

HAPPENINGS IN AND ABOUT TOWN

DELIVERYMEN END CONVENTION

Close Two-Day Session With Election and Dinner at Oliver.

The annual meeting of the National Deliverymen's association, which was held at the Oliver hotel Monday and Tuesday, came to a close yesterday with a dinner at 6 p. m.

The election of officers was about the last business transacted. They are: President, C. K. Barry of Marshalltown, Ia.; vice president, L. Montgomery of Galton, O.; treasurer, J. A. O'Donnell of Cleveland, O.; secretary, J. D. Keifer of Elwood, Ind., and honorary president, L. C. Rhodes of Ann Arbor, Mich. Kansas City was talked of as the place for holding the next annual meeting, but the final decision was left to the newly elected officers.

W. E. Balch, secretary of the merchants' economy department of the state council of defense, addressed the convention and made clear the wonderful savings that had been accomplished by the elimination of unnecessary deliveries. His address was preceded by a speech by Sol Westerfield.

HOME GUARDS ENTER NON-COM EXAMINATIONS

Nine members of Company G home guards entered the examination Tuesday night for the appointment of eight corporals in the company and a number of lance corporals. The examination was conducted by Capt. Daniel Raymond of Company G.

A. D. HUBBARD IN Y. M. C. A. WAR WORK

Arthur D. Hubbard, a salesman of South Bend, has been approved for overseas service with the Y. M. C. A. war work council. He has been recommended for assistant secretary.

Indiana was one of the few states in the central department of the Y. M. C. A. war work council which exceeded its monthly quota of men for war service overseas and in American camps. The total for July reached 49 men, 41 for overseas work and 14 for home camps. From Aug. 1 to 8, inclusive, 14 men had been approved for war work with every indication that the total for the month will show a decided increase over that of July.

"Three men a day from Indiana for the red triangle war activities" is the slogan which E. M. Brown of Crawfordsville, chairman of the personnel board of the Indiana association, has adopted to encourage recruiting to unusual activity during the summer months. Mr. Brown is devoting practically all of his time to touring the state in the interests of the Y. M. C. A. and is soliciting applications from business and professional men of all types. Membership in the Y. M. C. A. is not necessary for appointment. For most kinds of work, men between the ages of 22 and 50 are considered.

MARRIAGE LICENSES.

Board Peeved at "Doc" "Tom" and "Nels" Conferences

There will be no more secret conferences held in the offices of the board of public works by city officials unless the officials be members of the board of public works.

The members of the board are somewhat peeved that the mayor, city attorney and a member of the board of public safety has as free access to the board of public works offices after hours as members of the board of public works have themselves.

Friday night Mayor Carson, City Atty. Thomas W. Slick and Nelson H. Kyser met in the offices of the board. They gained access to the offices by means of a key, it is said, in the hands of Kyser. Formerly one of the board of works offices was occupied by the board of public safety. Sometime ago the board of safety moved its quarters across the hall. Mr. Kyser evidently forgot to turn the key to the room formerly occupied by the board of safety to its present occupants, the board of public works.

However, a stop is to be put to the practice of the mayor, Mr. Slick and Mr. Kyser holding secret conferences in the board of public works office. Harry Josephson, clerk of the board of safety, has been instructed by the board of public works to procure the key to the board of works' offices and to deliver it to the members of this board.

The works board members argue that the mayor has an office, City Atty. Slick also has one, and so long as Mr. Kyser remains ostensibly a member of the board of safety he, too, has an office in which secret conferences may be held between the trio.

JACKIES BAND TO RETURN HERE

Concert Will be Given Friday Evening, Preceded by Parade.

Arrangements are being perfected for a big naval parade and concert by a division of the famous "Jackies" band to be held in South Bend Friday evening. L. R. Brown, chief yeoman of the U. S. navy, and Howard Emmons, secretary of the Chamber of Commerce, were busy yesterday making preparations for the event.

The sailors, about 50 of them, including the band, are making this visit to inland interest in the public in the various branches of the navy, but are not planning any active recruiting service. They have with them three flat cars on which are placed a torpedo boat destroyer, a submarine of the latest United States design and one of the Eagle boats, as designed and manufactured by Henry Ford. It is planned to transport these cars over the street railway tracks of the city.

The sailors will be in charge of Ensign H. D. Childs and will pass through South Bend in the morning of Friday enroute to southern Michigan points, stopping at St. Joseph, Benton Harbor and Niles, returning to South Bend in the evening. They will be met by the reception committee and escorted to supper, after which the concert and parade will be given in front of the courthouse, starting promptly at 8 o'clock. The band is composed of 28 musicians and is a division of the band organized and directed by John Phillip Sousa.

Sec'y Emmons in appointing the reception committee has thus far only definitely decided on the home guards being given the position of honor in paying the city's respects to the visitors.

MISUNDERSTANDING REGARDING ALLOWANCE OF FLOUR TO CONSUMER

There has been a great deal of misunderstanding in regard to the sale of flour by retailers and the food administration wishes it clearly understood that the city customer is permitted to purchase a maximum amount of 25 pounds at one time, while the farmer may purchase 50 pounds, provided that this amount does not exceed his regular month's supply.

Six pounds of flour per month per person are allowed, and in a family of three 18 pounds may be drawn each month. A family of five, dwelling in the city, although entitled to 20 pounds of flour per month, may purchase only 25 pounds at one time, and the remainder may be part of the customer's next 25 pound purchase, which would necessarily be made in the next month, not in the same month with the other 25-pound purchase.

Substitutes must be purchased in the same quantity as wheat flour and if persons buy 50 pounds of flour they must likewise purchase 50 pounds of substitutes.

ANNOUNCE NAMES OF 23 MORE U. S. PRISONERS DETAINED BY GERMANS
