Lydia E. Pinkham Med. Co., Lynn, Mass.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant,—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the uterine system, positively CURING disease and restoring health and vigor.

Marvellous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it can be relied upon to effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. No living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice.

Harness for show

and harness for every day use may mean a difference in quality in some makes—here they are identical in strength and durability. More style, of course, in fancy driving harness; but all our harness is made from good stock and every set maintains our reputation as to workmanship and finish. All sorts of horse equipments at very moderate prices.

The SPORTING WORLD

The Corbett-Fitzsimmons Match.

The Fitzsimmons-Corbett match has aroused great interest throughout the country. It is the outcome of much talking on the part of both fighters.

JIM CORBETT, WHO WILL AGAIN FIGHT FITZSIMMONS.

The coming meeting will be the second time the veterans have faced each other in the fistie arena.

Fitzsimmons was the first man to score a knockout against Corbett. This happened when he whipped him for the championship at Carson City, Nev.

It should be a great fight, as there is no love lost between "Gentleman Jim" and "Lanky Bob." Corbett has not forgotten Carson City, and Fitz says that Jim will prove "easy meat."

Trap Shooters to Organize.

The Crescent Athletic club of Brooklyn has taken steps for the formation of one of the largest amateur trap shooting bodies extant. It is proposed to bring together the gun clubs of the University of Pennsylvania, Georgetown, Yale, Harvard, Cornell and Princeton universities and perhaps a western university, the Chicago Athletic association, New York Athletic club, Boston Athletic association and the Crescent Athletic club of Brooklyn.

The membership of all the clubs named outside of the intercollegiate bodies is largely recruited from the universities, and it is proposed to form a big body where amateurs may meet at the traps, barring the wily professional entirely and making the association a body worthy of the support of the best sportsmen in the country.

American Yacht to Race in Europe.

For the first time in nine years an American yacht is to be sent across the ocean to take part in the big regattas of England, France and Germany.

Commodore Morton F. Plant of the Larchmont Yacht club, New York, has decided that it is about time Uncle Sam was represented in the aristocratic yachting features on the other side and will send his crack schooner yacht Ingotmar to England next spring. The last yacht to be sent to represent America abroad was the Vigilant, owned by George J. and Howard Gould.

Commodore Plant has engaged Captain Charley Barr to take charge of the yacht, and preparations have begun to take the craft on its journey.

Eastern Horse Racing's Need.

The impression is abroad that before next season opens up the Eastern

Jockey club will have yielded to the general dislike of horsemen by appointing a board of handicappers. Not a day passes that this reform is not favorably advocated by both owners and trainers. A canvass of eastern owners recently showed that 80 per cent of them were desirous of a change. It is said that several millionaire turfmen have followed the original suggestion made by Mr. Bell and have promised to use their influence with the racing authorities, who are seriously considering the matter.

Automobile Races in 1934.

The competitors for automobile races in 1934, according to all reports, will number nearly threescore and perhaps more. Nearly every factory is now at work constructing from one to three cars for the race track, and the prominent importers are planning to be represented actively in the field. The late kilometer record trials on the Dourdan road, in France, had 115 competitors, of whom quite a number may be seen in this country next season.

Jack O'Brien's Return.

Jack O'Brien's return to America is stirring up a lot of interest in fighting circles, and Ryan will have to give some attention to his challenge also if he expects to remain in the ring. If Tommy should decide that he has enjoyed all the fighting he wants this time on earth and retires it is quite likely that the long deferred match between Fitzsimmons and O'Brien will come to a head.

Fast Automobile Boat.

An automobile boat made a mile on the Hudson river in 2m. 36s. She is thirty feet long, four feet beam and has a four cylinder twenty-one horse power engine placed forward, so that the engine and wheel are controlled by one man.

Cornell to Build Harvard's Shell.

The shell which the Harvard varsity crew will use in its race with Yale on the Thames next June will be built at the Cornell boathouse by James Hoyle.
