In this week's issue of the Saturday Evening Post, William Jennings Bryan is the author of an article on "The Reorganization of the Reorganized Democracy."

"Whether the overwhelming victory won by the Republican party in the recent national campaign is to be considered as an endorsement of the president and his policies, or as a rebuke to the Democratic party, is a question which can not be fully determined until the returns are complete.

"The article tells of the many things that might have been done and would have been accomplished had Judge Parker been elected. Bryan's idea is to seek out all the reforms that are needed in this country and embody them in a Democratic platform and select a strong man (Bryan) to represent the party on the Democratic ticket.

"Judge Parker's position on the question of imperialism was strongly stated. He was not only in favor of ultimate independence for the Filipinos, but he was in favor of making an immediate promise in order that the Filipinos might know that they were to be treated as the Cubans were treated.

"Judge Parker also stood for a reduction in the army, the minimum strength of the army having been more than doubled during the last eight years. The increase in the ap-

Proportions for the army amounts to more than \$50,000,000 a year, and there was every reason why the Democrats in general should protest against this unnecessary addition to the expenses of the government.

"Then, too, the president's utterances had made him appear as a military enthusiast, while Judge Parker, both in opinion and in disposition, was the very antithesis of the president. Judge Parker thus stood for a number of things which Democrats regarded as important, and toward the close of the campaign his attacks upon the president for accepting campaign contributions from the trusts encouraged many who felt that his earlier utterances on the trust question had not been sufficiently emphatic."

The Grip Leaves Thousands in its Path Weak, Nervous, Dyspeptic, Catarrh Wrecks.

From New York Journal. "During the recent Grip epidemic, claiming a million victims or more, the efficiency of Peruna in quickly relieving this malady and its after effects has been the talk of the continent."

LIKE A DEMON grip has crossed our country, leaving behind scores of physical wrecks. Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands. Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is so true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

A New York Alderman's Experience. Hon. Joseph A. Flinn, alderman Fifth District, writes from 104 Christopher street, New York City, as follows:

"When a pestilence overtakes our people we take precaution as a nation to preserve the citizens against the dread disease. 'La grippe has entered thousands of our homes this fall, and I noticed that the people who used Peruna were quickly restored, while those who depended on doctor's prescriptions, spent weeks in recovering, leaving them weak and emaciated.'

"I had a slight attack of la grippe and at once took Peruna, which drove the

disense out of my system in a few days and did not hinder me from pursuing my daily work.

"I should like to see our Board of Health give it official recognition and have it used generally among our poor sick people in Greater New York."—Joseph A. Flinn.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.:

"Following a severe attack of la grippe I seemed to be affected badly all over. I suffered with a severe backache, indigestion and numerous ills, so I could neither eat nor sleep, and I thought I would give up my work, which I could not afford to do.

"One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. I used it faithfully and felt a marked improvement. During the next two months I took five bottles, and then felt splendid. Now my head is clear, my nerves steady, I enjoy food, and rest well. Peruna has been worth a dollar a dose to me."—D. L. Wallace.

Mr. O. H. Perry, Atchison, Kansas, writes: "Again, after repeated trials of your medicines, Peruna and Manalin, I give this as my expression of the wonderful results of your very valuable medicine

in its effects in my case after repeated trials.

"First, it cured me of chronic bronchitis of fifteen years' standing by using two bottles of Peruna in January, 1894, and no return of it.

"After I was cured of bronchitis I had la grippe every winter for several winters. But, through the use of Peruna, it got gradually weaker in its severity, until it dwindled down to a mere stupor for two or three days. Now the stupor does not trouble me any more."—O. H. Perry.

A Congressman's Experience. House of Representatives, Washington, D. C. Peruna Medicine Co., Columbus, Ohio. Gentlemen—"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very respectfully, George H. White. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
