MANY FOREIGN BORN ENROLL IN NIGHT SCHOOL THIS WEEK

Classes in night school are still open for enrollment. Up to date the number enrolled in the high school classes is larger than it has ever been before. The class in auto repair numbers 183 and 189 are enrolled in typewriting; stenography has 88, and sewing, 55. It is announced that there will be a class in advanced English but chemistry has been eliminated. Spanish will be taught by a native teacher. One-third of the night school students are foreign-born who do not speak English.

SCOUT RALLY FOR OCTOBER 23 TO BE ELABORATE AFFAIR

A meeting of the scout commissioners and the district deputy commissioners was held Wednesday evening at the Y. M. C. A. to make plans for the scout rally to be held Oct. 23 at Leeper park. There will be no preliminary contests in the districts as it was previously planned except in competitive drills. All the scout troops will participate in the events and scouts from Miles and Elkhart will be the guests of the South Bend scouts for the day. The Miles scouts' visit will be returned in the near future by the city scouts who will take the war canoes down the river to Miles, making an all night hike of the trip.

STUDY HELPS

Thousands of Short Stories. Short stories are interesting.

No wonder the old lady was surprised that the boys and girls do not read the dictionary more. "I like it because the stories are so short," she said.

A clever young fellow, invited to a party, was tipped off in advance that there would be a flag-guessing contest. He remembered that his big dictionary had pictures of flags of all nations, so he studied up in advance. Of course, he won the prize, but like a true sport admitted what he had done and refused to take it.

How many fellows would ever have thought that a big dictionary would help in such a case?

The other day, a girl wrote a story about Joshua Reynolds, famous English artist. The story did not tell when he lived.
 "Why don't you look up the dates of his life in the biographical dictionary in the back of the big dictionary?" her teacher asked. "I

didn't know there was one," exclaimed the surprised student.
 It took only a minute to find it: "Reynolds, Joshua, Sir, English portrait painter, 1723-1792."
 Did you know that in the back of the big dictionary, there is also a geographical dictionary where you can look up the names of any city, state or country that perplexes you in geography.

OLD MAN PUZZLE

"What number of figures multiplied by 4 will give exactly 52?"
 "Oh, give me a hard one—I know a number of 4 figures which, when multiplied by 10 gives exactly 1-8!"
 (Answer to yesterday's: If I bought turkeys for \$5 each, geese for \$2.50, and chickens for such a ridiculously low price as 10 cents, then in order to buy exactly 100 fowls with \$100 I would have to order 12 turkeys, 13 geese and 75 chickens.)

One authority says that what the Balkans need is a strong man and a humorous one. From which it may be judged that life in the Balkans is much like life anywhere else.

OLD LADY RIDDLE

Why can you never expect a fish-monger to be generous?
 (Answer to yesterday's "Which animal took the most luggage into the Ark, and which the least?" The elephant took most; he had his trunk. The fox and the cock took least; they had only a brush and a comb between them.)

 Hats of a Quality That Would Ordinarily Sell for \$8.50 and \$10

In the course of a busy season a leading maker accumulated about 500 hats that were not finished in time to go forward with the original shipments, and were set aside. All were originally made to sell wholesale for considerably more than this low price. We bought this entire lot at practically our own price, and are offering them at less than the actual cost of labor, trimmings and materials. Of course, all are favored new styles.
 No two hats in this remarkable collection are alike, which makes this event one of unusual interest to women who wish exclusive style at a moderate price. All are made of unusually good material, such as silk velvet, ducotyn, panne velvet, gold cloth and chenille and velvet combinations. Hand embroidery, fancy ostrich tassels, metal ribbons, fancy ornaments and novelty aigrette trimmings. Black and all leading colors are included in the lot.

Good Furniture Puts Real Comfort in the Home

Your home, the one place that intimately expresses your own personality and individual tastes, needs good furniture to complete its charm. Such furniture is now available in our great autumn display. Feel free to come in and see this exhibit whether you wish to make a purchase or not.

Heaters
 The great popularity of Florence Hot Blast heaters is due to the fact that they burn practically any kind of fuel and radiate the greatest amount of heat from the fuel used. They are sufficient to heat an entire house of moderate size or can be used very economically to heat large houses until real cold weather sets in. Splendid values from \$19.75 up.

Charming New Lamps
 If you are looking for a lamp that is unusual in design and different from the ordinary styles usually shown, come in and see our wonderful display of new fall lamps. The model shown, beautifully finished in polychrome with an art glass shade to match is priced at only \$29.75.

Odd Buffets
 So often all that is needed to complete the dining room is a new buffet that will harmonize with the rest of the furniture. The moderate prices as well as the large variety of styles and woods represented in our display will recommend themselves to you as a means of giving your dining room a different appearance at a low cost.

In Vernis Martin or White Enamel
 You may have your choice of either finish. A substantially designed steel bed that will give many years of real service, that will match practically any type of furniture, and its special price is only \$16.00.

The Last Day of Our Bed Davenport Sale
 Tomorrow is positively your last chance to buy these bed davenports at the low prices quoted. Come in and see them demonstrated. They save space, rent, coal and maid service, besides beautifying the home. Davenport shown above is \$59.50. In three-piece suite, with rocker and chair, for \$110.00. Other davenports at \$73.00, \$82.00 and \$100.00.

Grafonola Club Now Forming
 Many benefitted by our Christmas Grafonola Club last year. The plan is to come in and pay \$1.00 weekly and have your machine delivered a few days before Christmas.

An Unusual Bedroom Suite for \$225
 Here is a bedroom suite that is unusual in character, distinctive in design and priced at a real saving. It includes every piece shown above and while the illustration faithfully portrays this suite, you must actually see it to appreciate its unusual beauty. The finish is mahogany, a rich, golden brown mahogany that is usually found only on furniture priced at a great deal more than our special price on this suite. Every detail of construction and finish is perfect—a most exceptional value at \$225.

Cane and Mahogany for the Living Room
 For years the popularity of cane and mahogany suites for the living room has been growing, until this fall finds it the leading type of living room furniture, and rightly, too, for it is rich in appearance, charming in design and unusually comfortable in construction. The suite illustrated above is but one of the many different patterns now on display here at moderate prices. It is made in the popular Queen Anne period style with genuine mahogany frames, upholstered in beautiful figured tapestry.
