

# CEMENT INDUSTRY DEPICTED

### KNOW YOUR INDUSTRY.

Universal Portland Cement Company, Calumet district is forming a new plant one of the world's largest and most modern cement plants in the Universal Portland Cement Company at Huntington.

The plant came to Huntington about 10 years ago or about the time that the city of Gary first came into existence.

The building progress made by this company during the recent congestion exceeded less than other sections of the country. When in the last year, car shortages, embargoes and other obstacles curtailed production and handicapped shipments, builders trucked cement from the Huntington plant to all parts of the country.

The movement by truck was facilitated by the concrete roads built by the company within and leading from the plant. As many as 500 trucks, the latest to about 120 box cars were loaded in a single day. This was at a rate of over one truck a minute.

Today cement is essential in building. Almost every structure has some kind of concrete work. A gridiron of concrete a million miles of concrete sidewalks in the United States makes walking easy.

The popularity of cement and the rapid growth of the cement industry is typified in the steady increases being made from the local plant. 28 years ago, about five years previous to the company's locating here, the firm was shipping a total of about 3,000 barrels. Shipments made for the year 1920 will be close to 12 million barrels.

Since the company was first organized up to the present day, the Universal Portland Cement company, have shipped a grand total of 120 million barrels (\$30 million sacks) of cement. This would fill over a half million box cars, making a train 3,000 miles long and requiring 12,000 locomotives to move it.

With the 120 million barrels shipped on the Universal company, enough concrete could be made to build 34,000 miles of 18-foot concrete road, enough to go 3 times around the entire border of the United States.

Today this company occupies a small town with magnificent large buildings and employs over 1,000 men. The constant demand for cement assures this company continued operations for sometime to come.

## JAPAN TO GO IN U. S. SUPREME COURT

INTERNATIONAL NEWS SERVICE. WASHINGTON, Nov. 25.—Japan is preparing to carry its fight against the California alien land laws (barred Japan from land ownership) into the U. S. supreme court, according to information reaching Washington today. It was reported that the Japanese government would shortly institute litigation and that Japanese officials believe they can make a strong case in their effort to have the California legislation set aside.

Treaty negotiations between Washington and Tokyo are in their final stages, but belief is growing that the agreement will not settle the status of Japanese immigrants in America. Negotiation at all may be made of the Japanese immigration situation in California.

## LEGAL NOTICES

CITY OF HAMMOND, INDIANA, DEPARTMENT OF PUBLIC WORKS. NOTICE OF 125TH STREET LOCAL SEWER

PRIMARY ASSESSMENT ROLL MEETING

To Whom It May Concern: You are hereby notified that the Assessment Roll in the matter of the improvement of 125th Street Local Sewer from the center of alley west of Julian Avenue to south line of Sullivan and Tokarz Second Addition, by constructing therein an eighteen inch double strength vitrified socket pipe sewer, two manholes, ten house drains, thirty feet long and seven or six by eighteen inch junctions.

In the City of Hammond, County of Lake and State of Indiana, has been prepared by order of the Board of Public Works of said City, and that the same is now on file in the office of said City.

## To "Youth-ify" Gray, Streaked Hair

Ask anybody to guess how old you are, and notice how their eyes appraise. The glance is directed at your hair.

To be answered "You can't be more than thirty," I can tell by your hair. I must give to any woman who is really forty or more a sense of pride and satisfaction.

But to become prematurely gray at 35 or 40, to look ten years older than

you actually are—that is indeed a bitter experience. However, any woman can, with a bottle of Brownatone, restore to gray, faded and streaked hair all its maiden beauty and the identical color it had in girlhood, whether light golden, medium dark brown or black. Brownatone is instant in results and absolutely harmless.

At all druggists: 50c and \$1.50; two colors: "Light to Medium Brown" and "Dark Brown to Black."

Special Free Trial Offer: For a free trial package of Brownatone, send to The Keston Pharmaceutical Co., 217 Crippin Bldg., Covington, La., enclosing 11 cents to pay postage, packing and war tax. Tear this out. For personal information advice, or the actual work of hair tinting, visit the Brownatone Show, 1052 Stevens St., Chicago, Ill., today.

Times news service is the best money you can lay and honest effort can furnish.

pection, and that the said assessment roll contains the names of all property owners affected thereby and the respective amounts assessed against each lot or tract of land for said improvement, and that by resolution said Board has fixed the 8th day of December, 1920, at 2 o'clock p. m. in the office of the Board of Public Works in the City Hall of said City as the time and place for hearing remonstrances and objections from all persons affected thereby as to the special benefits derived therefrom and assessed against said respective lot on said assessment roll and that said Board will after said hearing and examination, confirm or modify each respective assessment as made, provided that it finds that said property affected thereby is benefited in respective amounts.

## IF MOTHERS ONLY KNOW

During these days how many children are complaining of headache, feverishness, stomach troubles and irregular bowels. If mothers only knew what Mother Gray's Sweet Powders would do for their children no family would ever be without them. These powders are so easy and pleasant to take and so effective in their action that mothers who once use them always tell other mothers about them. Sold by druggists everywhere.—Adv.
