Mrs. Chadwick worked those Ohio bankers as if they were wax. Yet some of us have wives who couldn't stand off the bread man.

Our sailors stationed at Cuba have complained to the naval authorities at Washington because they have to do landsman work. They love to fight but working is ungentlemanly.

The Washington Times is printing articles showing that man is nothing but particles of electricity held together by natural law. Some people seem to be all electricity and no law.

President Roosevelt has given the railroads of the country to understand that the inter-state Commerce Commission is not to be used for ornamental purposes.

It is not difficult to understand Mrs. Chadwick's desire to get back to Ohio. She has a warm spot in her heart for those Ohio bankers.

## MOTHER AND CHILD

Scott's Emulsion is cod liver oil made almost as palatable as milk. It is easy and soothing to the weak stomach; it checks the tendencies of children toward thinness.

Scott's Emulsion gives strength to weak mothers because it creates healthy flesh and new blood.

Nursing mothers will find a special value in Scott's Emulsion because it insures a flow of rich, nourishing milk for the baby. More and better than a medicine; Scott's Emulsion is a food.

Scott's Emulsion is not a mere extract, containing imaginary "active principles" which do not exist, but is full of actual nourishment which sustains vital force and builds up the body tissues more rapidly than any other known remedy.

We'll send you a sample free upon request. SCOTT & BOWNE, 409 Pearl Street, New York.

that there are several varieties of prunes.

Massachusetts is having a lot of trouble with her Democratic Governor-elect. It appears that there are several hundred babies claiming to be the "original Douglas baby."

In Boston's recent municipal election the most exciting question was, whether a man could be elected alderman while in jail. Some towns do it a little differently. They first elect the alderman and then send him to jail.

The latest census shows that there are only forty-nine boys to every fifty-one girls in Massachusetts. Smoot can make use of this in his defense before the senate.
