Filipinos Are Amigo and Foe  
In the Selfsame Hour  
Says Chaffee.

### A SIGNIFICANT REPORT

War Department Has Made Public  
the First Annual Report of Gen.  
C. Adva R. Chaffee.

Conditions in the Philippines Dealt  
With From the Military  
Viewpoint.

Washington, Dec. 7.—The war department has made public the first annual report of Major General Adva R. Chaffee, military governor of the Philippine Islands. General Chaffee sums up the situation from a military point of view by stating that the provinces of Batangas and Laguna in Luzon and the islands of Samar, Mindoro, Cebu and Bohol constitute the area now disturbed by any embodied force of insurgents. He says that to the physical character of the country, to the nature of the warfare of the rebels, who are amigo and foe in the selfsame hour, to the humanity of the troops which is taken advantage of by the rebels and the inhabitants who sympathize with them, and to the fear of assassination on the part of the friendly disposed if they give information to the American forces, is due the prolongation of the guerilla warfare. Commenting upon the plan of gradually replacing military with civil administration General Chaffee says: "The withdrawal of interference with civil affairs does not contemplate withdrawal of the troops from their station to any considerable extent; on the contrary, this should not be done hastily, and when undertaken should be gradual and more in the nature of concentration than reduction of force or abandonment of any considerable area of territory."

He therefore recommends that there be no further material reduction of troops before January, 1903. The civil governments which are being organized—provincial and municipal—General Chaffee says are both new and untried, and there is but one certain and reliable method of ascertaining the progress of the Filipinos in self-government, namely, observation by the army. On the subject of the military government of the city of Manila, General Chaffee says: "In the government of Manila for three years, if the military have done nothing more, it is everywhere apparent that an excellent foundation has been laid and a turbulent and hostile community brought to observe the laws and individually be orderly; this has been done without undue harshness or severity of treatment of the inhabitants."

General Chaffee devotes a good part of his report to the terrible disaster which befell Company C, Ninth Infantry, at Balangiga, Samar, and which he says was "largely due to overconfidence in assumed pacified conditions, and in a people who to a great extent are yet strangers to and unappreciative of our humane and personal liberty, beliefs and actions. American soldiers, he says, fail to discriminate between real and assumed friendship on the part of the Filipinos."

A table is submitted showing that since June 19 last, the date of the last table submitted by General MacArthur, up to Sept. 15, 351 Filipino officers and 3,628 men surrendered to the American military, and 26 officers and 494 men were captured.

**On the Girl's Evidence.**  
Kansas City, Dec. 7.—Walter Cavanaugh, who forced his sweetheart, Daisy Wheeler, a 17-year-old girl, to steal \$1,200 in pension money from her widowed mother and flee with him to Chicago, was found guilty in the criminal court here yesterday and given a five-years' penitentiary sentence. Cavanaugh was convicted on testimony given by the girl.

**Police Make Big haul.**  
St. Louis, Dec. 7.—The rooms of the Southern Telegraph and Money Order company, where, it is alleged, commissions are placed on horse races, was again raided yesterday afternoon by a squad of police and detectives. The rooms were crowded and every occupant of the place was taken. In all, eight wagonloads of men were taken to the four courts.

**Will Go to Kansas City.**  
Chicago, Dec. 7.—After a spirited contest between friends of Portland, Ore., and Kansas City, Mo., the National Livestock association yesterday closed a successful convention by selecting the latter city as the place for the next convention. This convention will begin the second Tuesday in January, 1903.

**Surrender Impending.**  
Sofia, Dec. 7.—The surrender at Salonica of Miss Ellen M. Stone, the American missionary, and her companion, Mme. Tsilka, is impending.

**Unemployed Rioting.**  
Vienna, Dec. 7.—Thousands of the build up unemployed are rioting daily at Prague, and strong forces of police are preserving order there.

## DRY VILLAGERS

Organized "Beer Clubs" and Now  
They are Sorry.  
Crawfordsville, Ind., Dec. 7.—The temperance people in the neighboring towns of Waveland and Russellville have been making it interesting this week for the illegal dealers in liquor. The absence of saloons in the community, and the unvarying demand for strong drink, induced a number of men slyly to indulge in unlawful traffic. They organized "beer clubs," the secretaries of which bought the stuff in large quantities and sold it to their friends. This procedure was reported, and Elias Campbell of the government office at Terre Haute took the matter up this week. A. L. Courtney of Waveland, general secretary of the "subordinate lodges," was first arrested and fined. He disclosed the identity of the others, who were at once taken in charge and forced to pay penalties.

**Further Arrests Made.**  
Vincennes, Ind., Dec. 7.—Thomas Dant, Thomas Hefty and Samuel Price, coal miners, were yesterday arrested charged with inciting a riot and attack on non-union miners at the Prospect Hill coal mine two weeks ago, in which two men were almost beaten to death. It is alleged that these men had 300 miners from Montgomery, Washington, Petersburg and Princeton to come here and do the work. There are now eight men in jail charged with riot, and 22 bench warrants for as many more miners who participated in the raid.

**More Trolley Line Plans.**  
Wabash, Ind., Dec. 7.—A company composed of North Manchester citizens has been granted an electric railroad franchise, covering two routes, one from this city north by way of Manchester to the Kosciusko county line, and another from Wabash south to the Grant county line. The total length of the two lines is 26 miles. The commissioners require the company to begin work in two years, and complete the road by Dec. 1, 1905.

**Boy Slasher Leaves State.**  
Dillsboro, Ind., Dec. 7.—John Miller of Milton, who was stabbed one week ago in a fight with two other 15-year-old boys, will probably die. The weapon, a pruning knife, entered his bowels. Ernst Miller, who is alleged to have done the cutting, has left the state.

**Walked From the Train.**  
Greensburg, Ind., Dec. 7.—Frank Bowers, near Westport, while returning on the accommodation train from Indianapolis, fell asleep, and he was found lying on the track near Adams, badly injured. It is supposed he walked off the train.

**A Sweetening Influence.**  
London, Dec. 7.—The Spectator today contains a highly eulogistic article on President Roosevelt's essay, "The Citizen and the Public Man," saying that in this essay one sees a man with the inflexible moral vigor of Cromwell. "We are convinced," says the article, "that President Roosevelt is going to play a great part and a good part if he continue his work in the spirit which inspires this remarkable sermon. He will prove the most sweetening influence in the whole lump of American civil life that has been known for many years."

**Mr. Crumpacker's Bill.**  
Washington, Dec. 7.—Representative Crumpacker of Indiana has introduced a bill for an amendment to the apportionment act, so that the membership of the house of representatives will be 372. The representation is based on the vote cast instead of population. It reduces the representation in the Southern states and makes increases in Northern states.

**The Treacherous Ice.**  
Ottawa, Ont., Dec. 7.—Miss Bessie Blair, daughter of Hon. A. G. Blair, minister of railways and canals, and H. A. Harper, assistant editor of the Ottawa river last evening. They were at a private skating party, and getting separated a little distance from the others, broke through the ice at a point where the river is swift.

**Tolstol Resumes Work.**  
Odessa, Dec. 7.—Count Leo Tolstol has quite recovered from his recent illness. He takes daily walks and has resumed his work.

## Old as the Pyramids

And as little changed by the ages, is Scrofula, than which no disease, save Consumption, is responsible for a larger mortality, and Consumption is its outgrowth.

It affects the glands, the mucous membranes, tissues and bones; causes bunches in the neck, catarrhal troubles, rickets, inflamed eyelids, sore ears, cutaneous eruptions, etc.

"I suffered from scrofula, the disease affecting the glands of my neck. I did everything I was told to do to eradicate it, but without success. I then began taking Hood's Sarsaparilla, and the swelling in my neck entirely disappeared and my skin resumed a smooth, healthy appearance. The cure was complete." MISS ANITA MITCHELL, 915 Scott St., Covington, Ky.

## Hood's Sarsaparilla and Pills

Thoroughly eradicate scrofula and build up the system that has suffered from it.

**Report.**  
Washington, Dec. 7.—The aid on eminent authority that Admiral Dewey has denied the statements published yesterday that the Schley court of inquiry had reached a decision in the case, and that Admiral Schley had been found guilty on five counts.

**A CHRISTMAS PRESENT**  
May Be Senate's Ratification of the "Big Ditch Treaty."  
Washington, Dec. 7.—The senate committee on foreign relations held a meeting yesterday and ordered a favorable report on the new Hay-Pauncefote treaty. The favorable report was made by unanimous vote. Senator Bacon reserved the right to

LORD JULIAN PAUNCEFOTE

offer amendments to the treaty during its consideration in the senate, but he announced that he was so anxious to see the work of constructing the canal inaugurated early that he would not interpose any objection to a favorable report being made on the treaty now. It is the intention of Messrs. Frye, Cullom and Lodge, who will have charge of the treaty on the floor, to call it up for consideration in executive session early next week. They hope to have it ratified before the Christmas recess.

## PLUNGED TO DEATH

**A Mountain Freight Goes Down  
The Hundred Feet.**  
Vancouver, B. C., Dec. 7.—As a Canadian Pacific freight train was proceeding east at a slow rate around a dangerous curve 400 feet above the Fraser River yesterday, Engineer Randall suddenly came upon a rock slide 50 yards ahead of him. A signal was given to the brakemen and the engine was reversed, but too late. The train was going scarcely five miles an hour, but the heavy train behind piled the engine on the rocks, and before the engineer and fireman could jump the engine rolled over and over 300 feet down the sheer bluff toward the river. Engineer Randall and Fireman Potruif were crushed to death beneath the engine. Three cars were wrecked, going over the bank after the engine.

**Work of Train Wreckers.**  
Portland, Ore., Dec. 7.—The east-bound passenger train on the Oregon Railway and Navigation company's road was wrecked 12 miles east of the Dalles yesterday afternoon. The engine turned completely over, and Engineer Maurice Cavanaugh was badly scalded and perhaps internally injured. Fireman Frank Crase was seriously injured. None of the passengers was hurt. The wreck was undoubtedly the work of train wreckers. A 7/8-inch square nut had been placed on the outside rail of a three-degree curve.

**War Dogs Called Off.**  
Washington, Dec. 7.—Secretary Long has ordered Captain Perry of the battleship Iowa, now at Panama, to proceed down the Chilean coast to Talcahuano, where the ship is to be docked and overhauled. He also has ordered Commander McCrea of the gunboat Machias, at Colon, to bring his vessel north, stopping at San Juan, Porto Rico, on her way home, for coal.

**Not Officially Confirmed.**  
Caracas, Venezuela (via Haytien cable), Dec. 7.—Columbia has not yet notified Venezuela of the reported rupture of diplomatic relations between the two countries.

## TERSE TELEGRAMS

The woolen goods trade is enjoying the most phenomenal boom in its history. Burglars robbed the depot safe at Wilmington, O., bound and gagged the operator and escaped.
