If you would have light dumplings, leave the cover off for about ten minutes after you have put them in. Gingerbread is made doubly good by the addition of a few spoonfuls of grated chocolate before baking. This makes it richer and does not affect the flavor.

When beets are left from dinner wash them and rinse in boiling water to free them from butter or sauce, and drop into a weak vinegar. In this condition they may be kept for a long time and can be used as needed for salads and garnishing.

One housekeeper has prevented many a burned roast or overbaked cake by setting the alarm clock to the proper time to open the oven door. Then she goes about her work in other parts of the house, knowing that she will hear the imperative call at the right time.

To revive the appearance of a suit that is becoming so worn as to be shiny in certain spots, a bit of distilled white vinegar, diluted in water, rubbed on with a white woolen cloth, will raise the nap and give it a look of newness that will make the suit of good service for some weeks to come.

Malloy, who has been recording secretary of the lodge for fourteen years, was presented with a handsome leather chair as a token of appreciation for his faithful service these many years. **ACTRESS COSTS PEER AN AMERICAN BRIDE**

MISS PHYLLIS DARE

The engagement of Miss Antoinette Hecksher, of New York, to the Hon. Oliver Sylvian Ballou Brett, son of Vincent Escher, Lord High Constable of Windsor Castle, has been suddenly ended, and it is said that Phyllis Dare, an actress in the Gaiety Theatre in London, is one of the reasons. Lord Escher has been socially ostracized by royalty because he has encouraged his second son, Maurice Brett, in the latter's attentions to Miss Dare. When Miss Hecksher's American mother learned the nature of Lord Escher's son wouldn't bring with it a place in exclusive court society, she caused the engagement to be terminated.
