## DEAN SWEET GIVES NOON-DAY SERMON

Essential Nature of Man to Be Unchanged, He Says.

"In the midst of this changing world there are permanent elements which the world is going to continue to preserve as among those things necessary to life," Dean Sidney E. Sweet said in a Lenten address this noon at Christ Church.

"The essential nature of man is not going to be entirely altered in a moment. God will remain good in the face of all change and confusion. No matter what happens at a coming political election, or what evidence we see about us of the development of movements which seem to us subversive, there will still be in our world all that is necessary for life and the possibility of making life useful and worthwhile. Anchored to the permanent realities of life, we need not become over-anxious nor fearful of whatever change may come."

10 CENTS

## This story will interest many Men and Women

NOT long ago I was like some friends I have...low in spirits...run-down...out of sorts...tired easily and looked terrible. I knew I had no serious organic trouble so I reasoned sensibly...as my experience has since proven...that work, worry, colds and whatnot had just worn me down.

I had been listening to the S.S.S. Radio Program and began to wonder if my trouble was not lowered strength in my blood...I started a course of S.S.S. Tonic Treatment. At the end of ten days I noticed a change...I followed directions faithfully...a tablespoonful before each meal.

The color began to come back to my skin...I felt better...I no longer tired easily and soon I felt that those red-blood-cells were back to so-called fighting strength.

The confidence mother has always had in S.S.S., which is still her standby when she feels run-down...convinced me I ought to try this Treatment...it is great to feel strong again and like my old self.

**S.S.S. Tonic** has helped millions of people rebuild strength through their red-blood-cells

"Yes, I have come back to where I feel like myself again."

There is no guess work in the S.S.S. Tonic Treatment...decades of popular acceptance and enthusiastic words of praise by users themselves speak even louder than the scientific appraisal of the progressively improved S.S.S. product which has caused millions to say to their friends—"S.S.S. makes you feel like yourself again."

## BRIDES FREED; MATES HELD IN ROBBERY PROBE

Officers Assert Husbands Admit Robbing Two Filling Stations.

Two brides, one 18 and the other 16, were released by Municipal Judge Dewey Myers today, but their husbands were held on auto banditry and robbery charges.

When the four were arrested yesterday morning in an apartment at 1130 N. Illinois-st., both men were armed, according to officers. Police said the brides told them, at the time of arrest, they were planning to leave their husbands and go home.

They were not taken to jail Later, however, when they appeared at the jail to talk to their husbands, they were detained. Through tears, Mrs. Hoff told her husband to confess and he did, police said. Padgett, seeing the typed confession, confessed also, officers said.
