The Nation's Welfare

Every woman should do her duty in rearing a strong, vigorous and healthy generation. For the better generations, women awaiting childbirth have used the safe, external preparation "Mother's Friend". The drawn skin of the abdomen is made elastic, the muscles expand with ease when baby is born and the inflammation, breast glands and other soreness is averted. The tendency to morning sickness or nausea is avoided and this makes for the future health and nature of the child. Write to The Bradford Regulator Co., Dept. P, 205 Lamar Building, Atlanta, Ga., for their book, "Motherhood and the Baby". It is free to all women. Get a bottle of "Mother's Friend" at your druggist's today and do not neglect to apply it night and morning.
