Ribbons

The Big Ribbon Sale

This will be a big Ribbon week at Wasson's. The big purchase has all arrived, and will be sold out to-morrow. They are the best in the world—none so fine. They look like hand-painted and embroidered, instead of being woven.

Two and three yards for the price you formerly paid for one is the way they will be sold. Here they are, from 2 inches to 6 inches wide. More Ribbons than room to display them in. Every link of the big department crowded with them. Sale begins to-morrow at 6:30.
