

Thrift in the home is the keynote of the success and popularity of *G.N.* Green Stamps. Since introduced in 1896 the volume of collectors has increased yearly, until to-day the number reaches far into the millions.

The Sperry & Hutchinson Co.

THERE IS NOTHING UPPISH ABOUT FRANCE'S "TIGER" AT MEAT TIME

Premier Clemenceau (right) at the front.

Lunch time finds Premier Clemenceau, France's "Tiger," a very ordinary sort of a fellow. The photographer recently caught him with members of his military staff in the ruins of a French village just back of the lines. From the picture one could not tell whether he was rolling a cigaret or breaking a lady finger.

OFFICIAL NEWS BULLETIN BY THE PRESS COMMITTEE OF INDIANA FEDERATED CLUBS

The chief aim of the three million club women of the country is the welfare of the home in all its varied interests. Mrs. Albion Fellows Bacon of Evansville, who has gained national prominence through her work for Housing Reform has written to the press chairman that the Indiana Federation of Clubs will be asked to take part in the work of the Children's Year. Child welfare work in the state council of defense.

In order to save part of the 300,000 children who die annually in the United States, a Children's Year will be inaugurated, beginning April 6th, 1918, the date of our entry into the war. The first effort will be to register, weigh and measure all children under five. Indiana will give her quota that she is expected to save, because of better knowledge of their needs, as shown by this simple test of the Babes' Clinic. It is believed that this campaign which should end in the Babes' Week, should result in the formation of more babies' clinics, in better milk protection, in more public nursing, etc.

Plans are now being made in Indiana for a state wide test of the babies. It is the biggest task proposed for any war campaign—this survey of the "nation's last reserves." It will need the cooperation of doctors, nurses, teachers, and parents themselves. It is hoped that by this inspection the tragedies of the draft examinations may be prevented, that set aside so many of our men as physically defective, who might have been perfect, treated in infancy. The future of our nation rests in our cradles of today. The government may well be concerned for their safety.

Housing As a War Problem. Nothing has given such an impetus

to housing reform, since its beginning as the official action of the United States government, in appropriating millions of dollars for the housing of industrial workers engaged in ship-building, munitions making, etc. The fact that the wheels of government industries stopped dead still, because the men could not find houses, brought the employers to their feet, and caused the strong hand of the government to intervene.

The investigations of the homes of steel workers, packing house employees, and other workers on government contracts has a significance that would not attach to the patient, quiet work of the housing reformer. The fact that some of our cities will lose more lives by bad housing conditions than they will lose by the war, and that houses now building will go on killing tenants for 50 years after the war, will be borne in on the minds of the American public, at last. The American home is going to have the government under it, as never before.

General Federation at Hot Springs April 20 to May 2.

The opening session will be on the evening of April 20 at 8 p. m.

Official route for Indiana starts from Indianapolis, 12:15 p. m.; leave 3:32 p. m., arrive at Hot Springs 9:17 a. m.

Time of starting, Sunday, April 20, 12:15 p. m.; Monday, April 22nd, same hour, which do you prefer? If twenty go at the same hour from Indianapolis a special through sleeper will be provided.

Fare round trip \$29.40, and \$2.85 war tax, one night \$2.50, and 25c war tax, one night, \$2.50 and 25c war tax.

Hotel Rates. \$37.25

Indiana headquarters—the Hotel Arlington. Plain room single—\$2.00, \$3.00, \$4.00, with toilet, single, \$3.00, \$4.00, \$5.00, with mineral bath (\$5) \$4.00, \$5.00, \$6.00. Double room—\$2.00, \$4.00, \$5.00, with toilet, \$3.00, \$5.00, \$6.00, with mineral bath, \$5.00, \$6.00, \$7.00. Cafe in connection.

The hotel committee asks that reservations be made. Chairman Mrs. Emma Johnson Avery, 615 Quataw Ave., Hot Springs, Ark. (There are other hotels with cheaper rates.)

Shall we have an Indiana dinner this year at the Biennial? The following state delegations will be at the Arlington which is the only hotel on the Reservation: Massachusetts, Pennsylvania, Ohio, Indiana and Alaska.

Several inquiries have come to the press chairman concerning program work for next year. It is suggested that program committees consult the outline sent out by the State Council of Defense or the Extension Department of Indiana or Purdue University. Miss Bercholdt of Indiana University has made an outline which has been accepted by the National Council of Defense. Every subject one could desire is in the list on these university bulletins and are free, but postage should be included to cover the expense of mailing. The Reciprocity Bureau will gladly offer assistance. The clubs should send the names of new officers and new programs to the corresponding secretary of the Federation, Mrs. Lesh of Missouri.

Thrift Stamp Savings. The Woman's Club of South Bend formed the first Thrift Stamp account among the women's clubs in their city.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back Hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble. The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach, or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure, makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

Prof. Becker of Notre Dame in his recent address urged that a law be passed that teachers of music be required to have a license before teaching. He advocates that more attention be given to the finer parts.

The Progress Club of South Bend has invested \$500 in War Savings Stamps for the Permanent Home Fund. They hope to soon have \$200 more to their credit. Every suggestion of the Conservation Department of the State Federation is receiving enthusiastic support. A motto "Every woman carries a Market Basket" has been placed on the walls of the club rooms. Dr. Moulton of Chicago gave an illustrated lecture on the "Wonders of the Heavens."

The Woman's Club of Cannelton has turned its club room into a Red Cross work shop.

The Woman's Club of Rockport meets each Wednesday to sew for the Red Cross.

The members of the Society of Rockport are studying so as to be able to make public addresses.

The Hebrew Society of Evansville has adopted a French Orphan.

Food Pledge. The Reading Club and the Home Economics Club of Tell City have shown their patriotism by signing a pledge not to use veal during the war.

The American Magazine tells of the Opportunity school in Denver, Colorado, and how the women of that city provide for fare, clothes and soup for young Americans who are to make good. All Denver is behind the work of Miss Emily Griffith and the institution that she founded. In connection with this it is interesting to note that the W. C. T. U. of Frankfort serves penny lunches to the school children. On Saturday a fifteen cent lunch is served which pays the expense of the school lunches.

The Leroy Woman's Club in their Red Cross work has made 19 sweaters, 12 pair of socks, 24 colored bags, 12 pillows, 3 pair of wristlets, 3 scarfs, 1 helmet, and 2 pair of pajamas. They have raised nearly four hundred dollars for Liberty bonds and War Savings certificates.

Mrs. Dickey of Chicago spoke to the women of Michigan City on the Women's War Census which will be taken in April. The Franchise League will work with the Council of Defense in the registration.

Owing to the fuel shortage the Woman's Club of Salem will not use the library for a meeting place this winter. The papers for the meeting this week are on "Ambulance Work" in France and "Florence Nightingale." Salem will entertain the district convention next month.

Day Nursery Work. The Day Nursery Committee of Mishawaka Woman's Club has done such successful work that hereafter it will work as an independent organization.

During the past year 2302 children were cared for at a total expense of \$1045.93. At the last meeting eight of the little tots entertained with folk dances. Mrs. C. A. Branch gave a history of Day Nurseries throughout the country. Miss Carol Eberhart is chairman. The Association voted to purchase fifty Savings Certificates.

At the last meeting of the Athenian and Current Events Clubs of Crawfordsville the subjects were on late war questions. The Twentieth Century Club enjoyed with guests two amusing plays. The Junior League workers of the Art League held a flower sale Saturday. The proceeds will be used in war relief work.

The Woman's Club of New Albany has adopted a French orphan. The Current Events Club of Jeffersonville had a Conservation Food demonstration of war biscuits. Miss Jean Stewart with tomato dressing and kidney bean stew, the two others being meat substitutes to use on meatless days. All of the programs are on the outline prepared by the Conservation Department of the State Federation.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single trace of it; no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the liver and bowels and they get well quick.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When croup, pneumonia, listless, pale, don't sleep, eat or act naturally, if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again. If your child coughs, snuffles, and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels, no difference what other treatment is given. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company."—Ad.
