HARTLEY THEATRE TONIGHT.

Select pictures Corp. present Alice Brady in "Her Silent Sacrifice," from the famous play, "The Red House." Directed by Edward Jose. Also Hearst Pathe Weekly

As many East Chicago women that could be reached by telephone yesterday were invited to a free matinee performance at the Hartley theatre by the manager himself, to view the first series of a wonderful scenic production, entitled, "The Eagle Eye," which is soon coming to East Chicago, but not soon enough, was the unanimous opinion of those most fortunate to witness the three reels of yesterday. The picture is replete with patriotism of the hour and would be a powerful incentive to the securing of Liberty bonds in this drive. Mr. Hartley has secured the promise of the film at an early date and it was his intention of learning from the women of this town who are vitally interested in the war measures of today, their opinions. So many women could not be reached on so short a notice for everywhere they were performing the duties assigned to them in this big drive for Liberty bonds, but those present declared that the putting on of this picture would arouse every vestige, if however lacking, of one's duty in the loyal support of their country.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

You are asked to spend wisely—to buy only the things honestly needed to maintain your health and efficiency. This is intelligent thrift. The Government asks it of you as a war measure :

Bonds Are Not A Burden, But A Blessing

Thrift requires the exercise of restraint and self-denial —qualities without which you cannot achieve the success in life which it is your ambition to achieve and for the lack of which you are likely to suffer in later years.

The money you acquire by thrift you are asked to loan—not give—to your country. It will come back to you when you may need it far more than you do now, and you will be paid interest for its use.

This war is a frightful thing, but it may prove of inestimable benefit to you, if it teaches you the good habit of thrift.

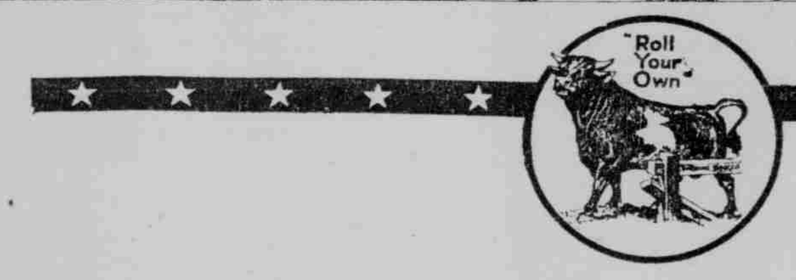
We Have Sold Our Full Quota, $780.000. Let's Make It Half Million More.



ANNOUNCEMENT

OUR Government has requested that we put at the disposal of the War Department our entire output of the "makings"—"BULL" DURHAM tobacco.

And we have complied—fully, gladly. For whatever the Government wants, whatever it needs, it must have from us and from you fully and with a generous heart.

We have been sending immense quantities of "Bull" to our men at the front, and at the same time trying to supply consumers at home. But now we are asked to give *all* our output:—36,000,000 sacks, 2,000,000 lbs., 100 carloads of "BULL" DURHAM every month.

This call means more than just huge figures to me and I know it will mean more than figures to the hundreds of thousands of men everywhere in the country who "roll their own" and who look upon that little muslin sack of good old "Bull" as a personal, everyday necessity.

It means that the Government has found that *our fighting men need the "makings"*.

But, if "Bull" is a necessity to you, here, in the peaceful pursuit of your daily life, how much greater its necessity to those splendid Americans who have gone to fight for *you*—to *win* this war for *you*.

I know that you will think of them as I do—only of them. I know there will not be a single complaint. I know that you will give up your share of "Bull", however long you have enjoyed it, however close it is to you, as you will give up anything you have if it is made clear to you that our forces over there need it.

That the Government has requested the whole output of "Bull", the night and day output of all of our factories, must make this absolute need clear to you.

And I know that you will not forget the little muslin sack—gone for the present on its mission of hope and inspiration to our boys in the trenches.

"Bull" will come back, with ribbons of honor. Have no fear.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

A small bottle destroys dandruff and doubles beauty of your hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified cocoanut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail. —Adv.
