MOTHER HAD TO TAKE DAUGHTER OUT OF SCHOOL

Was Unable to Do Her Household Work — Gains Thirty-Five Pounds.

"I am one of the healthiest and happiest women in the state and I owe it all to Tanlac," was the statement made by Mrs. W. Uhlmann, a well known woman of Kansas City, Mo., who resides at No. 4446 Scarritt Ave.

"I suffered of nervous indigestion for a year and for the last three months of the time I was unable to do anything at all. I had to take my daughter out of high school to care for me and the house. Even a drink of water would sour on my stomach and cause the gasses to press up against my heart until I could hardly breathe. I did not dare eat anything for days at a time and fell off so I was almost skin and bones, and I became so weak and dizzy I could not walk without holding on to something for support.

"When I would have my worst spells the neighbors would have to come in and work with me and I would just gasp for breath. They thought I would die and I thought so, too. I tried all sorts of medicines but nothing gave me relief at all and I knew that I could not stand the attacks much longer.

"One day my husband brought me some Tanlac. I was so bad off I took four bottles before I could tell it was doing me much good. I have now taken thirteen bottles and my health is perfectly splendid. I have gained thirty-five pounds and many of my friends don't know me when they meet me. My appetite is fine and I eat ever thing without the slightest effects afterwards. My nerves are normal and I feel so strong and well I now do all the work required to take care of my family and our six room home without the slightest trouble. I want the public to know just what Tanlac has done for me because it may be the means of helping others back to health. If anyone will call on me or write me I will be glad to tell them about my case. I never intend to be without Tanlac as long as I live."

Tanlac is sold in Richmond by Clem Thistlethwaite; in Greensfork by C. D. Sorrine; in Cambridge City by Mr. Dean House; in Pershing by Sourbeer & Rodenberg; in Centerville by Centerville Pharmacy, and in Milton by W. L. Parkins.—Adv.

What Do Advertisements Mean to You?

Do you really appreciate what the advertisements mean to you? They are not there to flaunt this man's and that man's selfish plans for profit.

The advertisement of today is the honest merchant's or manufacturer's best method of multiplying by thousands of times an interesting message. He has learned from long experience—his own and that of others—that what he has to say must prove interesting and satisfactory to you, else it were better left unsaid. He has learned that his advertising will not pay him unless it tells you about good things that you really want to have.

This is why you will find it profitable to read the advertisements regularly. Perhaps you do. But read them with an appreciation of just what the development of honest, truthful advertising has meant in smoothing out some of the kinks of your daily routine.

Think how much they save you in time, steps, trouble and money in buying things you must have to live a healthy, happy, comfortable, modern life.
