LYLOYD GEORGE SENDS INTIMATE MESSAGE TO AMERICA

U.S. MUST COOPERATE WITH BRITAIN

Declares That This is The Only Salvation For The World

Editor's Note: David Lloyd George former premier of England and the world's most spectacular figure, in an exclusive interview with the International News Service...

By F. A. WRAY (Copyright 1922 by International News Service.)

GLASGOW, Scotland, Oct. 28.—My message to Lincoln's "common people" who are now in the wilderness at this juncture of the world's history...

Mr. Lloyd George's opponent, A. Bonar Law, was nominated for parliament on the Tory ticket at Glasgow two days ago.

Mr. Lloyd George has constantly been making speeches to enthusiastic crowds every station. He has appeared upon the platform jovial and smiling to wave greetings to the villagers as the train passed through villages and hamlets.

The former premier seemed tired when he made his independent speech, but he seemed revived at the mention of Lincoln's name.

After an introductory word or two Mr. Lloyd George exclaimed emphatically:

"To secure the best happiness of the world and a happy issue out of our afflictions, co-operation between Great Britain and America is essential to insure the world's peace."

"I am reluctant to say anything regarding the League of Nations, but I am a firm believer in the permanent maintenance of Anglo-American good will, fearing that my words might possibly be misunderstood or misinterpreted."

"But I insist that the closest good will between the two nations is the only salvation we can find if we are going to be spared awful calamities like those of the past eight years."

"Great Britain and America are the only two countries that are able to gaze at the outside world from an outside viewpoint. They are both detached, both are able to take an international view, perhaps America better than ourselves."

"In ideals, in permanent trend of thought they (Great Britain and the United States) walk the same path. Their joint action alone can preserve the world's eternal peace. Both nations have war equally."

"Because of this common aim and common understanding, I would give almost anything to induce America to enter the League of Nations. Unless this comes to pass the League can never attain its real strength and function at the highest or exercise its proper authority."

"Because of this, I would say to America with all sincerity and all the earnestness I possess: If you have any doubts or suspicions regarding the League of Nations, tell us so we will try to dispel them. If you desire information or have misconceptions we will be satisfied to give it."

"If you would prefer the term 'Association of Nations' instead of 'League of Nations' they let us change the name."

"I beg America to throw the great weight of her moral influence side by side with the League. Only thereby can the world be made safe."

"Asked when he was going to the United States, the former premier replied:

"It has always been one of the ambitions of my life, but I cannot look ahead. One reason why I want to go is because I am a democrat—not in the party sense—but in the literal meaning of the word."

"I have always thought that I understood Americans. When meeting them I get their viewpoint naturally and they seem to get mine. It would be a joy for me to pay a long visit to the United States."

CONNECTING STATE ROADS IN INDIANA

(INTERNATIONAL NEWS SERVICE) INDIANAPOLIS, Ind., Oct. 28.—Connecting roads between Indiana and four neighboring states will be constructed soon as a result of a conference between highway officials of those states held Thursday.

It was announced by John D. Williams, director of the Indiana highway body.

A connecting road will link Indiana and Illinois by ferry between Princeton, Ind., and Mt. Carmel, Ill. Another interstate road is being planned to connect west of Montezuma, Ind., with a concrete road leading to Chicago.

An Indiana-Kentucky connecting link will be constructed between Evansville, Ind., and Henderson, Ky. An interstate road will connect Ohio and Indiana on the Jay-Adams county line just east of Bryan, Ind.

Mr. Williams said the state commission now is investigating a Michigan-Indiana connection road to lead north out of Angola, Ind. All the roads will be federal aid projects, he said.

WORK IS TO START ON DECEMBER 1

Actual construction on Hammond's newest business block, the Berwick building at State and Hohman sts., will start December 1.

This announcement was made today coincident with the arrival of plans and specifications from the architect, C. Howard Crane, of Chicago.

Yesterday a contract was signed with the General Wrecking Lumber Co. for the dismantling of all buildings occupying the site of the proposed structure. The wreckers will start Monday morning and in four weeks nothing will remain of the two of Hammond's old landmarks, the Heintz building and the Central block.

The contract requires that all the buildings be removed on or before December 1st.

Contractors will be asked to bid on the construction of the building at once. It is thought that it will require about three weeks before the contracts will be let and the work is to start December 1st or earlier if possible.

The plans show what will be one of the most attractive buildings in the region. It will have a frontage of 135 feet on State street, 212 feet on Hohman street and 120 feet on Plummer avenue. The Hohman and State street frontages will be four stories high while the Plummer avenue part will be only one story for the most part.

On the ground floor the plans call for eleven store rooms. The majority of these have a frontage of twenty feet. The second floor is laid out for twenty-three small shops, each with outside exposure.

The third and fourth floors are the hotel rooms. There will be 51 rooms on the third and 53 rooms on the fourth floor. All of the rooms fronting on State street will have bath and all rooms will have hot and cold water.

Contractors may obtain copies of the plans from the architect, C. Howard Crane, American Bond and Mortgage building, Chicago.

POLITENESS BRINGS BOOZE SEIZURE

(INTERNATIONAL NEWS SERVICE) NEW YORK, Oct. 28.—Politeness on the high seas today led to the seizure of the motor boat Dodge together with 200 cases of liquor valued at \$20,000 and the arrest of the crew, Patrick Higgins and K. Kastler, by members of the "dry" navy cutter Hansen.

Higgins said that they came upon a schooner in distress about 14 miles off Seabright, N. J., which, with a smashed bow, was trying to ride out a gale. He declared that the schooner's skipper admitted he was carrying a "wet" cargo from the Bahamas and offered \$200 if the Dodge would take off 200 cases of liquor "as an act of mercy."

The skipper feared the schooner would sink if the heavy cargo remained on board.

The Dodge was cruising near Ambrose lightship when the Hansen came. The Dodge was so speedy she was not overhauled until the Hansen threatened to open fire.

COUPLE SOUGHT ALL OVER COUNTY FOUND

DULUTH, Minn., Oct. 28.—Harry Whitten, aged 40, and Verta Jean Schuster, 14 daughter of a Peoria, Ill., dealer, were arrested here today after a nation-wide search since last June had failed to locate the couple. Whitten and the young girl will be taken to Peoria today.

Whitten, according to the police was arrested last June on charges placed against him by the parents of a young girl. He was indicted by the grand jury, the police were informed, and allowed his freedom on \$5,000 bail.

The Schuster girl and Whitten arrived in Duluth a week ago. They were found today in a boarding house.

Whitten declared he and the Schuster girl were married in Minnesota.

U.S. DEFICIT OF BILLION NEXT YEAR

Slump in Revenues Disclosed Today by Estimates of Budget Officers

By W. H. ATKINS (STAFF CORRESPONDENT I. N. SERVICE)

WASHINGTON, Oct. 28.—A government deficit of nearly \$1,000,000,000 next fiscal year confronts the administration, it was disclosed today by estimates of budget officers.

The president and his advisers are said to be considering recommending new tax proposals to congress.

When the appropriation bills for the next year go to congress in December, a wide gulf between receipts of the treasury will be far less than was shown by earlier estimates. This is due to the slump in revenues from all principal sources.

Income and profits taxes show the largest decrease. Taxes from this source now are running \$300,000,000 behind last year. Miscellaneous revenues are running \$120,000,000 below last year's figures. Expected revenues from government-owned sales and from disposition of surplus war property have fallen below estimates.

Although no agreement upon new tax legislation has been definitely reached, it is understood the administration is weighing the question of deriving more revenue from sales of luxuries. There is no thought of urging any increase in the present scale of income taxes. Treasury tax experts are to be called together early next month to help solve the problem.

From the reports of department heads, it appears that government personnel is back near peace time strength, and operating expenses for the various bureaus have been cut to the bone. It is not thought possible to reduce them much more without reducing efficiency, and warning against this has been given the budget bureau. In some instances, department chiefs assert, economy has been enforced at the expense of real efficiency.

Treasury officials already were since they reported a deficit of a \$700,000,000 deficit this fiscal year, ending June 30 next. Their problem now is aggravated by the prospect of a still larger gap between income and outgo the twelve months following.

This year's deficit may be greatly reduced by the internal revenue bureau's war on tax dodgers. Treasury officials are confident it will bring an enormous volume of hidden tax money into the treasury.

The sweeping measures adopted to force evaders of taxes, according to a warrant prediction \$500,000,000 or more will be squeezed out of wallets of willful tax-slackers.

ELEPHANTS ARE GOOD FEEDERS

It will take three tons of timothy hay and several large bags of oats to feed the John Robinson military elephants which will be one of the many features at Orak Shrine circus in Hammond, Nov. 6th to 15th," said Herbert S. Maddox of the advance circus force, today.

These elephants, four in number, are the best trained in the United States today, and are as big as gentle as kittens. They are big brutes and they have big appetites. One way to gain the friendship and confidence of an elephant is to feed him and we do not stint ours.

With the elephants will come four beautiful spotted gray horses used by the famous Joe Hodgkin in his bareback act and numerous little ponies, fluffy dogs and grinning monkeys that are with the Terrell act. Stafford's bucking mules will offer one dollar per minute to any Hammond man or boy who will stay on the backs of these mules.

In addition to the trained animals we are bringing ten wonderful clowns, the Manganee troupe of acrobats, the famed Valentinos, the Jack Moore trio of wire acrobats, the Bell Brothers comedy acrobats and numerous other prominent circus acts from the recently closed summer tented shows."

Shrine members are still busy selling advance tickets. It is announced that the reserved seat tickets will be placed on sale Wednesday, Nov. 1st at James Armstrong's drug store, in Hammond.

(INTERNATIONAL NEWS SERVICE) LONDON, Oct.—Nervous passengers on the London subway are a nuisance, company officials agree. Hence they have hired a decorator to redecorate the interiors of subway trains in such fashion as to soothe nerves. The trains are being repainted in soft greens and harmonizing colors and attractive posters are being placed in the cars.

INDIANA'S NEW SENATOR IS GREETED HERE BY ENTHUSIASTIC CROWD

HON. A. J. BEVERIDGE

NEW REVELATIONS IN AUTO THEFT CONSPIRACY

(BULLETIN) Believing that he would receive "protection" when Jake Shurman, Indiana Harbor deputy constable told him that "the world see that he did not get into trouble," is another startling admission in the confession of Charles Blair Wilcox, 22 years old who was arrested this week together with John Jakush, Indiana Harbor garage owner as the brains of an organized band of automobile thieves operating in Lake county.

Gary police who have unraveled the case, recovering nearly a dozen automobiles which have been stolen and disposed of by the pair, they formed "partnership" last December, were still working on new angles today and promise other arrests and revelations, within a short time.

Wilcox who was arrested at the Lyndora hotel at Hammond where he had been living in adultery with a Gary woman is still held at the Gary police station on an open charge. He has told a complete story of his and Jakush's amazing operations to the authorities. An affidavit has been filed against Jakush for receiving stolen property and it was intimated today that other affidavits will be filed against him.

Further revelations of a Lake county organized band of automobile thieves were disclosed in confessions made by Blair Wilcox, to members of the East Chicago police department soon after his arrest by Hammond police and questioned in connection with his operations in this district.

John Jakush, prominent automobile dealer and garage owner at 2601 Parrish ave., Indiana Harbor, Harold Hathaway and stolen from him not long ago by the same dapper gang, but was again recovered by the East Chicago police this week.

Records of a dozen or more cars of various makes, including Jordans, Oldsmobiles, Fords and etc. are in the hands of the Gary, Hammond and East Chicago police.

A Ford coupe bought from Jakush by Tom O'Donnell of 3521 Hemlock st., is now in the hands of the Gary police. Another Ford that Wilcox claims was bought from Frank Adams, a Chicago auto thief, for \$125 and sold to Jakush for \$100. It was later innocently purchased by Motorcycle Policeman Harold Hathaway and stolen from him not long ago by the same dapper gang, but was again recovered by the East Chicago police this week.

Records of a dozen or more cars of various makes, including Jordans, Oldsmobiles, Fords and etc. are in the hands of the Gary, Hammond and East Chicago police.

Jakush, it is said, was arrested and brought into court a few years ago on this same charge. He was then found not guilty by a jury and released. He has still maintained a garage in the same location and he comes a prosperous business man, rated to be worth between \$50,000 and \$100,000.

Jacob A. Shurman, a deputy county sheriff, residing with his family at 3028 Elm st., Indiana Harbor, who Sheriff Olds has been searching for since this case was first brought to the attention of the police, returned to his home in the Harbor last evening after being away to unknown parts for two days. He is expected to be taken into custody by the East Chicago police today.

In the long confession of Wilcox and Jakush to Gary and East Chicago police, Shurman is involved to the extent of having used his garage as a fence for their stolen cars and on a number of occasions disposed of machines, for them. Recently he is said to have sold one of the stolen cars to Ignatz Pozysial his brother in law, living at 5915 Butterfield st., for \$650. The Ford coupe now in Deputy Sheriff Shurman's possession was stolen by Wilcox in Hammond and is said to belong to Everett Wallace of 1556 Cleveland st., Gary. Arrangements are said to have been made between Wilcox and Shurman, which the former related in his confession to Capt. Makar, of the East Chicago police department and Capt. Linn, of the Gary police.

IS CHEERED DURING THE BIG PARADE

Tribute is Paid Roosevelt At Meeting Ruled By Political Fervor

BEVERIDGE'S SCHEDULE TODAY

Following the great republican rally at Gary last night, Albert J. Beveridge, toured the county today visiting the people at Crown Point, Lowell and Ellettsburg and speaking this afternoon at four o'clock in Whiting.

7:30 (prompt). Speaks at Riley school, Indiana Harbor. 8:25 (prompt). Speaks at Masonic Temple, Hammond.

The tour of Indiana's next senator, Albert J. Beveridge, through Lake county is a tremendous ovation. At Gary last night he had a monster meeting and even bigger meetings are expected in Indiana Harbor and Hammond this evening.

He brought a great crowd of his feet at the close of a speech that last two and a half hours.

The Orpheum theater was jammed to the doors.

Beveridge pointed out the misadventure of government held by the democratic party. He said that the democratic policy is to look upon all commerce and industry as dishonest and to watch it with government commission and burcaus of which the railroad labor cause is a relic of their administration. He advocated the abolishment of railroad labor board.

He said the time is approaching when the people are going to demand direct dealing between employer and employee in the settlement of differences.

The League of Nations is not a dead issue, he said, although the American people believed that they had settled the question when they electe Harding by an overwhelming majority. Beveridge declared that the League of Nations is being promoted by every form of propaganda from Europe and that the move for cancellation of the allies debts to America is but one form of propaganda.

Europe must pay its debts to America, he declared.

He said that there are a million and a half more soldiers in the army than standing armies now than before the war.

Speaking in Gary last night, on the birthday of Theodore Roosevelt, Albert J. Beveridge declared that "it mattered not at all to Roosevelt that to take a stand upon a public question which he regarded as the right one, and which he did not want to alienate any group or class of men, he should be called 'the lunatic fringe' of American liberalism," and that before his death some of this uncombed element began to denounce the League of Nations, and all his might their destructive and absurd notions. After his death those of the "lunatic fringe," Mr. Beveridge said, attempted to seize upon the "lunatic fringe" and brand as "reactionary" all those who did not agree with them that economic misdeeds should be repealed and established order overthrown and constitutional government abolished. He said the term "lunatic fringe" is at this time "peculiarly applicable to certain men and movements."

Beveridge's address before an audience that filled the theatre to overflowing, was preceded by a red parade. More than 300 automobiles participated in the illuminated procession. Mr. Beveridge was cheered as he rode through the streets in the parade. Thomas and Roberts, Lake county Republican chairman, was master of ceremonies. Fred Crumacker of Hammond, son of the late Edgar D. Crumacker, who was for a long time a member of congress, spoke briefly in presence of Mr. Beveridge.

Mr. Beveridge declared that if Roosevelt were alive today he would be in the thick of the fight to safeguard constitutional government, would oppose group domination of the government and resist the socialistic doctrine which would transfer the control of capital by taxation or any other element.

"One example is peculiarly applicable to certain men and movements of this very hour," Mr. Beveridge declared. "Theodore Roosevelt was constantly annoyed by the penumbers, uncombed, wild and erratic persons, tinged with insanity, whose only impulse they ever had any idea was to destroy something; and this same brand of political ramp followers also and equally vexed him when he was the head of the Republican party."

"So he called them the lunatic fringe of American liberalism. Indeed his idea was—and he was right—that these explosive, and all too numerous, will be the danger spots in our social order."

"Even before Theodore Roosevelt died this 'lunatic fringe' began to denounce him because he would not lead, but resisted with all his might their destructive and irresponsible notions. And after his death this 'lunatic fringe' seized upon the title 'progressive' and all those who did not agree with them that economic misdeeds should be repealed and established order overthrown and constitutional government abolished were called 'reactionary.'"

"This is the exact situation at this hour; and this 'lunatic fringe' was crazed. Audacity has even gone to the head of the Republican party."
