We Do Some things
Much Better
Than Other People

FOR INSTANCE: We have the only Ladies’ Tailoring Department in Indiana with men tailors, metropolitan styles.

Gowns $40 And Upwards

ANOTHER INSTANCE: While the Kiser Bros. stock of Westend lasts it will be to your advantage to have us make you a Business Suit, as our price will be about ONE-HALF the regular merchant tailoring price.

Better Dressed
We believe it to be a fact—we state it modestly and with no spirit of humbugginess—assertion—that Indianapolis men are better dressed than men of a like class in most cities of the world. But we do not mean to say that the proportion of well-dressed men is greater here than any other place of equal population. In later years, the proportion of the well-dressed man is markedly increased. That is a result we believe is due in some measure to something in this city. This is our serious purpose. We seek to make gentlemens’s clothes and to do it at moderate prices. On this basis our trade comes. We hope to keep it coming. Are you with us?

BRASS BEDS
Brass and Iron Beds are becoming more and more popular, and I can now offer a nice line of Beds far below the former prices that it was necessary to get for these goods. I show in the window a Brass Bed at $18, the former price of which was $25. This is almost as cheap as an Iron Bed. Call and see the line.
