FOUND DEAD BY DAUGHTER ON LANDING

Eric Ericson, who had been living with his daughter at 8736 Mackinaw avenue, was found dead yesterday afternoon by his daughter on the upper landing of the second story stairway. The man, who was 45 years old, had just made his way upstairs, and it is thought that the exertion proved too much for him. The deceased was known to be suffering with heart trouble and this is thought to have caused his death.

The inquest over the remains will be held this afternoon.

CONCORDIA SOCIETY RAISES MONEY FOR CHURCH.

East Side Young People Give An Elaborate Social at Sclipp's Grove in South Chicago.

The Young People's Society, "Concordia," of the East Side St. Petri church, gave an elaborate social last evening which was attended by a large crowd of church members and their friends. A large amount of money was realized through the efforts of the young people, which will be turned into the church treasury to be used for various purposes during the winter months.

Saloonman Is Dead

James Garret, a switchman on the Illinois Central, while standing on a box car at Ninety-fifth street, lost his footing when an engine jarred the car on which he was standing. He fell to the ground sustaining several painful injuries. He was taken to the South Chicago hospital. Garret lives at 5839 Jefferson avenue.

Switchman Is Hurt

Charles Monaghan, one of the best known saloonkeepers of South Chicago as proprietor of the Galey buffet, 9207 Commercial avenue, died last night at 8:45 at his home, 8213 Erie avenue. His death was due to a complication of diseases, he having ailed for a long time. The deceased was 40 years old and leaves a wife but no children.

Last Yates Meeting

The last Yates' meeting to be held in South Chicago during this campaign will be held tomorrow evening when Yates and his followers will gather in a big tent at Ninety-third street and Erie avenue. Henry W. Lee, candidate for trustee of the sanitary district, will also be one of the speakers.

Attend Convention at Detroit.

Joseph Yager and Nick Powelton of the South Chicago teamsters' union, No. 742, have gone to Detroit, Mich., where they will attend the teamsters' convention, which will last for over a week. Both the local men are good speakers and the local union can rest assured that they will be well represented.

TWO INJURED AT MILLS

Fly Wheels Catches Arm of Man in Wisconsin Steel Plant.

One man was seriously and another slightly injured yesterday afternoon at the Wisconsin Steel company's plant in South Deering. The first accident occurred shortly after noon when Perscheun Valerem, 10812 Torrence avenue, sustained a crushed arm while operating an unloading machine in the south end of the plant. Valerem's right arm was caught between two fly wheels and before he could release it his arm had been badly crushed. The man was taken into the South Chicago hospital where it will be necessary to amputate his arm.

The second accident occurred about 2 o'clock when Henry Peterson, an employee in the machine shop, was struck by a flying piece of iron and sustained a severe scalp wound. His wounds were dressed by a physician and later he was taken to his home in Pullman.

Comparative Riches.

He that is proud of riches is a fool. For if he be exalted above his neighbors because he hath more gold, how much inferior is he to a gold mine!—Jeremy Taylor.

WIFE SEEKS A DIVORCE

Kensington Woman Brings Charges Against Husband on Statutory Grounds.

An interesting suit for divorce proceedings has been filed in the circuit court by Mrs. Henry Herberts of Kensington, who asks for a divorce from her husband Henry, on the grounds of cruel and inhuman treatment. The testimony in some places is rich and is very interesting to an outsider. Mrs. Herberts asserts that on the evening of Jan. 1, 1908, when her husband poured water down her back when she was about to retire and when she screamed he told her to continue would mean her instant death, as he would shoot her.

Following this attack she says her husband chased her around the room with a butcher knife threatening to cut her throat if he caught her. She asserts that she was successful in keeping away from him, thus saving her life. In other sheet, Mrs. Herberts says her husband neglected her for other women and that he was a frequent visitor at the different resorts of Twenty-second street and Armour avenue. She further says that her husband at one time brought one of the inmates of a down town dive to their home and introduced her as his cousin from the east. Then she gives a graphic description of what followed.

It is said Mr. Herberts denies all of these charges and says that his wife has made false charges. A large number of Kensingtonites will be down town to hear the trial when it comes up for hearing.

FIRE IS NEAR HOSPITAL

Presence of Mind of One Nurse Saves Patients From a Panic.

For the past week prairie fires have made their appearance all over Calumet Heights. One of the fires was set near the South Chicago hospital which is situated at Ninety-second street and Oglesby avenue and it was only for the quick thinking of one of the nurses that a panic was averted.

The fire it is thought was set by some small urchins who take a delight in seeing them burn, the nurse who was on outside of the hospital at the time noticed the grass burning and at once took a broom and started to put out the blaze, she succeeded only after a severe fight as the wind was fanning the flames all the time. The nurse was burned a little about the hands but not serious and the patients did not know of the fire at all.

CASE OF DESTITUTION

Unfortunate Woman is Deserted by Her Husband Months Ago.

A case of utter destitution came to the notice of the police of South Chicago last night when Mrs. Mary Szepkoski, 3557 Sherman avenue, applied for aid to bury her five-month-old child which died yesterday evening.

Six months ago the unfortunate woman was deserted by her husband and since then she has heard nothing of him. A month after he absconded, a fourth child was born. The mother and her four little children lived as best they could, but yesterday the youngest child died after having a seizure with the extreme heat of last Tuesday.

The county will take care of the woman and her dead child until the family is in better circumstances.

GYMNASTIC INSTRUCTOR

Miss Lura Robison is in Charge at Besemer Park.

Miss Lura Robison of California has been chosen to succeed Miss Ferguson as an instructor at Besemer Park.

Though Miss Robison is a native of California, she has lived for the past two years on Boston, where she attended the Boston Normal School of Gymnastics.

Miss Robison is a very efficient worker, both in and out of the gymnasium, as she is an educated person, being a graduate of the California State Normal School and has been vice principal of the Blackford, Idaho, high school. The people of South Chicago should be highly gratified upon securing of such an excellent instructor.

The young ladies who have worked under Miss Ferguson, in the gymnasium, should rally to the work as directed by Miss Robison and help bring the work up to the highest possible standard.

Could Easily Cover the Land.

For Cold in the Head.

Snuffing a piece of sugar up the nose has often been known to bring relief when suffering from a cold in the head. Repeat the process several times a day, or as often as you find difficulty in breathing freely through the nostrils.

Lovely Time.

"Yes," remarked Mrs. Malaprop-Fartington, "we had a lovely time in Venice. There are no cabs there, you know, because the streets are full of water. One hires a chandler and he rows you about in a dongola."

A Question of Faith.

"Er de Btble said dat it wuz a rattlesnake dat swallowed Jonah, I'd believe it," said the old colored deacon, "but, thank de Lawd, dey wuz no rattlesnakes in dat day!"—Atlanta Constitution.

Simplicity.

"Don't," advises an advocate of short words, "say numerous when you mean many." Why say many when you mean lots?

Soldier and Schoolmaster.

Let the soldier be abroad if he will, he can do nothing in this age. There is another personage—a personage less imposing in the eyes of some, perhaps insignificant. The schoolmaster is abroad and I trust to him, armed with his primer, against the soldier in full military array.—Lord Brugham.

To Organized Labor And Its Friends

On the 8th day of August, 1908, an opportunity will be presented you of selecting by ballot, without interference of party machines, the candidates you wish to represent your affiliations at the election in November. If the voters wish to retain this political independence, who for them after a long and bitter struggle last year, it is essential that all go to the polls and vote their party nominations according to their own convictions.

In this connection, we fail to perceive the justice of the outcry about the various machines selecting slates. The machines have the same rights to recommend tickets or slates as the Municipal Voters' League or the South Chicago Trades and Labor Assembly. We do, however, condemn any attempt on the part of machines to restrict the number of candidates for the various offices. This is the greatest evil with which the voters are faced, and it remains for them to put it out of the power of bosses to punish any good men who have the temerity to contest for places on the party tickets against their wishes.
