MONDAY, OCTOBER 8, 1906.

"SAVE THE FARMS."—JAMES HILL.

James J. Hill's speech before the Commercial association last Saturday contained much food for thought. He called attention to the fact that the salvation of the United States lies not in the manufacturing industries...

When John D. Rockefeller gives some city a small fortune for the purpose of erecting a library, certain yellow journals are ready to accuse the richest man in the world of raising the price of oil one-quarter of a cent in order to pay for it.

This is indisputably proven by the fact that the crops of the country regulate to a very important extent the financial status of the nation.

Mr. Hill dwelt somewhat upon the dangerous rivalry that loomed upon the horizon of the western world. In the time when the orient would recognize the importance of machinery in the manufacture of textiles, he declared the United States could never hope to compete with the oriental labor under conditions of mechanical equality.

Editor THE LAKE COUNTY TIMES: As a subscriber and reader of THE TIMES I have read many articles of course covering the "dump" as you call it, and I am greatly interested in the same.

This is the question which is now being considered by the moral and peevish population of the village. It has been the talk of the village for some time, and it will be until the next election is held, which will decide for us whether it will be another two years' reign of lawlessness, hoodlums, Makism (not to be forgotten), or whether it will be a reign of peace, managed by a set of moral citizens who will drive out the present evils and restore the peace of bygone years.

Let us drop the sewer question, the improvements, and give our thoughts to morality. Let "morality" become our motto from now on, even if we still have the Mak elphure and the division power. Furthermore, let us oust that Chicago grafter, Markman, and select somebody from the local field to take his place.

First, clean the village morally and then physically. If this is done West Hammond's future will again be as bright as it was in former years.

A WEST HAMMONDITE.

WITH THE EDITORS.

Promptness is one of the things which every young man should learn. It is necessary to be prompt in business affairs as it is to have a perfect character. Some men exact implicit promptness in business, but others are satisfied if their help is reasonably so.

FINANCE AND TRADE

(Special Stock Service to the Lake County Times). NEW YORK LETTER. New York, Oct. 8.—Stocks opened strong this morning in sympathy with higher prices from London.

Between Trains

Truth is Stranger than Fiction. A sailor named Taylor was wrecked on a whale—the sea was about to prevail. When lucky for Taylor the foundering whaler caught up with a lumbering whale.

The words which are stamped on the lid and sides of a cigar box are not merely fancy names, but terms actually descriptive of the cigar. A tobaccoist yesterday, "though few smokers take the trouble to find out the significance of these terms."

When John D. Rockefeller gives some city a small fortune for the purpose of erecting a library, certain yellow journals are ready to accuse the richest man in the world of raising the price of oil one-quarter of a cent in order to pay for it.

Obituary Notices. Annie Williams, aged 29, Hesselville, died at T. Margaret's hospital. Funeral Wednesday afternoon at Oak Hill cemetery.

Mrs. Sophia Nelson, aged 27, and infant child, will be buried Tuesday afternoon at Oak Hill cemetery. Services will be held at the late home, 516 Truman street at 2 o'clock.

John Christa, aged 32, Indiana Harbor. Mr. Christa was injured in the mill some time ago and died as the result of his injuries. Funeral arrangements have not been made.

Card of Thanks. We desire to thank our many friends for their acts of kindness and expressions of sympathy during our late bereavement in the death of our daughter and sister, Mrs. and Mrs. Frank F. Young and family.

HERE ARE THE FACTS THAT SPELL SUCCESS

For the truckers and farmers in the Gulf Coast region of Texas. Success in that country does not depend on uncertain weather and irregular rainfall. With the rich soil, the bountiful supply of water for irrigation, and the splendid, healthful climate the year 'round, the poorest, even the inexperienced trucker can make more than \$100 an acre, while the experienced man will make from \$200 to \$300 an acre.

Mr. W. R. Landrum, Omito, \$480 an acre from lettuce; Mr. P. B. Blalock, Brownsville, 60 tons sugar cane per acre, \$4 per ton; \$240 an acre; Mr. Caesar Kieberg, Kingsville, \$480 an acre from onions; Mr. L. C. Fuchett, Hidalgo, 8 cuttings alfalfa, average 1 ton per cutting, sold at \$12 per ton; \$96 per acre; Mr. John Closser, Hidalgo, 3 crops corn in 15 months, yield 50 bushels per acre each crop, 150 bushels per acre in 15 months.

WITH THE EDITORS.

of their total requirements for the year. This is only baggage on the total amount used. The price they get the ore at is cheap, especially as they do not invest one cent to make it and it requires no capital to take the ore. It also gives them practical monopoly of all the workable ore lands so far discovered in this country.

Jim Hill's speech ought to be read by every bull on the stock market, especially these in the west. Seldom, if ever, has an able captain of finance made such a speech; it was extremely plain and to the point.

Hill himself has lately bought a big jag of steel and is still holding it. General Electric is being put up on its large earnings; talk is an increase in dividend which is more than probable, and that the General Electric people have at last got control of locomotive. This ought to put that stock up; its earnings show up better than any other company so far this year 80 per cent increase in gross, 50 per cent increase in net.

Gold is still being imported \$1,000,000 just having been engaged; looks like cheaper money for at least next two weeks. Steel is well bought only the tailors are selling it for profit.

The directors of amalgamated copper will have a meeting Oct. 19 to increase dividend. Their metal sold as high as 21 cents, therefore they can't refuse to increase its dividend.

St. Paul is being accumulated on every little recession and is one of the best purchases on the list. J. L. D.

HAMMOND MARKETS

Table with columns: Description, Price. Includes Flour, Potatoes, Butter, Eggs, etc.

BATHING

Many people who take the very best care of their body on the outside give absolutely no thought to the cleansing necessary inside. Just think how foolish this is. You use soap to keep the dirt, germs and poisons that Nature refuses to work off naturally, and these impurities will stay there until you aid Nature to dispel them.

Quaker Herb Extract, a purely vegetable compound, made from herbs, roots, barks, berries, leaves and blossoms, acts directly on the stomach liver and kidneys and thoroughly cleanses the entire system.

Quaker Herb Extract is for sale by your local druggist, or is sent on request of price, \$1.00 Quaker Herb Co., Cincinnati, O.

Free booklet and circular sent to any address upon request.

Russell Sage Explained. Once there was a man, says Harper's Weekly, who thought Uncle Russell Sage ought to stop work. He spoke to him about it. "Why get together any more money, Mr. Sage? You can't eat it, you can't drink it. What good will it do you?" "I've play marbles?" Uncle Russell asked.

"Yes when I was a boy." "Couldn't drink 'em, could you? No use to you, were they? What did you play marbles for?"

New York Summer Exodus. Thirty-two thousand homes were closed in New York city while their occupants are at the summer resorts.

SPORTING NOTES

ADDITIONAL. THE LAKE COUNTY TIMES has had pictures taken of the Hammond baseball team, the high school football team and Mee's Athletics, the victors in the game with Michigan City yesterday.

Valpo Claims Championship. Valparaiso defeated La Porte by the score of 3 to 2 at the Porter county fair grounds yesterday, before a crowd estimated to be 4,000. The game was advertised to be played for the championship of northern Indiana.

Michigan City Defeats Crown Point. Crown Point met defeat at the hands of the strong Michigan City high school team by the score of 33 to 0. The first half was a walkaway for the Michigan City team and the first session ended with the score 28 to 0. Crown Point began to show strength in the second half, however, when they were able to hold their opponents to a single touchdown.

DANK STATEMENT

Table with columns: Description, Amount. Includes Capital stock, Surplus fund, Undivided profits, etc.

State of Indiana, County of Lake, ss. I, John W. Dyer, Cashier of the Commercial Bank, Hammond, Indiana, do solemnly swear that the above statement is true.

Subscribed and sworn to before me, this 24 day of October, 1906. [Seal] WALTER H. HAMMOND, Notary Public.
