GARY MAN REFEREE AT SOUTH BEND. The boxing contest to be given under the auspices of the Elks Club at South Bend Tuesday night, April 30, Adam Seifert, assistant fire chief of Gary will act as referee. A large delegation of eight fans from Gary will see the bouts. The main attraction will be between Patry Cronin of Toledo, one of the coming bantams and Frankie Mason, of Fort Wayne, and the pride of the middle west. These boys will box ten rounds at 115 pounds ringside. The semi-windup will bring together two boys wise Chicago 125-pounders, Billy Cepak of Cicero, and "Bart" Moolley of the west side. "Bart" of late is going like a house on fire and the fight fans may expect to see some real "knock em dead" stuff before the going rings for the eighth and last round. In the main preliminary the fans will see our little Joe Murray, the cure for sore eyes, and Benny Franklin, a fast coming Chicago bantam. They will go on rounds at 115 pounds at 2 o'clock. "Red" Gardner, another Gary favorite, may be seen in action against Young Willard, a coming 150-pound star from Elkhart. If Matchmaker Swortick can induce the pair to swap punches it will be worth while going to see as Gardner always pleases the crowd and is a wicked hit. The bell rings at 8:30 and it is expected a large crowd will be at the ringside.

WILD CALL TO EAST GARY LAST NIGHT. "The marshal at East Gary needs help. A touring car with seven men in it has dropped into the river." That was the message brought to Gary police station shortly after supper last night. Chief Rambo, Capt. Vothel and Sergeants Linn and McCarty hopped into a fast car and made for East Gary. When the Gary bluescoats arrived at East Gary Marshal Smith said that he had sent no word about a machine going into the river, but that one did stop at a woods and the occupants were suspicious. When the men were approached by the marshal they told him to go to a hot place. Then they left for some other place.

"Not only will I be more in the thick of things in living there," said Mr. Shaw, "but I like Crown Point, the whole heartedness of its people, and its lack of quite so much of congestion and the strenuous life."

NO MORE POCO COAL COMING TO REGION. "This is a war time and users of Pocohontas and other mine run hard coal will have to forgo these. The ruling is that we must use coal mined in our zone and not burden freight traffic by importing other coal." County Fuel Administrator William Feuser today said that the national fuel administration had turned down the request of Lake county dealers to import the other coal as the local zone coal stocks a great deal. "People will have to get used to the Indiana, Illinois and Kentucky coal," said Mr. Feuser. "It is cheaper and while smoky it gives intense heat."
