PREDICTS DRY NATION

"National prohibition is coming," President T. C. Wilson, of the prohibition party, is reported as saying in an address delivered in Montgomery yesterday.

In discussing the great duty of the legislators, Dr. Wilson said: "It is our duty and our patriotic duty to prevent that which is unlawful and will prevent that which is compulsory.

"Mr. Wilson's address was received with enthusiasm by the prohibitionists present and it is predicted that prohibition will now make its way in the state.

"And if that information is true the best thing we can do is to get a prohibition law passed in this state.

CHRISTIANS SHOULD CLEANSE OWN SOULS

"It is time that Christians should cleanse their own souls," said Mr. J. H. Brown, of the local church, at the Sunday service.

"We are called to purify ourselves, not to judge others. We must work to improve ourselves, not to find fault with others.

"This is especially true in the case of a Christian who is accused of a sin. It is easy for us to criticize others, but much harder to criticize ourselves.

"We must learn to be humble and to accept our own faults. This will enable us to help others to improve and to grow in faith.

"It was a wonderful evening, and we are all grateful for your hospitality.

"Let us all remember to be grateful for the blessings of family and friends, and to build strong relationships with those who are important to us.

"We should always strive to be a source of strength and support for those around us.

"Thank you again for having us, and we look forward to seeing you all again soon.

"Happy Thanksgiving to all," the family said in unison as they sat down to enjoy their meal.
