

TO GO ON BOOSTER TRIP TO STIR UP JULY 4 INTEREST

Definite plans are made for the "booster" trip to be made by the business men of Richmond Monday to extend a welcome to the neighboring communities to attend the Fourth of July celebration to be given in Richmond.

According to the plans, those making the trip on Monday will meet at the postoffice at 1 o'clock Monday afternoon to cover an itinerary which is being arranged by Fred Bethard, chairman of the booster trip committee. It is hoped to secure the services of the American Legion band for the trip and to give a short concert in each community along the way. The members will make a short stop in each town and there will be speeches by Elmer Eggenmeyer and other members of the committee.

Distribute Printed Cards Printed cards were placed in the hands of Richmond business men Friday afternoon, which must be turned in to Fred Bethard by 6 o'clock Friday night. Those who do not receive cards are requested to call Mr. Bethard. The card reads as follows: Fred Bethard, Booster Trip Chairman. Dear Fred:

Yes, you know you can count on me to show the Get-together Community Spirit. I'll go on the trip and will meet you at the postoffice corner on Monday. Just let me know the time. We'll let the neighboring communities know Richmond is to have a great 4th of July celebration and give them a cordial invitation to join with us. Glad you have a hand.

Signed: Phone Hop on! Get quick action! work together! We have buried "George" so HE can't do it. Pin a dollar to this card to cover expense.

FRED BETHARD, Chairman. All people with cars are invited to make the trip and, the committee hopes that each car will be filled with people. Mr. Bethard will arrange all the details of the trip such as decorations, etc.

TAKE INITIAL STEPS TO PREPARE RULES FOR WATER SERVICE

Everyone appreciates the importance of an adequate water supply for a community, free from contamination, with sufficient pressure to meet demands for domestic and fire service, and as free from interruptions as possible.

The public service commission, cooperating with the state board of health, has taken initial steps to prepare rules and standards of service for water utilities which will require such utilities to furnish safe, sufficient and adequate service to their consumers.

A general committee was appointed in April representing the commission, the state board of health, the state fire marshal, the attorney general, women's organizations, Indiana and Purdue universities, business men, and private and municipal utilities.

E. J. Burris, superintendent of public instruction, is chairman and Mrs. Edmund D. Ball, of Muncie, is vice-chairman. Sub-committees were selected to take up different phases of service, such as equipment, pressure, distribution, quality, extension, etc.

Prepares Rules. These sub-committees have prepared sets of proposed standards and two meetings have been held in Indianapolis to discuss the reports. A final compilation is now being prepared, and in October a meeting will be called to complete the work.

This state is a pioneer on such standardization, and other commissions are making inquiry for information.

Previous to the creation of the Public Service Commission, it was difficult, if not impossible, to solve many of the problems that arose regarding water supplies and service, but under these two boards, which are actively co-operating, the consumers are insured of service that is adequate, and sanitary, and at a price that is consistent with such requirements.

TWO SHOP MEETINGS HELD AT NOON TODAY

Two noon shop meetings were held Friday under the auspices of the Y. M. C. A., one at the Starr piano company's plant and the other at the Dille-McGuire Lawn Mower factory.

Approximately 50 men heard the talk made by the Rev. A. H. Backus, pastor of the Grace M. E. church, at the meeting at the Starr piano company. Music was furnished by Miss Myra Cox, pianist, and Miss Marguerite Decker, cellist.

Fred Myers spoke at the Dille-McGuire factory meeting and Earl Darnley played a cornet solo. About 41 men attended this meeting.

With the close of this month, the shop meetings will be closed for the summer, but will be started again early in September, according to Bradford Harrison, who has the meetings in charge. The meetings have been very successful in the estimation of Mr. Harrison.

Grace Church to Receive New Members Tonight

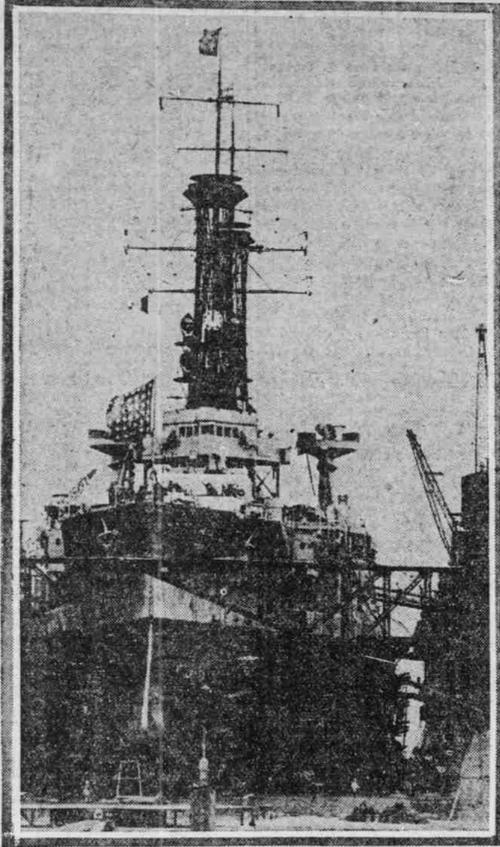

A reception for the new members of the Grace M. E. church will be held at the church Friday night. The new members will be given a welcome into the ranks of the congregation by Fillmore Riggs. A response will be made by Frank Strayer, Dr. Somerville Light, superintendent of the Richmond district of the Methodist church, will give an address on the subject of "The Significance of Membership in the Methodist Episcopal Church." Refreshments will be served.

The first quarterly conference of Grace M. E. church also will be held.

TO CHARTER STEAMSHIP TO GO TO CONVENTION

PROVIDENCE, R. I., June 23.—More than 250 American Legionnaires in Rhode Island are already making plans to attend the national Legion convention in New Orleans in October. Rhode Island Legion men will join with those of other New England states in chartering a steamship to take them to the old southern city.

U. S. S. UTAH IN BRITISH DRYDOCK.

The U. S. S. Utah, one of America's largest battle ships, resting in the world's largest drydock at Portsmouth, England, where she is undergoing repairs.

Prominent Democrats Here Monday Night

Charles Hack, Sixth district Democratic chairman; James A. Clifton, of Connersville, and Fred Baker, of Indianapolis, will attend the meeting of Democratic workers to be held in the assembly room of the K. of P. building at 7:30 o'clock Monday evening.

Precinct committee workers, both men and women, and other persons interested are requested to attend.

POSTOFFICES TO GET MEDICAL EQUIPMENT

If the report that postoffices in the United States employing 25 or more persons are to be equipped with medical supplies, is correct, the Richmond office, employing approximately 50 persons, will soon possess a "kit."

An announcement from the post-office department says the division of equipment and supplies will send out this week 1,800 boxes and 115 chests containing material for first aid relief. One unit will go to every postoffice employing from 25 to 100 people; three units to offices having 100 to 200 employees; five units for offices from 200 to 500 and 10 units for offices having more than 500 employees. The 115 chests will go to the larger cities.

Each unit will contain the following articles: one case of instruments, wire splints, 10,000 compound cathartic pills, 10 tubes of iodine, one-third pound aromatic spirits of ammonia, one dozen safety pins, one tourniquet, 1,000 tablets of bicarbonate of soda, 12 gauze bandages in three sizes, one dozen yards of sterile gauze and six packages of absorbent cotton.

Judge Britt Appointed Prohibition Counsellor

(By Associated Press) WASHINGTON, June 23.—J. J. Britt, Asheville, former member of the house from North Carolina has assumed the duties of counsellor for the prohibition unit. His appointment by Commissioner Blair upon recommendation of Prohibition Commissioner Haynes is designed to relieve the office of the internal revenue solicitor of the press of liquor law cases.

"All of the matters pertaining to the law division and the chief counsellor's division of the prohibition unit will come directly under the supervision of Judge Britt," said an announcement by Commissioner Haynes.

London's Young Women Introduce Pipe-Smoking

(By Associated Press) LONDON, June 23.—London's smart young women have introduced the fashion of pipe smoking at restaurants and cafes. The pipes usually are small and of rich briar or meerschaum with slender stems and gold rims. Virgin tobacco flavored with attar of roses or some Oriental perfume is favored.

The girls say they prefer pipe smoking to cigarettes because it is cooler and cleaner and does not stain the hands as cigarettes do. One society woman has a predilection for cigars and is not shy about smoking them in public places.

STREAMS FROM FIRE HOSE TURNED ON UNRULY CROWDS

(By Associated Press) MEMPHIS, Tenn., June 23.—Streams from a number of lines of fire hose were turned on unruly crowds which stormed the gates of the new municipal swimming pool here last night after police reserves had exhausted other means of securing order. The crowd took its premature wetting good naturedly and awaited its turn for an admittance to the grounds.

RUSSIAN DELEGATE TRAVELS BY AIRPLANE

(By Associated Press) LONDON, June 23.—M. Krestinsky, one of the Russian delegates to the Hague conference, has arrived at Spandau, after a non-stop airplane flight from Moscow, according to a dispatch to the Morning Post. The distance is 1,000 miles. M. Krestinsky, who is the Russian commissary of finances, was accompanied by three attendants.

PROPOSES BONUS NOT PAID TO VETS WITH \$2,000 INCOME

WASHINGTON, D. C., June 23.—An amendment to the Soldiers' Bonus bill under which no person having an income of \$2,000 or more a year could become a beneficiary under the measure was offered today by Senator Williams, Democrat, Mississippi.

Short News of City

Nezezon Trial Saturday—Trial of the case of Joe Nezezon, recently arrested on a charge of violation of the liquor law, will be held in police court Saturday morning.

Licensed to Wed—Thomas Carey, formerly a telegraph operator of this city and later a traveling evangelist, obtained a license to wed Mrs. Martha Cramer at the county clerk's office late Thursday. Carey lives at Cedar Lake.

Will Install Officers—Officers of DeMolay, fraternal order for sons of Masons, will be installed Friday night at a special meeting of the charter members in Room 306 of the K. of P. hall. All members are urged to attend the installation.

Two Small Fires—Two small fires broke out Friday afternoon. A small blaze on the trestles on the C. and O. railroad, was soon put out by the fire department, and a grass fire at West Seventh and Richmond avenue was checked.

HICKS' PUPILS GIVE VIOLIN RECITAL

A finished and genuinely musical recital was that of the violin pupils of Frederick K. Hicks, given Thursday evening in Morton high school auditorium before one of the largest and most appreciative recital audiences of the season. The performances of every pupil was that of an artist, each bringing out good style and tone.

A splendid opening was the "Scene de Ballet, Fantasia" (de Berlioz), played by Miss Helen Adleman. The performance of Miss Marie Manous, who played "Romance" (Wieniawski) showed much feeling and was characterized by great intensity.

Lloyd Outland, who played "Sohn der Hiade," a difficult original composition by Keler-Belo, showed much temperament and adaptability. A serious number, "Sonata—E Major" (Haendel) was remarkably well executed by Miss Irene Jarra, who brought out the style of the composition to advantage.

Another serious number, Legende Op. 17, was played by Miss Mary Jones with much refinement. Miss Bernice Richards played a very difficult composition with a perfect technique and handled passages requiring much playing ability with an easy, masterful control.

The last number, very technical, containing much running scale work, harmonics and spicato bowing, was executed by Miss Charlotte Colvin with a great deal of poise. Miss Colvin brought out an unusually sweet tone with refinement and virtuosity.

Mrs. F. W. Krueger, soprano, sang two very pleasing numbers. Her range was wide and she carried the melodies with a clear, high, sweet voice.

Urge U. S. Reformatory On Military Reservation

(By Associated Press) WASHINGTON, June 23.—A bill authorizing the attorney general to select on the military reservation at Camp Grant, Ill., a site for a United States reformatory for confinement of males between the ages of 17 and 30, convicted of offenses against the United States, has been introduced by Representative Foster, Republican, Ohio. The attorney general would have authority under the bill to transfer prisoners eligible for the reformatory from other federal prisons.

ARBITRATION BY U.S. OF CHILEAN-PERUVIAN TROUBLES IS FAVORED

(By Associated Press) WASHINGTON, June 23.—A compromise plan by which the United States would arbitrate the difficulties arising from fulfillment of the Tacna-Arica clause of the treaty of Ancon appeared today to be gaining favor among both Chilean and Peruvian representatives in the Washington conference.

On the side of Chile there were indications that the plan already had received informal approval among some high officials, although the final decision regarding it must await a more formal stage of the negotiations.

The Peruvians were without decisive instructions from Lima but they appeared generally optimistic over the prospect. It was said they might be in a position to take more definite steps before the day was over. After the receipt of instructions authorizing him to act for his government in accepting such a solution as would provide for a just settlement of the question, Chilean Ambassador Mathieu took steps to confer with Secretary Hughes at the state department during the day, presumably to advise him of the stand of the Santiago officials and to receive any further suggestions the secretary might have to make.

Maintains Silence Meantime the department itself maintained its silence over the situation, officials even declining to accept any sponsorship for the compromise plan evolved after Mr. Hughes had talked with both sides. In other quarters it was explained that the secretary had not formulated the compromise plan in definite terms, although those who conferred with him had come away with a clear idea of what solution he thought might be found acceptable to both sides.

It was indicated as the intention to keep the negotiations in this informal and unofficial stage until both the Chileans and the Peruvians had shown their readiness to accept the compromise solution put forward. This having been accomplished the secretary is expected in Chilean and Peruvian quarters to exercise his good offices in a more direct manner, putting his suggested solution into writing and receiving the informal acquiescence of both sides.

Having this process will require uncertainty but conference officials believe the whole negotiations may be concluded before the end of next week. A joint meeting of the Chilean-Peruvian conference may be held on Monday or Tuesday to receive formally the American proposal although that point also is yet to be decided.

ARMIES OF EUROPE INCREASED MILLION SINCE 1914, CLAIM

(By Associated Press) WASHINGTON, June 23.—Germany laid before the Genoa Conference figures showing that there are today under arms in Europe nearly a million more soldiers than there were when it was on the verge of the World war in 1913. According to the German statement which has just reached Washington there are now in Europe a grand total of 4,736,000 men under arms compared with 3,726,441 in the year 1913.

While the mighty German army of 750,000 men of 1913 shrunk to the 100,000 soldiers allowed by the Versailles Treaty, the French army which in that year numbered 883,000, this year stands at 880,000. Greece's army has increased from 40,000 to 300,000 and Belgium's from 54,641 to 113,400, the statement shows. Russia's vast army, which in 1913 numbered 1,845,000 now is rated at 1,600,000 men. England shows a slight increase from 248,000 to 277,000, while Italy reduced her forces from 275,000 to 246,000.

New armies appear in the German statement. Poland, for instance, an unknown power in 1913, is now appearing with an army of 300,000 men. There is Estonia with 25,000, Finland with 25,000, Lettonia with 25,000, Lithuania with 25,000 and Czechoslovakia with 250,000, all unknown as military forces before the World war.

Finally it was shown to the Genoa Conference that while in the year 1913 the German army comprised 20 per cent of the total armies of Europe compared with 23 per cent for France, at present the German percentage is but 2 against 18 1/2 per cent for France.

K. OF C. INITIATION TO BE HELD SUNDAY

Initiation of the first degree candidates for the Knights of Columbus will be held in the K. of C. hall at Fifth and Main streets Sunday morning at 8:30 o'clock.

High mass will be held Sunday morning at 10 o'clock in St. Andrew's Catholic church. The initiation proper will be held in the Odd Fellow's hall.

Delegates are expected from Muncie, Connersville, Brookville, Cambridge City and Greenville, Ohio. Twenty candidates will be initiated from Connersville.

Large Penny Delegation Expected to Go on Picnic

Nearly 200 members of the Penny Athletic association and their families are expected to attend the picnic which will be held two miles south of Eaton, Ohio, Saturday afternoon. A special train will be chartered to take most of the delegation down, while many will go by automobile. Games and entertainment of all sorts will be available for all who make the trip. The train will wait to bring the picnic crowd back.

TO REORGANIZE CLEVELAND INDIANS NEXT WEDNESDAY

CLEVELAND, Ohio, June 23.—The directors of the Cleveland baseball club will hold a reorganization meeting here next Wednesday. It is expected that E. S. Barnard will be named president and Tris Speaker continued as manager in accordance with the wishes of the late James C. Dunn, who had control of the club.

PENNSYLVANIA'S NEW WOMAN POLITICIAN WORKING TO ELECT PINCHOT GOVERNOR

Mrs. Barclay H. Warburton, who has become the strongest woman political "boss" in Pennsylvania, is campaigning in the interest of Gifford Pinchot, G. O. P. candidate for governor. Mrs. Warburton is rallying the support of the women voters to the Pinchot standard. She is president of the Emergency Aid to the Keystone state and a vice chairman of the Pennsylvania state Republican committee. Mrs. Warburton has rapidly become the leader of the feminine wing of the Republican party in Pennsylvania.

Mrs. Barclay H. Warburton.

Denies Human Glands Used In Operation on McCormick

(By Associated Press) CHICAGO, June 23.—Denial that human glands were used in the recent operation on Harold F. McCormick, chairman of the board of directors of the International Harvester company, was made today by Doctor Victor S. Spinus, the operating surgeon. Dr. Spinus refused to state what glands were used or further to explain the operation.

PHILIPPINE HANDLING OF SUGAR IS NEARING HAWAIIAN STANDARD

(By Associated Press) MANILA, P. I., June 23.—Efficiency of the sugar centrals in the Philippine Islands is approaching the Hawaiian standard, according to records in the office of the Philippine Sugar Central agency on the six centrals controlled by the Philippine National bank in the Island of Negros.

E. W. Kopke, supervising chemist of the agency, who has returned to Manila from a four months' stay in Negros, where the bank's centrals are located said:

"The average number of tons of cane per ton of sugar at the bank's six centrals is 8:53, compared with the average of 8:61 for Hawaii in 1921. The average factory efficiency for five of these centrals for the season is 91.8. This is a very favorable record when all the conditions are considered. Our milling results are somewhat below those in Hawaii, but the boiling-house recovery compares favorably with results in Hawaii. The degree of exhaustion of final molasses is 38.5 for Hawaii and our mills are on a par with this record."

"There is less ash in Philippine cane juices and sugar than there is in those of Hawaii, which gives our sugar better refining characteristics. Hawaiian cane averages eighteen per cent more fiber per ton of cane than our cane, but practically all our centrals have been able to get along without additional fuel."

"The planters are co-operating with us heartily in every way which is especially important in its bearing on future production and increased production per acre under cultivation. Twenty-five experimental fields are now under the supervision of the bureau of science where problems of fertilizing, etc., are being solved."

A PRETTY APRON MODEL

3995. Not only for "grown ups" but for little folks too has Fashion decreed that aprons are in vogue. This design makes a splendid play apron, in crash, calico, cretonne or cambric. Scalloped bands of organdy are used as trimming; in this illustration, but one may have rick-rack or feather stitching color.

The pattern is cut in four sizes: 4, 6, 8 and 10 years. A 6-year-size requires 1 1/4 yards of 27-inch material. Name Address City Size

A pattern of this illustration mailed to any address on receipt of 12 cents in silver or stamps. Address Pattern Department Palladium

Patterns will be mailed to your address within one week.

CRIME DIMINISHING IN RURAL DISTRICTS OF NEW YORK STATE

ST. LOUIS, Mo., June 23.—After five years of work on the part of the New York state police, records of the New York secretary of state indicate that "crime has diminished in the rural districts of New York state more than one third." Lieut. A. B. Moore of the New York State Police told the convention of the Illinois Bankers association here today. He added that the state police "has made approximately one third of the arrests made in the state with the exception of New York city for the year 1921."

The force, according to Lieut. Moore, has a total complement of 356. The lieutenant reported the percentage of conviction to arrests by troopers as approximately ninety-two.

"It is a noteworthy fact," said Lieut. Moore, "that New York is one of the largest industrial centers in the United States, and that during the last five years when industrial troubles have been at their height there has been no cause to call upon either the federal troops or the national guardmen to handle the situation. Our policy in industrial disputes is to enforce the law as it is written without fear and without favor. We do NOT stop strikes nor in any way enter into their controversy."

"Tramps have been practically eliminated from the rural districts. The problem of smuggling liquor along the Canadian border has been carefully gone into and investigation shows that whatever liquor comes from that direction is evidently going via some other route than our highways."

"In New York state we have been troubled very little with the so-called bank bandit or bank burglar, there having been in the last year and a half only two cases reported to this department wherein an attempt was made to hold up or burglarize a bank. The force has been maintained at a cost of a little more than \$7 a day per man."

USE OF FIREWORKS LIMITED BY RULING

Fireworks to be used by the populace in celebration of July Fourth will be limited to small firecrackers, sparklers and other apparatus of a mild nature, according to the mandate issued by Chief of Police Eversman, Friday. The message takes the form of a reproduction of an ordinance passed June 27, 1919, and is as follows:

"Section 1. That no person, firm or corporation shall, within the city of Richmond, Ind., sell, offer for sale, or have in his or its possession or custody any grasshopper fireworks, spitdevils, hot-air balloons or paper balloons, paper caps, toy pistols, cannon crackers more than five inches long and one inch through, blank cartridges, blank cartridge pistols or repeating canes."

"Sec. 2. No person or persons shall send up or aloft any hot-air balloon or paper balloon, and no person or persons shall fire or explode any grasshopper fireworks, spitdevils, paper caps, toy pistols, cannon crackers more than five inches long and one inch through, blank cartridges, blank cartridge pistols, repeating canes or canan, or piping filled with powder, within said city of Richmond."

"Sec. 3. Any person violating the above will, upon conviction thereof, be fined in any sum not to exceed \$25.00."

"The ordinance will be strictly enforced," said Chief Eversman, Friday.

CHASE "LEATHERNECK" TO GIVE HIM HONORS

LOS ANGELES, Cal., June 23.—For several months the government has been chasing George T. Johnson, an ex-marine, around the country, trying to present him with a roll of citations and other official papers due him for his war services. The former "leatherneck" has at last been found by the Los Angeles, Cal., post of the American Legion.

"I can't play marbles any longer, Pety, because I know that we are going to have Kellogg's Corn Flakes for our lunch at our house!"

Let Kellogg's tell you the real Corn Flake story

Of all the good things to eat, not one will afford you more delight than Kellogg's Corn Flakes! In flavor and crispness, Kellogg's are the most fascinating cereal food you ever put in your mouth! And, you'll prove that to be a fact just as quickly as you try some!

Children insist upon Kellogg's, for Kellogg's are never tough or leathery; they're just like they come out of the Kellogg ovens! And, Kellogg flavor appeals to the little folks just as it does to every member of your family!

Don't put off this wonder-treat! Order Kellogg's Corn Flakes for tomorrow's breakfast!

Be certain you get KELLOGG'S—those delicious Corn Flakes in the RED and GREEN package. It bears the signature of W. K. Kellogg, originator of Toasted Corn Flakes. NONE ARE GENUINE WITHOUT IT!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLER and KELLOGG'S BRAN, cooked and krumblen.
