25,000 TURN OUT TO HEAR JACKIES' BAND

Young Tars' Arrival Here is Announced by Cannon Salute and Patriotic Music—Boost War Activity.

More than 25,000 citizens were keyed up to a high pitch of patriotism Friday night, as a result of the open air demonstration given in this city by 50 Jackies from the Great Lakes naval training station, who were headed by Ensign H. J. Childs.

Three cannon salutes marked the arrival of the Jackies in four special cars over the No. ten Indiana railway shortly before 7 o'clock. They were met by a reception committee and immediately taken to the Oliver hotel for supper.

The first car was an interurban which carried the 20 members of the band, while the three following were flat cars on which were erected three ships, one representing a submarine chaser, another a submarine torpedo boat.

The purpose of the appearance of the Jackies here was to aid in the publicity campaign for the army, navy, marines, Liberty Loan, War Savings and Thrift stamps, War Chest, K. of C., Y. M. C. A., Red Cross and all of the other war organizations.

Home Guard Escort. Immediately after the Jackies had completed their supper they formed in front of the Oliver hotel, where the members of the St. Joseph county home guards formed in front of the Y. M. C. A., and as soon as the order was given a parade was held through the principal streets of this city.

Following this demonstration, Yeoman Edward Friedman gave an address in which he pointed out the plan of the government in sending the Jackies to the various towns and cities in this country.

Visiting Four Cities. The Jackies covered four towns in their tour Friday. They started out from Chicago early in the morning and passed through South Bend on their way to St. Joseph and Benton Harbor, where they gave concerts.

Food Questions Answered.

United States Food Administration's Questions and Answers Tell Why Conservation and Production of Food is Absolutely Essential to the Success of the Nation's Cause in Its War Against Germany.

POTATOES. Are there plenty of potatoes? Yes. What is the food value of potatoes? They contain starch and calcium, phosphorus, iron and potassium, salts needed in the diet, and they are an alkaline corrective in the general diet, neutralizing acids from meats and other acid foods.

EGGS. What has been the effect of using eggs widely in place of meat? It has put great pressure on stocks of storage and fresh eggs.

COIN. What American crop is most valuable measured by its food value and production per acre? Corn. One acre of corn gives nearly 150 pounds of digestible protein and more than 3,000,000 units of energy.
