

REPUBLICANS ARE PLEASED

POINT OUT THERE WAS LACKED AMOUNT OF ENTHUSIASM.

CURIOSITY IS THE MOTIVE

What Attracted a Large Per Cent of His Crowds.

Republicans are immensely pleased with the Bryan meeting held here. They point out that there was a marked lack of enthusiasm and that place of that quality which was marked four and eight years ago, there was only curiosity to see the man and a disposition to treat his remarks as though he were a vaudeville performer sent out to entertain a word, no local Republicans believe, Mr. Bryan was taken seriously. He had been too bitter against the present Democratic platform and the Democratic nominees, and his words were not "ring true." He devoted much of his time to denouncing Imperialism and did not make a single statement according to those who heard him through, that meant out that any material gain could be secured from voting the Democratic ticket this fall. To be sure he led the people to vote for Parker Davis, but as to why this should do he was very hazy, conveying the impression that monopolies should be given a black eye by so doing but not backing up his statements with facts. His arguments, in the standpoint of an unbiased man, were weak. He seemed to say every sentence, to those that could hear between the lines: "I am doing my whole duty as a Democrat by supporting Mr. Parker, but just wait until I get a chance at him!"

Be The Gathering of Educational Men at Cincinnati.

Cincinnati, O., October 16.—The Senate's Committee appointed to assist the Board of University of Cincinnati Trustees in making the inauguration of President Dabney the greatest educational event this part of the country has ever known, held meeting Saturday afternoon at headquarters established in the Ohio Building. John Warrington was chosen chairman of the committee, after which Mr. Frank Jones addressed the meeting. He stated that the largest gathering of prominent educational men ever gathered in this country would assemble in Cincinnati on November 16 to attend the inauguration of President Dabney. The presidents of three big eastern universities, Presidents Hadley, Wilson and Elliott, come, if possible, or send a representative, and every other big institution of learning in the country have either its president or a member of its faculty in attendance. Secretary of War Taft will rearrange his appointments so as to be able to attend and respond to one of the banquets. President Roosevelt was invited, but will not be able to attend, although he stated he would rather visit Cincinnati than any other city. Governors Herriek, of Ohio, Beckham of Kentucky, and Durbin, of Indiana, have been invited and will attend the general committee, college presidents and the governors will occupy the stage at Music hall, and invitations will be sent out for exercises on the morning of November 16. The Grand Hotel will be headquarters of the entertainment and the banquet will be held at the Phoenix Club.

MUST EAT CHICKEN

Turkeys Will Be a Luxury For Thanksgiving This Year.

Turkeys this season will be scarce in all parts of the country with the exception of the East. Locally speaking the American bird will be exceedingly scarce. Local farmers have lost a great many of the birds while young. Discouraged by this a majority are raising ducks, geese and chickens for the Thanksgiving trade. Turkeys will command high prices in the local market.

In the East all large buyers are trying to purchase every turkey in the land. Their ideas are to buy the birds out west, thus cornering the market in that section of the country, then ship the birds back to the East and secure fancy prices for them. In the west will be a shortage and dealers will not be able to "buck" against the Eastern men, because they will have no turkeys.

Shipped rabbits are expected to arrive in the local market either next Tuesday or Saturday. They will retail at about 25 cents each, but the price will decline as soon as the hunters get in their work.

PEARS

Are Now as Cheap as Potatoes—Housewives Thankful.

Pears continue to flood the commission market. The demand is heavy, however, and the only result of the inpouring of the fruit is the lowering of prices to a mark slightly below any recent figure. An excellent quality can be obtained at 50 cents per bushel, or at the same price paid for potatoes.

Housewives who are preparing their winter fruits are in a paradise. From present appearances, the keepers of boarding houses can inflict a daily diet of stewed or preserved pears on their suffering boarders, in the place of the usual routine of prunes.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
