

Vacation in Glen Miller

The vacation spent at the seashore, or at some fashionable mountain retreat cannot be otherwise than enjoyable, though the expense necessary prevents the majority of persons from such indulgence. The essential result of any successful vacation is enjoyment. The

Richmond Chautauqua

This year offers the Richmond people and those of Wayne and adjoining counties exceptional opportunities for a most delightful outing. A home in the west's most beautiful park for a period of eleven days for \$3 or \$3.50. The incidentals are modest, the living expenses cheaper than the same could be provided at home. Can you imagine a more economical outing or one that could be spent in a more delightful place? And then, too, you will have

KIBBEY GIVEN OFFICE BY SPANISH VETERANS

Richmond Chosen Chaplain at Kokomo Meeting.

PLANS FOR CLOSER UNION.

Frank C. Kibbey of Richmond, was chosen chaplain by the Indiana veterans of the Spanish-American war, in session at Kokomo. A dispatch from there says:

Those who attended the reunion of the One Hundred and Fifty-eighth Regiment, Indiana Volunteer Infantry; the Fourteenth United States Signal Corps and the fourth annual meeting of the United Spanish-American War Veterans in this city Wednesday were more than delighted. The gathering has been responsible for the proposed formation of closer ties than have ever before existed among the veterans of these organizations.

While he disliked to oppose the ambitions of the representatives of Hammond, Ind., who asked for the next state encampment of the Spanish-American War Veterans, the appeal of Col. Russell B. Harrison of Indianapolis at the business session of the organization won the day.

The colonel's motion prevailed that the time and place of meeting next year be left in the hands of a committee with the avowed purpose of perfecting a reunion among the five regiments of Indiana which participated in the Spanish-American war service at an agreeable time and date, dispensing with the several reunions of these regiments, which have characterized the past.

BUYS A SUBURBAN HOME

William Arnold Will Return to Richmond Soon.

William Arnold of Union City has purchased a fine suburban home east of the city. He purchased five acres of ground with the old homestead and about three hundred fruit trees off of the southwest corner of the State Line fruit farm. Mr. Arnold will move about September 1st and will attend school at Earlham college this winter. He formerly was a teacher in the local business college.

THE NEWS OF FAIRVIEW.

Mrs. Anna D. Cluggish of New Castle, Ind., visited her parents at the Third M. E. church parsonage the first of the week. She returned home Tuesday.

Mr. Jones' daughter and children have been spending a few weeks at the homestead. They returned to their home in Ohio the first of the week. Mrs. Jones accompanied them as far as Dayton. Mrs. Jones and Mr. and Mrs. Cook and their daughter Julia spent last Sunday with Mr. Cook's brothers south of Centerville.

W. N. Phillips, the government employee at the Ratliff farm, has been called home on account of sickness, and O. G. Kelly has been appointed to temporarily take his place.

Mr. and Mrs. J. F. Schlagle went to Economy Tuesday morning on a visit to friends. They returned in the evening.

The ice cream festival given by the trustees of the Third M. E. church on the church lawn, was well patronized. Wm. Hippard was present with his automobile and took all who wanted to ride at five cents each. O. F. Cooper furnished entertainment with his graphophone.

The house willed by the late Mrs. Hannah Lamb to the Third M. E. church will be sold soon at administrator's sale. Any person wishing to buy can inquire of the pastor, the Rev. O. S. Harrison.

H. L. Splink is doing business in Cincinnati and has been for several weeks. He was at home last Sunday with his family.

The weeds on some vacant lots are nearly as high as the tops of the windows in the adjoining houses.

Value of a Cheap Acid.

In a vessel of platinum lined with gold some sulphuric acid hissed. "The vessel is costly, but the contents are hardly worth 2 cents a quart," said the chemist. "Yet you have no idea what a public benefactor sulphuric acid is. Without it, for instance, we could have none of the finer sorts of Fourth of July fireworks, and neither could we have any more war, for gun cotton, nitroglycerin, lyddite, dynamite—in fact, all the high explosives—could not be made without sulphuric acid. Without it we could have no coal tar dyes. It is this acid that releases the lovely colors locked in coal tar's black slime. Without it the farmers would have none of the wonderful superphosphate fertilizers. It is sulphuric acid that, poured on worthless old bones, turns them into a marvelous soil stimulant. Yes, this, the cheapest of all acids, is admitted to be the most valuable of all acids as well."—Exchange.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

Is The Stomach Dispensable?

An operation for the removal of the stomach, in a Chicago hospital recently, promoted discussion among the surgeons whether the stomach could be removed and the patient be none the worse for it. Before the discussion had well died out, the patient had died. It demonstrated the stomach is in good condition, and cure consist in proper diet, indigestion, etc., use the great herb laxative compound, Dr. Caldwell's Syrup Pepsin. Druggists sell it at 50 cents and \$1 a bottle.

PROF. AULT RETURNS HOME

Sickness Interfered With His Trip to Europe.

Cambridge City, Ind., Aug. 8.—Prof. Lee Ault has returned from his European trip. He spent some five weeks in England, principally southern or older England. Owing to sickness he was unable to extend his journey to Ireland and Scotland, as contemplated. He spent eight days in London in the hands of personal friends, and this enabled him to get a glimpse of the greatest city in the world. He also visited the other principal cities, but found his greatest pleasure in the agricultural regions.
