## ALL IS IN SHAPE FOR BIG GAME

The stage is all set at the Hammond ball park. Parduha has provided 500 additional seats to take care of any possible overflow crowd, the diamond has been put in first class condition and all is in readiness for the sound of the gong.

Albany Park is all primed for the big occasion, as their manager has already announced his lineup as follows: Heckart, rf; Quigley, cf; Madigan, lf; Sullivan, 3b; Novak, 2b; Barret, 1b; Pechous, ss; Egan, c; Mack, p.

The team, together with their big following of fans, will arrive on an early train and it is rumored that the bugs will come down with plenty of "dough" to bet on their favorites.

Reports from Crown Point indicate that Henning has been working out every day so as to be in the pink of condition for the big battle. Artie Hoffman stated last Monday night that he will make every player go out there and fight as hard as they know how as he has his heart set on winning this opening game. Hoffman played first base for Albany Park early in the season and through some disagreement with the management he severed his connections with the club. This same thing is true of "Eddie" DeLave and if ever there was a game in his life that he wanted to win it is next Sunday's contest. Looks like a good opportunity for revenge and both players are going out to get it.

The two best umpires in the league have been appointed by the officials to handle this most important series and next Sunday will find "Big" Steve Cusack behind the plate and Matty Fitzpatrick on the bases. This is the same pair that handled the Waukegan game.

On next Monday, Labor Day, Ham-

## INDIAN TINCUP IS BACK IN BIG SHOW

Ben Tincup.

Ben Tincup, the Indian pitcher formerly with the Phillies, has been secured by the Cardinals from Little Rock, where he was sent on a trade. Tincup should win games in fast company if he will behave. The Phillies declare they still have a claim on him.

mond will renew its old time rivalry with South Chicago who have been booked up in a three game series for a side bet of \$200. To date South Chicago has made a good showing in the Chicago League having defeated some of the best teams in that circuit and it is the opinion of the management over there that Hammond will be easy picking. Parduha thinks differently and quickly took up the proposition when South Chicago offered to bet \$200 on the side. The latest rumor is to the effect that South Chicago has signed one of the best semi-pro pitchers around Chicago to defeat Hammond in the first game of the set next Sunday. For the Hammond team Hoffman will pin his

faith in DeLave and Hudson, with Henning in reserve. Considerable interest is being taken in this game as it is the first team of the Chicago League to visit Parduha park this year, thus giving the fans an opportunity to study the comparative strength of the two leagues. Hammond will likely meet Beloit, winner of the Chicago League pennant, before the end of the season.

## HIS IS GREATEST COMEBACK OF ALL

Chief Bender.

The average fan sees enough comebacks in baseball to bore him a bit, but there is hardly a fan who has not been amazed at the remarkable comeback of old Chief Bender. After being released by the Phillies last winter as too old for any further use he has returned late this summer and pitched some of the most sensational ball the game has seen.

## 95 POUNDS TAKEN OFF BY MORRIS

### Carl, Who Fights Fred Fulton on Labor Day, Makes an Astonishing Reduction in Year's Time.

Carl Morris, the Oklahoma engineer, who has been wallowing and floundering through the heavyweight puddle for several years, claims to have arrived at last and expects to demonstrate as much to a skeptical public Labor Day at Canton, O., when he fights Fred Fulton a scheduled fifteen rounds. Carl is being teamed by Jack Curley, Nate Lewis and others, parties who have high hopes of surmounting the Jess Willard championship obstacle with Morris some day.

Morris' great fault in the early years of his ring career was in his inability or disinclination to get in condition. The syndicate that bought him a year ago for \$5,000 claims that it has convinced him of the error of his ways. Certainly his advisers have managed to work a wonderful difference in the size of this mammoth, who was known in Jack Johnson's heyday as the original white hope. A year ago, when they concluded that Carl had championship possibilities, their batter was an enormous overfed giant. They tell us that, out of shape, at that time he scaled around 315 pounds. Morris was told that at such a poundage he would never get anywhere and ordered to diet and work hard.

The result is that Carl expects to get into the ring with Fulton Monday afternoon weighing about 220 stripped and with hardly a pound of superfluous flesh on him. That means that he has taken off ninety-five pounds in the past twelve months to accomplish his aim—a Willard match. While doing so he has beaten three of the best white heavies in the country—Fulton, Frank Moran and Jim Coffey. He won over Fulton on a foul, but intends to prove conclusively at Canton that this victory was no fluke.
