## RICHMOND MARKETS

Scarcity of certain kinds of fish—particularly catfish and large herring—continued to curtail trade. Demand is unintermittent and sales are so rapid that stocks can not pile up. Lake Erie whitefish are out of the market because of failure of fishermen to get large hauls. Large herring have advanced. Red snappers, for which the demand is not as heavy as formerly are down 1c. Blotter mackerel has declined 5c. Halibut and whitefish continue to lead trade, but the demand is excellent for all kinds of fish.

## INDIANAPOLIS MARKETS

[Publishers' Press]  
Indianapolis, Aug. 16.—Receipts 3,500 hogs, 1,100 cattle and 550 sheep, against 11,704 hogs, 1,341 cattle and 475 sheep a week ago, and 7,136 hogs, 1,118 cattle and 476 sheep a year ago.  
Receipts of hogs were comparatively small. On account of continued small receipts, the tendency has been toward a higher level and with a further advance of 50c the market is now at 20c higher than the close of last week. Packers evidently realized that there is a poor prospect for liberal receipts and bought more freely than heretofore this week. There was also a fair demand from shippers and a prompt clearance was made.

**Cattle Steady to Strong.**  
There was a small run of cattle, but what was lacking in quantity was made up in quality. Among the offerings were better cattle than have been heretofore this season and in a general way quality and conditions were good. The market opened at strong prices for prime heavy steers and best cows and heifers. Steers that were lacking in quality weight or fat, met with rather a poor demand and were more or less difficult to sell at barely steady prices.

**Sheep Held Steady.**  
The supply of sheep and lambs was average, and with just about enough to encourage competition from buyers there was an active market. Prices were strong to higher. In extreme cases there was no advance but a considerable larger supply sold around top figures. A prompt clearance was made and the close was steady.
