

YOUR BADGE OF HONOR

in the Welfare Campaign, Oct. 13 to 20

THE Welfare button is a matter of pride—token of the substantial support—that you and other loyal citizens of South Bend give to help these needy causes through the year 1920.

The Welfare button will mark you as a man or woman who wants to help some less fortunate fellow-being.

The Welfare button will distinguish you from the man or woman who doesn't care whether people suffer and die for want of proper care—just so long as he or she has plenty to eat and to wear, good shelter overhead and all the excesses and pleasures of life.

The Welfare button which you will get by subscribing to the Welfare campaign which opens Monday, shows that you are one who wants to help hundreds of orphan children, underfed children, unfortunate mothers, and wayward girls, tuberculosis sufferers, hundreds of hospital cases that must be cared for, all in South Bend—it shows that you are one who wants to help 6,000,000 famished and dying Jews—not in South Bend—but in Eastern Europe—millions of Poles—not in South Bend—but in Europe.

GIVE ONCE FOR ALL

Anti-Tuberculosis League \$ 2,400	St. Joseph Hospital 6,000	Visiting Nurse 5,000	Salvation Army, national 9,000
