.

Very truly your most grateful friend,

H. E. G. RIVERS.

My journal abounds with similar letters, all of which I guarantee to be genuine and written by the persons whose name they bear.

Do not suffer yourself to be imposed on. Don't be drawn away after new and untried experiments, but prize your health by testing the virtues of tried remedies with their trials.

My Sarsaparilla has stood the test for twenty-five years; it is still the Sarsaparilla of the day, and of the age, standing over all others in popularity and in curative qualities.

Avoid all those who are trying to palm off on you other extracts of Sarsaparilla as called. Remember it is the old and reliable remedy for purification of the blood and scrofulous affections. Always bear that in mind.

Another Testimony.

BARTON BARRACKS, Mo., April 20th, 1874.

DR. JOHN BULL—DEAR SIR: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case:

I was wounded about two years ago—was taken prisoner and confined for six months. Being moved so often, my wounds have not healed yet. I have not set up a month at once since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than any thing else. I wish that to be given me. Please express me half a dozen bottles and oblige

CAPTAIN C. P. JOHNSON,

St. Louis, Mo.

P. S.—The following was written April 20th, 1868, by Mrs. Jennie Johnson, mother of Capt. Johnson:

DR. JOHN BULL—DEAR SIR: My husband, Dr. J. S. Johnson, was a skillful surgeon and physician in Cuba New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave your Sarsaparilla. It cured him. I have for ten years recommended it to many in New York, Ohio and Iowa, for scrofula, fever sores, and general debility. Perfect success has attended it. The worst effects in some cases of scrofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article hence his writing to you for it. His wounds were terrible, but I believe he will recover.

Respectfully, JENNIE JOHNSON.

—

BULL'S Worm Destroyer

EXTRACT OF A LETTER FROM GEORGIA.

VILLANOW, WARREN CO., GA., June 20.

DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials and find it wonderfully efficacious. It has not failed in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for some article of the kind.

I am, sir, most respectfully,

JULIUS P. CLEMENT, M. D.

P. S. So unqualified and numerous are the testimonials in favor of my Worm Destroyer that newspaper space is entirely too small to tell its merits.

It is an infallible remedy for Worms. Try it and be convinced. See my Journal for a more full description.
