

DEADLOCK OVER BILL THREATENS

Government - Owned Central Bank Substitute in the Currency Bill is Not Approved by Committee Members.

WASHINGTON, Oct. 29.—A threatened deadlock in the senate banking and currency committee over the proposal to substitute a government-owned central bank for the regional reserve bank plan in the administration currency bill, became apparent Tuesday when the committee began executive consideration of the measure.

Discussion was confined to the central reserve bank scheme, and while no vote was taken the debate disclosed six senators for the government-controlled central bank and six for the administration regional system.

The five republicans on the committee, Senators Weeks, McLean, Nelson, Crawford and Eriqson, argued for the central bank scheme. They were joined by Sen. Hitchcock, one of the democrats who has opposed the administration bill in many of its provisions. Senators Reed and O'Gor, who have expressed themselves in favor of the central bank plank, swung into line with the other democrats for the administration plan. The vote was delayed until Wednesday and Chairman Owen at the close of Tuesday evening's session said that he believed that the administration plan would be finally adopted.

"Both sides have shown a conciliatory disposition," he said, "and I believe the vote Wednesday will dispose of the matter to everybody's satisfaction. The matter will be thoroughly discussed before a vote is taken."

SECRET SERVICE MEN GUARD MAIL TRUCKS

NEW YORK, Oct. 29.—Guarded by policemen and federal secret service men, the United States mails were being moved about the city Tuesday on normal schedules that had been interrupted for nearly 24 hours by 125 striking mail truck drivers.

Postmaster Morgan said there was now no delay in transportation between postoffices and railroad and steamship terminals. Strikers and sympathizers made several attacks on trucks Tuesday. In Eighth av. after stoning the driver and the policeman off the seat they set fire to the truck. An alarm was turned in but the driver and the policeman put out the flames before the engines arrived.

Among those arrested during the day was Patrick Johnson, who said he was vice president of the local branch of the Chauffeurs union that is conducting the strike. Johnson and other prisoners were held by a United States commissioner on a charge of interfering with the transportation of mails.

TAMMANY CHARGES ARE TO BE PROBED

NEW YORK, Oct. 29.—A dozen subpoenas were issued at the district attorney's office late Tuesday calling it was said, for the appearance of men believed to have knowledge of facts alleged in statements made by John A. Hennessy in his campaign attacks on Edward E. McCall, the Tammany candidate for mayor.

These men are said to have been mentioned to Asst. Dist. Atty. Clark Tuesday by Hennessy, graft investigator for Sulzer, as governor and now campaign speaker for the fusion municipal ticket headed by John Purroy Mitchel for mayor. Hennessy as well as Sulzer, who is a progressive candidate for the assembly, has made charges against Tammany of a character that Dist. Atty. Whitman deemed worthy of an investigation. Hennessy was the first to be examined in this inquiry. He did not complete his story during the hour and ten minutes he consulted with Mr. Clark Tuesday and will be examined further Wednesday.

Among the subjects of inquiry is the \$25,000 contribution mentioned by Sulzer as having been offered by Anthony N. Brady, capitalist, through Judge Samuel A. Beardsley. Sulzer has stated he rejected this money and that it was then sent to Charles F. Murphy, leader of Tammany hall. Murphy Monday night said he received the money but returned it to Mr. Brady. The latter has since died.

One outcome of Hennessy's statements was a request by the prosecutor to Chief City Magistrate McAdoo to begin "John Doe" proceedings on Thursday at the conclusion of which Magistrate McAdoo will submit a report from which the prosecutor will determine whether he shall submit the matter to the grand jury.
