Notice is hereby given that the Board of School Trustees of the School City of East Chicago, Lake County, Indiana, will, at 9 o'clock p. m. on the 19th day of September, 1917, at the office of the Board of School Trustees, in the McKinley Building, East Chicago, Indiana, receive bids and sealed proposals for the erection and construction of two buildings to be known as the Industrial High School Building and Power House Building, together with the heating and ventilating for such buildings, (heating and ventilating to be separate from the general contract), which said buildings are to be constructed upon the real estate between 140th and 141st streets, and between Hemlock Street and Parish Avenue, East Chicago, Indiana.

Each separate bidder must submit with his proposal a certified check, payable to the order of Willard B. Van Horns, Treasurer of the Board of School Trustees of the School City of East Chicago, Indiana, for the sum of five per cent (5 per cent) of such proposed contract. If the bid is accepted a contract will be entered into by the bidder and said bidder will secure the performance of said contract with a surety bond in the amount of seventy-five per cent (75 per cent) of the contract price guaranteeing the proper fulfillment of the contract.

Plans and specifications may be seen at the office of the Board of School Trustees, East Chicago, Indiana.

All bidders who desire drawings and specifications on any branch of the work in their own use, will send in their request once to the Architects, J. T. Hutton & Son, 314 Hammond Bldg., Hammond, Indiana, and such request must be accompanied by a deposit of twenty-five (\$25.00) dollars in cash or certified check payable to J. T. Hutton & Son. The sum of eighteen (\$18.00) dollars out of each deposit on drawings and specifications will be returned to the bidder. The total amount of said deposit to also serve as a guarantee that bid will be submitted. If drawings, etc., are not returned or bids presented as above mentioned, the entire deposit will be forfeited as liquidated damages.

The Board of School Trustees reserve the right to reject any or all of the bids, that may be submitted.

The bids are to be sealed and addressed to J. C. Dickson, Secretary of the Board of School Trustees, East Chicago, Indiana, and must be plainly marked on the outside, "Proposal for Building and Power House Building, at East Chicago, Ind." and "Proposal for the heating and ventilating in the Industrial High School Building, East Chicago, Indiana."

SOLDIER BOY DIES AT ST. MARGARET'S

At the camp of Federalized troops in East Chicago this morning, military honors were held over the remains of a soldier boy, Lawrence George, age 23, who for the past ten days has been in St. Margaret's hospital, Hammond, with his fatal illness.

His home town was Spencer, Ind., and he was with Company H, of the National Guards. His lungs, however, were in bad condition. He had a number of hemorrhages which finally resulted in his death yesterday morning.

The body was in charge of J. F. Fife, who took it this morning from the camp to the Erie depot, Hammond, where it was shipped to Cicero, Ind. A military escort accompanied the remains.

PENWICKS WIN OVER KASPERS

The Penwicks of South Chicago defeated the Kasper Colts of Hammond Sunday at South Chicago, 3 to 2. Lefty Schroeder was invincible throughout, allowing only three hits and striking out twelve of the Kaspers. "Sweeney" was the star of the Penwicks, hitting the hat, getting two timely hits, on Sunday, September 2, the Penwicks will meet the Murphys, champions of the junior championship of Northern Indiana.

OLD SETTLERS NEXT WEEK

(Special to THE TIMES). CROWN POINT, IND., Aug. 21.—Secretary Ruby Brown of the Old Settlers' association, sends out the following invitation today:

The Old Settlers' and Historical association will meet at the fair grounds, Crown Point, Ind., next week Wednesday, August 29. Everybody come and bring any relics you may have.

PRIZES FOR ESSAYS FOR SCHOOL CHILDREN

(By State Council of Defense.) Public school teachers of Indiana are eligible to compete in the distribution of \$400 in prizes for the best essays on the subject, "Why the United States is at War."

The National Board for Historical Service, through the various state educational departments is conducting the contest. It is intended that the subject matter be historical in character, bringing out facts irrespective of the time of their development.

The competition is divided into two groups. The first, or Group A, is for teachers in the public high schools, and the awards are \$75 for first, \$50 for second, \$25 for third, \$15 for fourth and \$10 for fifth. In Group B, for teachers in the elementary public schools, the awards will be \$75 for first, \$25 for second, and \$10 each for five thirds.

In making its awards the committee of judges will consider for preference essays in which the subject is so set forth as to be interesting to the class of pupils the writer is instructing. Each essay should be accompanied by references attesting the historical accuracy of its statements made, which should be in the form of foot notes.

The essays, unsigned but accompanied by the card and address of the writer should be submitted to Waigo G. Leland, secretary, National Board for Historical Service, 1133 Woodward building, Washington, D. C., not later than January 1, 1918.

On account of the conspicuous interest and activity of the educational section of the Indiana Council of Defense, which has enrolled practically every available educator in the state, it is expected that Indiana will be very generously represented in the essay competition.

Other states will conduct a similar competition and the national board will award additional prizes of \$75 each in an interstate contest.

W. C. T. U. EYES STEEL OFFICIALS

It is said that members of the Gary chapter, W. C. T. U., may soon send a committee to steel officials in Gary and Chicago to demand a straight out and out expression of their opinion on the boozing question. Some of the members have noted that one of the newspapers in steel gangs has been trolled by Mayor Johnson by running fake stories to the effect that the

union is criticizing his candidacy.

Steel, Beer and Reform. The women have noted that the same steel officials who lease out steel corporation property for the largest saloon in Indiana opposite the steel mill, are also the ones who are in through their hirelings identified with the several "moral reform" waves sweeping over Gary. Linking of reform and the maintenance of the greatest saloon in Indiana at the main gate of the greatest steel plant in the United States is said to puzzle the good women. Besides they note that the "reform" newspaper, the Post, has among its owners a prominent Fort Wayne brewer. And Fort Wayne produces the beer that is sold in the Steel Trust site saloons in Gary, held in the name of the Gary Land company.

GARY COUNCIL TO TAKE UP BUDGET

The Gary council tonight will consider the 1918 budget. It probably will take a couple of evenings to get into shape. The aldermen didn't meet last night as Company F was engaged in its farewell and they wanted to take part in the proceedings.

Gary will have to fix salaries that will be on the second class basis, so the budget will be much larger.

WANT JUDGE DUNN AS GUARD CAPTAIN

It is probable that City Judge William M. Dunn, a Spanish-American war veteran will be asked to take the captaincy of the Gary home guards. Judge Dunn, despite his military experience enlisted as a private.

The judge is now brushing up on drill regulation changes, and will soon be qualified to serve as an instructor. The fact that one of the German immigrants has gone through a few weeks' training does not make him competent to become an officer. It is the governor's wish that mature men, those who have been under fire rather than text-book strategists become officers. For this reason Judge Dunn has been suggested.

CAPT. TOM CUTLER DONS HIS UNIFORM

Capt. Thomas Cutler, Engineer Officers' Reserve corps, who is soon to leave Gary for Fort Leavenworth for training, received his uniform yesterday, and wore it for the first time last night. He was seen in Broadway with his wife and children. Mrs. Cutler was very proud of her captain and the children had admiring glances for their daddy.

Capt. Cutler is among those who is sacrificing a good business to serve his country. Like his former partner, Capt. A. P. Melton, now in France, the officer was one of the four engineers who laid out the city of Gary.

CO. F. THANKS GARY.

Gary, Ind., August 21. To the Citizens of Gary: F Company, First Indiana Infantry, wishes to express its thanks for the loyal backing you have given us.

We leave Gary with the feeling that its officials and citizens have put us under a heavy obligation.

We have received so many evidences of the good will of this community that to enumerate them all would fill the columns of the papers, so we confine ourselves to this expression of thanks and appreciation to all.

We will try to do our duty so that we will honor the name of Gary. F. CO. 1ST INDIANA. Thomas P. Riley, Capt. Commanding.

PORK CHOPS 50 CENTS? PASS US THE HOMINY!

CHICAGO, Aug. 21.—Pork chops soon will be 50 cents a pound retail. Ham and bacon will be even higher. Meat generally is going up.

Herbert Hoover's fear of a "world meat famine" is not overestimated. These were the conclusions drawn for the United Press today by Robert Miller, president of the Chicago Retail Grocers' association, from Hoover's report on meat conditions.

"There is but one remedy," said Miller. "Uncle Sam must devise some regulation that will make it more

profitable for the farmer to feed his grain to cattle than to sell it.

3 HAMMOND COUPLES GET READY TO WED

(Special to THE TIMES). CHICAGO, Ill., Aug. 21.—Marriage licenses have been granted to the following Hammond residents: Wilford Eckenboer, 446 Truman avenue, aged 21, and Miss Irene Aldrich, 18; Curt J. Zimmerman and Miss Mae McMillan (Chicago); Alvin Berkshire and Miss Louise Chapman.

Michigan Central in Denial.

The rumor that the Michigan Central railroad was to be separated from the New York Central system and operated as an independent road was said to be without foundation at the offices of the New York Central yesterday. It was said that a few changes in the manner of taking care of the individual traffic of the roads are being put into effect, but the Michigan Central will continue under the same management and as a subsidiary of the New York Central.

OLD RESIDENT PASSES AWAY

William Boll, 84 years of age, passed away last evening at his home in 385 Truman avenue. He had been a resident of Hammond for thirty-two years and is survived by a widow, Caroline. Born in Germany, he came to this country fifty-two years ago.

The funeral is to be held from the late residence to the German Emmanuel church on Sibley street at 10 o'clock Thursday afternoon with burial at Oak Hill cemetery.

PRESIDENT TO MODIFY DRAFT

WASHINGTON, Aug. 21.—President Wilson is to modify the draft regulations as applied to married men.

This was forecast today by a source close to the White House. The President's idea of how the law should be carried out will be made plain before the week ends.

Men with dependent children will be exempt in every case unless they are men of wealth. At present, under President Marshall General Crowder's interpretation, such men are not exempt if the parents either of themselves or of the wife are able to take care of her and the children. It is maintained the present interpretation create class distinction. Laboring men would be exempt in practically every instance, while business and professional men would bear the brunt of the rule.

Excuse Business Men. Married men owning their own business or engaged in professions, such as doctors, lawyers, architects, etc., probably will receive exemption. If these men were removed from their homes and forced to rebuild their business, it is considered an injustice.

Provost Marshal General Crowder today ordered the first 20 per cent of the draft force will entrain for training September 5, as scheduled, but the second and third increments will not be called from their homes until September 19 and October 3, instead of September 15 and 26, as previously scheduled.

Writ Is Denied. In denying a writ of habeas corpus to Albert Jones and John Story of Richmond County, Georgia, under arrest for trying to evade the draft law, Judge Spear of the United States District Court, held Congress has power under the constitution to summon for military service, at home or abroad, every citizen of the United States.

The judge found against the contention—which has had widespread pro-segregation circulation—that it is unconstitutional to send drafted armies to foreign soil. A United States court has no power to declare an act of Congress unconstitutional because it is inimical to the common law, he ruled.

EAST CHICAGO ELKS TO RAISE FUNDS FOR COMPANY M

A movement is under way in both ends of the city of East Chicago to supply the soldiers of Co. L with sufficient funds to enable them to purchase such clothing, shoes and equipment as they apparently need in order to make them ready for the trip and experiences which are close at hand before them.

The boys have not been given shoes and some of them are sadly in need of them. These long hikes have been had on shoe leather and something must be done in the interim while the government is taking care of this matter.

Then there are the comfort kit-tings they need towels, combs, brushes and many small items of comfort that the government does not furnish at all.

In other words, they need immediate help and they need a company fund upon which they can draw as occasion requires.

To take care of this matter, the mayor has appointed a city-wide committee and has asked the Elks at the west end and the Eagles at the east end to assist in handling the details.

The Elks' committee consists of Townsley, chairman; Leo McCormick, T. Y. Richards, H. M. Cohen, Ed Green and Moose Specter. They held a preliminary meeting this morning and will conclude their plans this evening for assisting in this important event.

Save Money Now On Hudson Super-Six

Many former \$1200 to \$1400 cars now cost as much as a Hudson Super-Six

Price has always been a fairly accurate index of quality. But just now, because of the headlong rising of material costs, price is not a true indication of value. Fifty-one cars have been forced to advance prices 2
