 ods, flooding, leucorrhoea, kidney, bladder and liver troubles, makes childbirth easy and regulates the change of life. For the critical period of transition from maidenhood to womanhood it is a matchless remedy. All women unite in praising it and all who have used it rejoice in perfect health.
 Mrs. Paul Burns, Parshallville, Mich., writes: "I want all my friends to know the great good Zoa Phora has done for me. I suffered for months with nervous prostration, sick headache and kidney and bladder trouble. After holding consultation, four doctors said I could not live without an operation, and I was too weak to have one. Bunches formed in my bowels and I became so sore that I lost the use of my limbs. The doctor called the bunches tumors. He said that I also had a floating kidney, and would not be any better until I had it sewed in place. After using one bottle of Zoa Phora, I could stand on my feet, and after taking three bottles I could walk around the room, and after the fourth bottle I was able to walk out-of-doors."
 Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

ATTENTION, FARMERS!

Why remain in the North and stay in doors six months in the year consuming what you raise during the other six months?
 Go South where you can work out doors every month in the year, and where you are producing something the year round. If you are a stock raiser you know your stock are now "eating their heads off" and, besides have to be protected from the rigors of winter by expensive shelter.
 Economical stock feeding requires the combination of both flesh-forming and fat-forming foods in certain proportions. Alabama and Florida produce in abundance the velvet bean and cassava, the first a flesh producer, and the latter a fat producer, and they are the cheapest and best fattening materials known to the world.
 More money can be made and with less labor, in general farming fruit and berry growing and truck gardening along our road in the South than in any other section of the Union.

Amusements

Should Attract Attention.

Patrons of the Gennett theatre who are not supporters of repertoire companies will be one train interested in the coming engagement of the King Dramatic Company. It will give sterling revivals of "Faust," "Carmen," "Under the Polar Star," "Dutchess Dunlavy," a fact that should arouse general attention over the engagement which covers all of next week. Ladies free with one paid reserved seat Monday. Dime bargain matinees daily commencing Tuesday.

The boys at the Gennett theatre are making their last "roundup" before the occasion of their first benefit which occurs tomorrow afternoon and evening, when Gus Sun's minstrels will make their first bow to the theatre going public of this city. Mr. Sun has one of the truly good musical shows now touring the country and leaving out of the question the fact that he plays a benefit date, his company should be greeted with "packed houses" at both performances. The program is unique in that it is filled with many specialties, really funny comedians and catchy musical numbers. The stage employes of the Gennett will be honored by having such an attraction for their first bill and the company is to be congratulated on playing for the best crowd of stagemen in the central circuit. Their names appear on the roster as follows: Alf E. Noverre, stage manager; Edgar Engle, head flyman, and lithographer, Paul Hartcorn, electrician, Fred Dann, Walter Maye, Gurge Pavey, Roy Peck, Frank Newman, Harry Camplin, G. R. Goodwin and John Long.

Tomorrow at noon Gus Sun's minstrels will parade the principal streets and at 2 o'clock his splendid band will give a concert in front of the theatre—Matinee at 2:30 o'clock—band concert at 7 o'clock. Night curtain 8:15. Don't fail to see and enjoy this splendid attraction.

The advance sale for the King Dramatic company is now "on." Those who are wise will secure seats early, for the reason that the "Dutchess Du Barry" will pack the house Monday evening.

The advance sale for St. Joseph's Benevolent Society minstrels opened this morning at Nixon's and indications point to "capacity business," both Monday and Tuesday evenings at the Phillips. Dress rehearsal will be held tomorrow evening and Sunday evening and the programs will be the best ever presented by a local cast.

Saves Two From Death.
 "Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by A. G. Luken & Co. Trial bottles free.
