## ANOTHER SUICIDE IN THIS CITY

JACOB KELLEY WHILE BROOD-  
ING OVER TROUBLE KILLS  
HIMSELF

BULLET ENTERED EAR

And Came Out Through the Top of  
His Head—The Coroner's  
Verdict.

Another suicide in Richmond and another crime to be laid at the door of the monster evil intemperance. Jacob Kelley, who lived at 337 north sixteenth street, aged about sixty years, was down town yesterday afternoon and was drinking. He returned home about supper time, but refused to eat anything, telling his wife he had a "racket with a fellow down town and that he was mad." He went to a drawer where he kept a revolver and taking it out put it in his pocket and went up stairs.

His wife and daughter became suspicious, but were afraid to follow him, so one of the girls went to a neighbor's house to tell her brother about their father's actions and to have him try and coax the revolver away from him. The brother and sister had left the neighbor's house and were returning home when they heard the report of a revolver. They

## TEST MILL RELIC OF PIONEER DAYS

IS BEING TORN DOWN—BUILD-  
ING FALLEN INTO DECAY  
—WALLS CRACKED.

BUILT BEFORE 1850

Has Burned Three Times and Col-  
lapsed Once—Dye House  
Haunted, 'Tis Said.

An old relic of the pioneer days of Wayne county is being demolished. The old Test mill, along the White-water, a few miles south of this city, is now being torn down by a force of men and in a few days this familiar landmark will be a thing of the past entirely and no traces of it will remain.

Building Unsafe.

In the past year or so the bricks of the building have literally decayed and have lost their firmness. Great cracks, some of them several inches wide and many feet long, have appeared in the sides of the mill and the owners, fearing that its sudden collapse some day might prove a source of accident to some one have decided to remove both the mill and the dye house near it.

Fallen Into Decay.

The mill presents a pitiable sight, dilapidated and antiquated almost to ruins in parts. Fifty years ago it was the largest in the county and a

LOUIS.

ily—Married in This City Some  
Time Ago.

The unconfirmed report reached this city last evening that John Hiser, son of Mr. and Mrs. Hiser of Hiser's Station, got into an altercation in St. Louis and was killed. On hearing this Benjamin Hiser, a brother left for St. Louis and after his arrival telegraphed his parents that John had been fatally shot. The message did not say whether John was dead or not. Mr. Hiser is about 32 years of age and the youngest member of the Hiser family. A year or two ago he married Miss Esther Griffin of this city and moved to St. Louis. The whole affair is a mystery to the family here and they are very much wrought up over it. They are expecting word every minute.

## PRIZE FIGHT

Said to Have Occurred Last Night  
East of Richmond.

In the Cincinnati and Hamilton papers for the past few days the following notice appeared: "Fight at Richmond, Tuesday night, between Jim Fields of Cincinnati and Hank Griffin."

The advertisement is a modest one, nevertheless if one could read between the lines it meant a good deal. Prize fighting is barbarous, and is not sanctioned by law or good order. Fights are arranged for quietly and without much publicity. We understand that the fight did occur at some point east of Richmond, and that a good-sized crowd was present. We were told that the bout was not very exciting and that it terminated in Hank Griffin's favor.

Another name has been added to the list of those killed this year by the railroads, that of F. B. His body cut to pieces, bruised, and with the face crushed beyond recognition, was brought to this city, his home, last evening at five o'clock. He lived at 122 south Eighth street.

Manner of Death Unknown.  
No one seems to know exactly the cause or manner of Timberlake's death, some alleging one thing and some another, and probably no one will know exactly how it occurred. He was working on a work train that came up from Cincinnati to Hamilton and took charge of a cut of cars that were being switched back to Cincinnati. When the train reached Nor-
